President's Message

RSET institutes forge ahead despite the pandemic

Dear Reader,

Warm Greetings for the New Year!

The worldwide Pandemic of Corona Virus has posed new challenges for all stake holders in the society. We at the education sector are moving forward gradually and taking steps as per the rules and guidelines declared by the Government from time to time for admission, teaching, evaluation methods as well as conduction of various extra-curricular activities to make the academic environment conducive for students without their physical presence in the campus.

The COVID-19 induced lockdown affected classroom teaching and assessment methodologies. However, this gap was rapidly filled by e-learning as schools, colleges and educational institutions were quick to shift teaching and learning through online platform. We at Rajasthani Sammelan Education Trust (RSET) also opted quickly for virtual coaching platforms by giving suitable training to the teachers through IT Department. Side by side our institutions also organized many extra-curricular activities through online mode.

Regular lectures were conducted on the Google Meet Platform by all institutions in the months of October and November. Colleges affiliated to Mumbai University successfully conducted regular, additional and ATKT exams in December using the online examination application - Eklavya. Online Examination training session for schools was given by Shri Ashish Dutta of GOLD Academy.

Our schools have made us feel proud by their high ranking as per the Times School Survey 2020. Mainadevi Bajaj International School (MBIS) has been ranked 1st in Zone D and 5th in Mumbai among schools with international curriculum as per Times School Survey 2020. MBIS was among the first schools in India to begin online learning for its students when educational institutions closed down in March 2020. Throughout the year, the school carried out a campaign to collect food for the needy. This project, which is part of the UN's Zero Hunger millennium development goal, was organised in collaboration with Mumbai Roti Bank. It was heartening to see the amount of food grains and other provisions that the students of MBIS from Nursery to Grade 12 managed to collect despite the restrictions.

Other schools of RSET also excelled in academics as well as extra-curricular activities. Ramniwas Bajaj English High School ranked 5th in Zone D and 21st in Mumbai for Top schools with National Curriculum and Kudilal Govindram Seksaria English School ranked as 8th Best School with State Board Curriculum in Mumbai as per Times School Survey 2020. Ramniwas Bajaj English High School has been a member of EUMIND (Europe meets India) from the academic year 2018- 19. Since then, every year a group of students of the school participated in preparing international projects with some European school and interacted with them on Skype. The students involved in the projects have been awarded Certificate of Excellence for the past two years by the International Jury who assessed the projects.

I am pleased to state that we have started Nalini Shah Music Academy (NSMA) from this academic year which is running successfully with

Ashok M. Saraf, President, RSET

online vocal and instrumental music classes. NSMA is affiliated to Bharatiya Sangeet Vidya Vihar (BSVV), Kolkata and Pracheen Kala Kendra (PKK), Chandigarh for Hindustani Classical vocal and instrumental music. The Academy follows the syllabus of Trinity College of London (Music) for Western Instruments like Guitar, Keyboard, Drum and Octapad. Our special thanks to Shri Harish Shah & Smt. Bina Shah for their handsome donations to start the Music Academy.

To celebrate the 150th birth anniversary of Father of the Nation- Mahatma Gandhi, a series of events were organized by all institutions of RSET in the month of October. A special mention can be made of an online lecture on Zoom platform organized by Deviprasad Goenka Management College of Media Studies of Shri Tushar Gandhi, the great grandson of Mahatma Gandhi who is the Director of The Gandhi Research Foundation in Jalgaon, Maharashtra. In his talk Shri Tushar Gandhi emphasised the importance of basic media strategies used by 'Bapu' for protests and reforms. In the month of October, the birth anniversary of Dr. APJ Abdul Kalam was also celebrated by schools and colleges as 'Vaachan Purna Diwas' or 'Inspire to Read Day'.

Before I end, I express my gratitude to all our Donors - past and present who have supported our Trust over the decades through their philanthropy and have helped us to move forward in our educational journey. I also convey my compliments to our Principals, Faculty, Staff and Students for accepting the challenge of doing everything digitally- be it admission, teaching, examination, assessment and extra-curricular activities.

Lockdown brings variety to learning at RSET

Dear Reader,

Warm Greetings for the Year 2021.

Nothing great can be achieved by any individual without enthusiasm and interest. To generate enthusiasm, one requires deep interest, involvement, dedication and commitment towards whatever one is doing and whatever one wishes to achieve. With great devotion, dedication and enthusiasm, we at Rajasthan Sammelan Education Trust have embarked on the journey of our educational endeavors. We have faced many challenges and impediments, but have been successful in imparting quality education from Pre-School to Post Graduation, specially in Management and Media Studies.

Continuous lockdown of educational institutions right from middle of March, 2020 till date has been real challenge for the Management and institutions. However, with the help of IT Department of RSET, teachers were given training, as early as in last week of March, 2020 to start teaching process online. In the academic year 2020-21, our institutions continued all the activities through online platform that included admissions, teaching, examinations and conduction of extra-curricular activities.

Kunjibhari S. Goyal Online Academy (GOLD Academy) conducted subjective and MCQ type Online Tests for ATKT and mid-term internal exams for the students of Deviprasad Goenka Management College of Media Studies (DGMC) and Durgadevi Saraf Institute of Management Studies (DSIMS) on its Learning Management System (LMS). A total number of 39 online examinations were conducted successfully by GOLD Academy between October and December, 2020. The faculty of Ghanshyamdas Saraf College (GSCC) of B.Com and Self-Financed courses successfully held regular, additional and ATKT examinations for F.Y., S.Y., T.Y. & M.Com students in December, 2020 using online examination application – 'Eklavya'.

Lockdown period was also utilized by many universities and institutions for offering free online courses. Students of FY B.Com of Ghanshyamdas Saraf College completed online course on 'Body Language', 'A Key to Professional Success' and 'Developing Soft Skills and Personality' offered by IIT Roorkee and IIT Kanpur respectively as a part of SWAYAM – an initiative of Ministry of Human Resource Development, Government of India. DSIMS also offered 744 online 'Coursera Courses' free of cost to all students and faculty across the world. Total 197 students were enrolled in these courses and were successfully completed with different specializations to make best of the Pandemic situation.

To celebrate 150th Birth Anniversary of Mahatma Gandhi - Father of the Nation, all the institutions organized various events in the month of October. DGMC held a series of events under the theme 'Gandhi - Then and Now'. A Tree Plantation Drive was organized by NSS volunteers of GSCC between 2nd to 9th October, 2020. Rotaract Club members of GSCC carried out a cleanliness drive on Silver Beach, Madh Island on the occasion of Gandhi Jayanti. The NSS volunteers of Ladhidevi Ramdhar Maheshwari Night College of Commerce participated in a webinar organized by NSS Department of University of Mumbai to celebrate Gandhi Jayanti.

Although there was complete lockdown in the campus, students of

Kailash Kejriwal, Hon. Secretary, RSET

Durgadevi Saraf Junior College participated in a virtual inter-collegiate sports competition organized by Smt.T.S. Bafna Junior College of Arts and Commerce and Shri M.D. Shah Mahila College of Arts and Commerce on 20th December, 2020 and won many prizes in various categories such as Push-ups, Sit-ups, Squats and Plank. Prabodhan Krida Bhavan organized Avengers Champions Kho-Kho Trophy competition from 22nd December to 25th December, 2020 in which students of DSJC won gold and silver medals. Some students participated in Skipping and Chess competition and received participation certificates.

The lockdown period was also utilised by students of some institutions for outreach programmes. Under Project Sahyog, DSIMS and DSGS started a fundraising camp for "Mumbai Dabbavalas" to provide "Dry Ration kits" to support Dabbavalas family. The teachers of RBHS celebrated Christmas in a unique way by donating for providing meals to 50 elderly people under the 'Meals to Heal [Annadaanam]' programme in association with IDF. The school also took up the 'Cover of Compassion' drive which helped collect 1250 blankets to provide for the have-nots in the cold, hilly regions of Bihar.

The present academic year is going on and the universities, colleges and schools need proper guidelines before resuming activities in the campuses. As per directives of Mumbai University, institutions should plan to open campuses in phases from 15th February, 2021. The institutions should ensure that not more than 50% of the total students are present in the campus in a day.

With all sincerity and dedication, we are continuously moving forward in our educational endeavours. We solicit co-operation and support of our Donors, Trustees, Members and well-wishers to make significant progress in our mission.

Quality online learning at RSET

Dear Reader,

The months of October, November and December 2020 were filled with lot of happenings and we at RSET were busy in planning, coordinating and executing all the academic activities of the institutions from KG to PG. Acceptance of online education is growing as new e-Learning trend. We have seen more student engagement and collaboration during this quarter which has resulted in personalisation of learning. There are distinct advantages of the online T-L process which have been exploited by us to maximum extent and has benefitted the students most. The activities of the RSET have been covered under the following heads:-

Academics

In addition to the non-teaching staff, the teaching staff too resumed working from our Schools and Colleges, effective 1st week of October, as per the laid down policies of the Education Board/Govt of Maharashtra/Mumbai University etc. Lectures for students were conducted on online platform from our Campus. Each school/College/Institute have kept a detailed record of the online lectures taken by the teachers. One of the greatest exploitation of the online teaching – learning process is the extensive usage of the quality Webinars on various interesting topics like “Intellectual Property Rights”, Spreading awareness on HIV/AIDS transmission and precautions to be taken”, “celebrations of the various events”, “Observing Constitution Day” “ IPL Diaries” etc. These webinars were attended by our staff and Students as well. There were large number of International and National Webinars which have benefitted in enhancing the knowledge amongst the students. The first Eumind [Europe meets India] VC with the Netherland School, Berlage Lyceum was held in December wherein the students discussed various aspects of their project Go Green.

Examinations

We at RSET have successfully conducted regular and additional examinations for various streams using the online examination modules. Both, our GOLD Academy and the IT Team has been instrumental in conducting these exams smoothly and flawlessly. One of our college was the main centre to conduct the H.S.C. Board Examination (Science) and

was allotted 188 students. College successfully organized the board examinations for Science faculty.

Admissions

We at RSET are very happy to share with our readers that all our schools and colleges are in great demand and our admissions are full. Due to Pandemic, though the fresh admissions in both the Hostels (Boys' Hostel and Women's Hostel) is a bit of challenge our existing hostel students are renewing their admissions.

NCC/NSS/Rotaract Club

The volunteers of the NCC, NSS and Rotaract Club were kept engaged in plethora of virtual activities like attending quiz competitions, taking pledge on Rashtriya Ekata Diwas, helping underprivileged students, awareness programme on “World mental health day”, active participation in “Best out of Waste” initiative, attending webinars and lectures related with the respective fields and all training related activities. They have taken part in real time activities also, like cleanliness drive on Silver Beach, Madh Island. Soft Skill development was also undertaken for these students.

Parent Teacher Meetings

Parents and Teachers Meetings are an excellent feedback system for the smooth functioning of the schools. We have used various platforms like the Google meet/Zoom/Etc. to conduct the PTM's and our teachers discussed the overall progress of the students. Detailed Information regarding all the academic activities were also discussed. The queries, difficulties and grievance of parents were learned and answered to the utmost satisfaction of the parents.

Festivals

Though the Pandemic may have dampened the festive vibes there was no let go in keeping the spirits high through virtual means. The Navratri, “Raas Garba and Diwali Celebrations were organised on various digital media including You Tube. Our talented students took part in games and competitions and demonstrated their “Josh” to the fullest extent. To motivate them the prizes were awarded in different categories of the competitions.

Sports

In normal times, our Sports Academy (PDSA) which is located inside the RSET Campus, offers various sports facilities like Tennis, Basketball, Box-cricket, Football, Volleyball etc. Due to continuous lockdown of educational institutions, we were unable to utilise this resource fully. However, students of our Schools/Colleges participated in a virtual competitions and won many prizes in various categories. One such event was a virtual Sports Quiz Competition under the “Fit India Movement” of the Central Govt where our students have participated and won prizes. To boost the morale of our sports students, PDSA Staff took regular online sports classes and sent good videos covering various concepts related to physical activity and health.

Hostels

Our Boys's and Women's Hostels are occupied by both Indian and foreign students a from 12 different countries. Most of the foreign students are studying in the institutions of higher education of RSET. During Covid-19 pandemic, most of the foreign students have stayed back and were looked after by the Hostel Staff. The Management provided all state of art facilities to make them feel safe and secure in the hostel.

Sanitisation

We at RSET are ensuring that the temperature of every one coming to the Campus is mandatorily recorded and all the Institutes are fully sanitised on weekly basis.

In the end I would like to inform all the readers that RSET management has stood firmly with all its employees' well-being during this difficult period and in turn, employees have given their best to ensure that all the Institutional activities are performed smoothly and successfully.

Message From Director of Schools

Cultivating a meditative mind in the pandemic

While nurturing our minds and bodies has been a theme in eastern thought over the millennia and many practice it even today, in this time of pandemic, when maintaining equanimity has been a challenge to the young and the old, this aspect of our ancient learning has assumed a great significance. If we look at the statistics pertaining to mental illnesses, suicides, divorces and abuse during this period we can see a staggering increase over the past years. And given this sad addition to the destruction caused by the pandemic itself, it is not surprising that spiritual gurus, yoga teachers and classes as well as psychiatrists are having a very busy time. It is a minor aside that they are also making a lot of money.

The point to be rued under this circumstance is the manner in which the human mind tends towards these options only when faced with a crisis. But the problem with this approach is that by the time we have hit the age of around 35 years, our bodies are so hard wired and programmed to habit that breaking out of it and exploring something new becomes not only challenging but also scary. Dr Joe Dispenza, the proponent of Impact Theory, highlights this point by saying that when 95 per cent of your body is hard-wired to all the experiences you have had by the age of 35, and then when 5 per cent of your mind and body tries to turn it around, you have a serious problem. That is because first we have to unlearn what we have learnt to be able to begin anew. Rabindranath Tagore spoke of 'the dreary sand of dead habit' that makes change challenging and that makes us repeatedly do the same thing till we are dead, unable to introduce any newness in our lives.

So what is it that prevents us from looking at the obvious mental and physical damage that we have been doing to our bodies till we are faced with a crisis? Even if we live in this crowded metropolis, having been born and brought up in the tropics, all of us have some understanding of plant life. We know that when that pot containing the marigold plant becomes crowded with roots, when the soil loses its fertility and when the plant can no longer breathe freely, it will surely stop flowering at first and then wither and die. Much before this happens we know that it is time to rejuvenate the plant. It is time to aerate it, to fertilize it and, at times, even to uproot it, reduce the jungle of roots and to transplant it.

When this basic understanding of how plant life works is clear in our minds, why are we unable to transplant this knowledge and apply it to ourselves? Over our lifetime we contaminate our body with polluted air, and sometimes this is circumstantial and we cannot help it. But surely we can do something about the food we eat, its quality and quantity? And what about the slothful living habits due to which we are unable to do adequate amount of exercise? When genetics came into being and became the buzz-word of scientific talk, it was suggested that you have little control over what becomes of your body and that this is determined by genes and inheritance. Over the years this premise has been revised and now it is recognized that if you acquire a bodily malady, genetics contributes to only 3 per cent of such cases and up to 97 per cent of the cause is the manner in which we have lived our lives.

In the present context, what has become more important than paying attention to the body is what we do with our minds. Our minds are so jam

Nitin Padte, Director of Schools, RSET

packed with thoughts and we are adding more to these thoughts every day. The electronic media that includes mobiles, laptops and television make sure that we are not left with a single waking moment of peace and quiet. Research indicates that we get up to 75,000 thoughts per day. And, surprisingly, almost all these thoughts are the same as the ones you got the previous day. Look at the thoughts that you get as soon as you are awake and funnily enough you will find that most of them, on a normal day, are the same as the day before and the days before that. Unfortunately these thoughts, many of them to do with triggering off the stress hormones in our bodies, are not harmless entities. They trigger off emotions often to do with anxiety, worry, pain, competition, envy and jealousy and affect us deeply.

So what is the response to worries over an unhealthy body that may fall prey to some flu or the other and a mind that is suffused with thoughts that cause mental suffering? At Sahyadri school, which is a residential school located outside Pune, each evening the entire school community climbs the meditation hill. No one speaks for a period of time. In that silence they seek the slowing down of their minds and bodies. This is what meditation means to me. It is a time to know yourself. To get in touch with your body and your mind and see the processes that are affecting them. What your mind does with the sensory stimulus it receives from the environment is called cognition. And when you observe this process of how your mind works and understand it, you are entering the field of metacognition.

This pandemic has given us some time to hit the pause button. It is time to meditate.

2021, a ray of hope after a year of gloom

Dear Reader,

Warm Greetings for the New Year!

The month of January 2021 arrived with a feeling of hope and triumph. With the arrival of vaccine for COVID-19 Pandemic, the medical fraternity is hopeful to control the deadly virus. The common people are hopeful that the normalcy in life will return soon and we will be able to live and work in a condition we lived before the Pandemic.

This month is also important for international and national events. Joe Biden was officially sworn in as the 46th President of the United States. Biden declared that 'Democracy has Prevailed' during the ceremony that honoured the ritual of transfer of power at the U.S. Capitol. Kamala Harris was also officially sworn in as the 49th Vice-President of the United States making her the first woman, first Indian American in the history of United States to hold the office.

On 23rd January, 2021 our country celebrated the 125th Birth Anniversary of Netaji Subhash Chandra Bose. In order to honour and remember Netaji's indomitable spirit and selfless service to the nation, the Government of India has decided to celebrate his birthday on 23rd January every year as 'Parakram Diwas'. Netaji's daughter Anita B. Pfaff told Times of India from Germany in an email interview that some activities should be undertaken to commemorate Netaji's Birth Anniversary that provide benefit and meaning to ordinary people such as something in the health care sector or in education. Prime Minister Narendra Modi paid a visit to West Bengal on 23rd January and presided over the inaugural function of 'Parakram Diwas' celebrations at Victoria Memorial in Kolkata. He also inaugurated commemorative stamp and coin on Netaji Subhash Chandra Bose's 125th Birth Anniversary.

On 26th January, 2021 our country celebrated 72nd Republic Day of the country. The President, Vice-President, Prime Minister and other dignitaries attended the parade at Rajpath in New Delhi. The Republic Day parade showcased India's defence capabilities as well as different cultures and traditions. Republic Day was celebrated all over the country by observing the norms of social distancing. In our RSET campus also we celebrated the Republic Day. Shri Kailashji Parasrampur, Trustee, RSET performed the flag hoisting ceremony. All the schools organized online events with patriotic theme as a part

Dr. Sunanda Kar, Editor

of Republic Day celebrations.

In sports, the Indian Cricket Team achieved a historical win in the 4th Test again Australia at the Gabba in Brisbane to win the series 2 – 1 and retain the Border-Gavaskar Trophy. This is the first time that Australia has been beaten in 32 years. Australia's last defeat at Gabba came at the hands of the West Indies in 1988.

Although lockdown for students at educational institutions continued in the past few months, Principals, Staff and Officials at RSET campus efficiently adjusted themselves to online platform for admissions, administration, teaching-learning, examinations and extra-curricular activities. Colleges and the Management institute conducted many webinars, guest lectures and online contests.

In the past few months, students of schools and colleges also conducted many outreach programmes. Under Project Sahyog, Durgadevi Saraf Institute of Management Studies and Durgadevi Saraf Global Business School started a fundraising camp for "Mumbai Dabbavalas" to provide "Dry Ration kits" to support the families of Dabbavalas. The students of Ramniwas Bajaj English High School took up the 'Cover of Compassion' drive which helped to collect 1250 blankets to provide for the needy people in the cold, hilly regions in association with Indian Development Foundation (IDF).

The birth anniversary of Dr. APJ Abdul Kalam was celebrated by DSIMS along with Indian Development Foundation by conducting a session on Dr. Kalam, Igniting Minds - "Salam To Kalam" held on 15th October 2020. The library of DGMC celebrated it as "Vaachan Prerna Divas" or "Inspire to Read Day". Other institutions also celebrated the birth anniversary of Dr. APJ Abdul Kalam by holding different events.

Most of the activities at Deviprasad Goenka Management College of Media Studies in the month of October 2020 were dedicated to the father of the Nation, Mahatma Gandhi under the theme 'Gandhi - Then and Now'. A special mention can be made of a lecture by Shri Tushar Gandhi, great grandson of Mahatma Gandhi by Literati Club of DGMC. Other institutions also celebrated 150th Birth Anniversary of Mahatma Gandhi by organizing innovative events.

We at Rajasthan Sammelan Education Trust are involved in a continuous process of welcoming the changes that are taking place in the education system of our country. In RSET campus, education is fun, teachers are friendly and at the same time they maintain discipline with the learners. It is a long and continuous journey of our Management to attain excellence in their educational endeavours.

Dear Reader,
Greetings for the New Year!

Today education means more than merely acquiring knowledge. I am happy to note that in the past few months the institutions have systematically continued with the teaching-learning process and organized various extra-curricular activities through an online platform. The Kunjbihari S. Goyal Online Academy (GOLD Academy) has helped the colleges and the Management institute to conduct online examinations (MCQ and Subjective). Institutes of higher education under Rajasthan Sammelan Education Trust held several workshops, webinars, guest lectures in which eminent academicians, as well as senior officials from the corporate sector participated online to interact with the students and faculty members of the institutions. Numerous students reached out to RMCC for Career Guidance. With uncertainties in education due to the lock down, students were keen to explore various career options as well as to understand their core areas of strength so as to make considered choices in their career. COVER *of* COMPASSION

Giving is not just about making a donation, It is about making a difference.

Winter is that time of the year which calls for hot coffee, snuggling up in a warm cosy blanket and staying warm in your homes. But for some, it is a matter of survival in the chilling temperatures. Far from hot food or warm blankets, even getting one meal a day and something to cover their body seems like a dream.

Ramniwas Bajaj English High School, under the motivation and guidance of our Principal, Dr. Padmaja S Kutty liaised with Indian Development Foundation (IDF) for the Social Campaign, 'Cover of Compassion'. This involved collection of funds for donating blankets. These donations were collected using the Ketto app. The entire team of RBHS including students, parents and staff

were involved in this endeavour. Students contacted their friends and relatives to make this possible. It was a collaborative effort which culminated into a collection of Rs.3,00,000 for 1000 blankets. The donations were used to provide blankets to the underprivileged, living in the cold regions of Jaipur, Bihar, Firozabad, Ajmer and many other places.

Over and above this, we also collected 261 blankets in school which were distributed to residents of Dharavi and the needy at Vimala centre. They received the blankets with warmth and gratitude. All the poor beneficiaries appreciated RBHS and IDF and the donors for what they did and thanked them for their human service.

We are proud of our student, Shaarvi Vakharia, Grade 6 and her parent Mr Viral Vakharia for the highest online donation towards this drive. Their collaborative efforts to make the highest collection for the online platform is highly appreciated. A special mention of our parent, Ms. Dimple Jain for her generous donation towards this drive [highest donor for physical blankets] and enthusiastic participation at Vimala Centre to distribute blankets. We extend our gratitude to Indian Development Foundation [IDF] and Dr. Narayan Iyer, CEO, IDF for giving us the opportunity to conduct this social drive.

This drive not only inculcated compassion in our students but helped develop team spirit, collaborative skills, and a sense of togetherness for a worthy cause. All students who participated in this drive will be awarded with a Certificate of Appreciation.

It was an exhilarating moment when our Honourable Trustee, Shri Vinodkumarji Bajaj donated 500 blankets. His benevolence added great value to the entire drive. This was possible due to the humungous efforts of our esteemed President, Shri Ashokji Saraf, who leaves no stone unturned in providing unstinted support to all social causes of the school.

March 16, 2020- a day that turned the world of the Indians upside down, a day that marked the beginning of the gloom from which there would be no respite anytime soon, a day that officially declared that we were under attack - attack of the worst enemy that humankind has ever encountered! As much exhilarating the idea of studying from home was to the students, in no time did it actually turn into a curse. Their hearts, their minds, their souls, every bit of their existence began missing the cheer, the laughter, the fun, the camaraderie that they experience at school. Our students, along with the help of their music teacher, have portrayed this pain, this longing in the song.

PGDM Live Project from 1st to 14th Dec 2020

In the current circumstances, when there is a visible gap in demand and supply of qualified professionals in the industry, live projects can act as adhesives to bridge the gap. Providing a hands-on experience about the market scenario and corporate life, live projects act as a platform where students can get their real-time work experience.

In view of this, a 16 day period, commencing from 1st Dec to 16th December 2020 had been identified as a period of Live Project, for PGDM Second Year students, batch 2019 -2021. He mentioned about the plans for the readers and

Our esteemed speakers - Mr. Tarun Singh Chauhan, Mr Partha Sinha & Ms Apurva Purohit

advertising partners- from exciting promotions, incentives to initiatives that can make a change in society.

Ms Apurva Purohit, an Indian Business Woman and President of Jagran Prakashan, Jagran Group, one of India's largest multimedia conglomerates conducted the Mic & Gyan Series on 9th Nov 2020

With over three decades of experience in the media and entertainment industry, she leads digital, print, radio and outdoor in the group.

With her interaction with the students on 9th Nov'20, she cited about her tenure at Jagran, and how she has pivoted the group from a deep-rooted reliance on its traditional print businesses to a focus on new age emerging businesses. The strategies adopted under her tutelage and her emphasis on excellence in implementation have increased both the scale and the profitability of these businesses manifold.

She emphasised on how the media and entertainment industry has seen seismic shifts in the last decade and how there has been a recurring buzz on the street, traditional forms are their way out, and newer forms of media and ways of working, especially those that are digital led & are leading the transformation of the sector. While the latter is true, the former is definitely disputable. And the most recent instance has taken place during the virus outbreak.

She also spoke on how Radio City has been focussing on initiatives around the pandemic since March. Whether it's to motivate people to practice social distancing to flatten the curve, salute our frontline workers, conduct relief measures wherever required, entertain listeners with concerts from home and other novel initiatives or use the power of radio to help citizens wherever possible, Radio city has taken the responsibility being the medium of the masses rather strongly. And also the industry players are working tirelessly during the pandemic to continue to keep listeners entertained, informed and motivated.

"Coming into contact with a good book and possessing it, is indeed an everlasting enrichment."

The above quote which highlights the value of reading good books, is a collection from the timeless pages of wisdom shared by the late Ex-President, intellectual and scientist par excellence - Dr. A.P.J. Abdul Kalam, whose birth anniversary is celebrated across India on 15th October every year as "Vaachan Prerna Divas" or "Inspire to Read Day".

With a view to promoting the habit of reading books, Deviprasad Goenka Management College of Media Studies' Smt. Prabhadevi Banwarilal Saraf Library celebrated the Vaachan Prerna Divas on 15th October, 2020.

Self-written thoughts were also welcomed. There were no restrictions set in terms of language.

Almost every staff member participated in the Prerna Vaachan Divas celebration with enriching readings. Personal Counseling

The Counselor was Excellent. Initial sessions she heard me out then the session took a really great move which helped me to think on the flaws i did in my life. In 4 week I was able to tackle 3 major challenges which I grumbled on. This helped me relieve a bit and continue to live with a positive hope which I had lost. Her insights & questions really helped me to think about myself and my ambitions. The areas which i missed in life were building, boundaries around me, being assertive, speaking about myself or my emotions. Now I plan to exercise those.

'A sound mind resides in a sound body'. Sports and other physical activities improve both physical and mental health. Keeping this in mind, the management members at Rajasthani Sammelan Education Trust have built on an approximate area of 24,000 sq.ft., the state of the art Pravinchandra D. Shah Sports Academy in RSET campus.

In normal times, the Academy offers sports facilities like Tennis, Basketball, Box-cricket, Football, Volleyball etc. PDSA has indeed gone a long way to develop talents of students in sports. PDSA has been organizing many interschool competitions and our PDSA teams have made us proud by winning championship in Football, Basketball, Kabaddi and other games as well as in Martial Arts and Swimming.

Due to continuous lockdown of educational institutions from the middle of March 2020, we were unable to organize summer camps in the month of April and May, 2020. We also could not hold sports activities in PDSA ground as students were not allowed to enter the campus due to lockdown and social distancing.

However, students of Durgadevi Saraf Junior College participated in a virtual intercollegiate sports competition organized by Smt.T.S. Bafna Junior College of Arts and Commerce and Shri M.D. Shah Mahila College of Arts and Commerce on 20th December, 2020 and won many prizes in various categories such as Pushups, Situps, Squats and Plank. Prabodhan Krida Bhavan organized Avengers Champions Kho-Kho Trophy competition from 22nd December to 25th December, 2020 in which Abhishek Yadav of DSJC won a gold medal and was the player of the day on the 3rd Day. Kamlesh Ingole from DSJC received a silver medal as runner up. Shailesh Yadav from DSJC was declared Player of the Day on the 2nd Day. Some students participated in Skipping and Chess competition and received participation certificates.

To boost the morale of our sports students, we continued to send videos of workouts to our players who are part of various sports team. Shri Dharmraj Yadav, In-charge of PDSA and also sports teacher of Kudilal Govindram Seksaria English School took regular online sports classes of the students of KGES giving brief definition of various concepts related to physical activity and health. This was followed by a brief description of how physical activity and training affect our body from a physiological

perspective and sport's specific influences on various dimensions of health etc.

Shailesh Yadav SYJC

We at PDSA are awaiting lockdown due to COVID-19 Pandemic to end soon so that educational institutions can open and we are able to start our regular coaching and our teams can participate in various matches organized by prestigious organizations and institutions. At present, booking by corporates during evening time has started. It is a great pleasure to inform that Deviprasad Goenka Management College of Media Studies is also organizing a friendly cricket match of teaching and non-teaching staff of institutions of RSET in February, 2021 keeping in mind the norms of social distancing.

Diploma In Electronic Music Production

Music Production courses are very popular in today's modern music world. A music professional needs to be proficient in music as well as music Production. Music producers play an important role in the Musical Entertainment Industry. Today's producers are handling the roles of five different people, from writing songs to music programming, music arranging, making music track, recording, mixing and mastering. Realizing the demand, we have started one year Diploma in Music Production Course.

Musical Instruments

We have purchased more musical instruments. USE *of* TECHNOLOGY AND SOME COOL EDTECH TOOLS

By Rakhee Chhabria

This Pandemic has been a great teacher for all of us. We teachers will agree that technology is not here to replace us but to enhance our teaching experience so as to help our learners learn better. A teacher without the knowledge of technology can be easily replaced by the one who embraces technology.

When I first started as a teacher, I was considered pretty tech Savvy with respect to my use of power point and making interactive video presentations. Free EdTech tools have the power to empower our learners and help in democratizing education.

The importance of Technology can no longer be undermined especially for us educators, Technology came as a boon to survive this pandemic and connect with our learners.

Before the pandemic many of us were at the mercy of our spouse, children, friends and family to do technology related things. From booking an online ticket, to finding out your favorite restaurant, to doing online shopping to making online payments or to manage our digital needs, many of us always feel fearful and need a helping hand.

Taking a helping hand is totally ok and acceptable but being totally dependent on someone is definitely a BIG problem.

Presently, just like mobile apps, there are educational apps which help make the job of teaching easier than ever, provided one has the knowledge of the right tools to be used and the objective for using them.

Few EdTech tools that every Teacher must try in their virtual classroom are as follows:

Seesaw- is an amazing digital portfolio app that captures student work through the use of photos, videos, and audio. It enables students to showcase their work and collaborate with their peers. This tool is ideal for young learners

Socrative: is one of the digital tools for classroom that will help you assess your students and get immediate insight on students' knowledge. At the same time, using Socrative is fun for you and for your students, so basically, they can have fun while taking a test! You can launch various types of assessments and follow the results in real time

Padlet- effectively a digital pin board, was another game-changer in my teaching. I used Padlet in two ways; first, to create an anonymous question board where students pin up virtual sticky notes with questions that both the teacher and other students can respond to, and second, to save articles and web content that I have curated for particular topics.

Mind Mesiter- leads the pack of free mind mapping apps that helps students visualize their thinking. It is mobile friendly and allows students to share maps and build them collaboratively in real-time. Canva is a super-cool drag and drop graphic design tool that is 100% free for teachers and students. Students can play with a huge library of professionally designed infographics and posters to visualize their learning, and for adding a 'wow factor' to their presentations. It's also a super-handy tool for teacher handouts!

Mentimeter- is another app that generates live polls in the form of creative visualisations. It is also a word cloud generator, which is

great for brainstorming sessions and pre-discussion prompts. Very often used in presentations to summaries. You can even try Slido.com as they help to solve similar purpose.

Random Lists

Random group generators like Random Lists are a godsend when you want to arrange a class into different types of groups— not only do students end up working with different members of the class, but it saves a truckload of time getting students into groups in the first place.

Wheel Decide

Spin wheels such as Wheel Decide are another super simple way to gamify learning, either by picking random names to call on class members during group discussions, or to create your own 'Wheel of Fortune' style revision games.

Online Stopwatch

Online Stopwatch has a range of fun classroom timers that turn task oriented or any timed activity into a game. Do check this out as there are some really cool online stopwatch to try

As a community of Educators across India, THT has conducted webinars in all the above topics and the videos for the same are available on our website www.teachershelpteachers.in

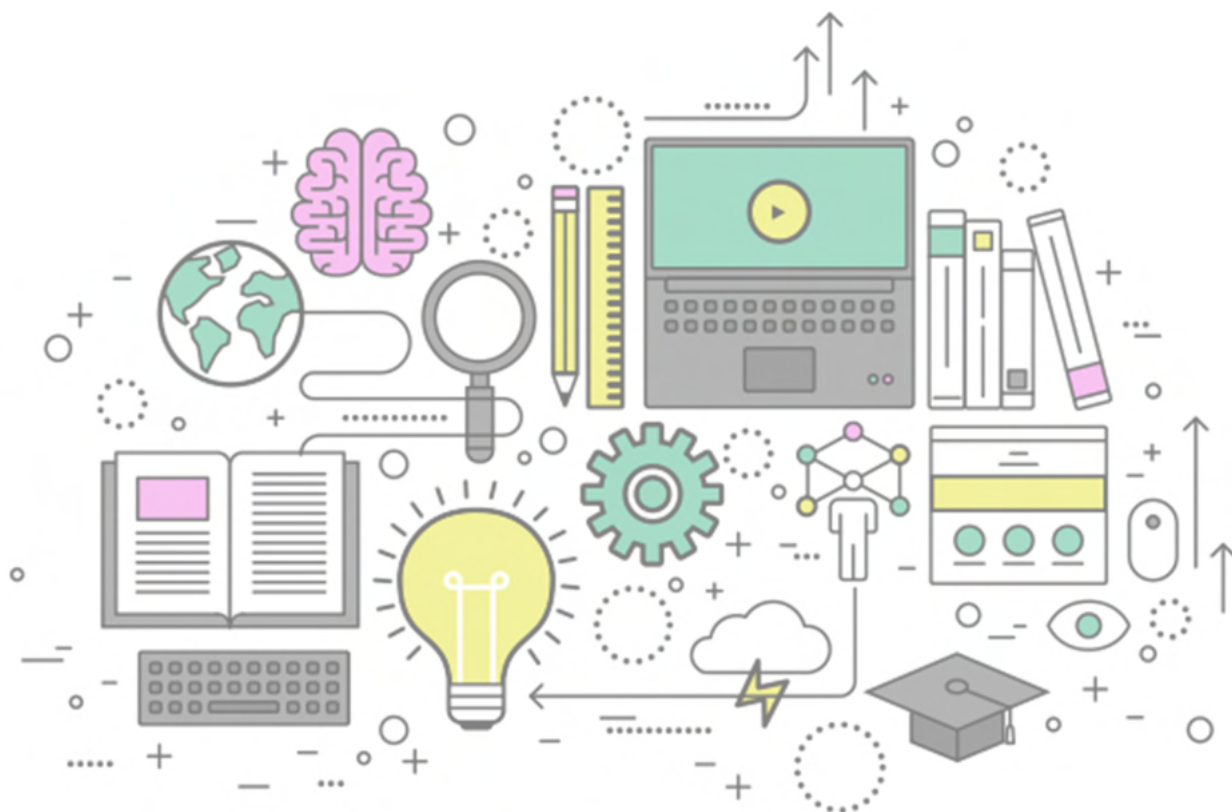

You can visit the website and upload your own creative educational resources and reach out to educators across the globe thus helping one another with new ideas and innovation.

Regular and dynamic events in the B-school like Sabrang, Versus, CSR helped in exploring ourselves and our skills and hidden talents. During my time at DSIMS, I worked in various committees, with my role in CSR team and YUWA team being a pivotal one. As an Operations Student, I also was a part of the OpSession committee in both the years where in I got my first ever opportunity to be the Main Compeer for OpSession 2018-20. One of the most memorable moments of my life has been at DSIMS wherein I was awarded "Student of the Year" for batch 2017-19 on the convocation day and was also chosen Valedictorian for the batch that brought me the most precious opportunity to represent the batch and its experiences during the course.

I am grateful to my Alma Mater, for it has helped me set my career going in full swing, and I hope to continue my association with DSIMS in whatever manner possible.

Most Memorable Event in the Institution:

One of my most memorable moments was when I represented RBHS in Grade 9 in an interschool competition named Athena. It was a Poster Making Competition and I stood 2nd in the group category along with my best friend. This was very important for me as not everybody gets a chance to do something like this and contribute for their school. Another most memorable moment was when I was elected as Information Minister in Grade 9. I enjoyed being a Minister and was obliged to take responsibility of the school under my teacher's guidance. The moment when I was felicitated with a scholarship amount for my co-curricular activities in Grade 9 was my most special moment. I have been in RBHS since Grade 4 and want to thank all my teachers, my Principal, all the non-teaching staff and support staff for sharing their wisdom and giving me the opportunity to learn so much and grooming me to who I am now. I shall always be grateful for everything that I have learnt in RBHS, academics and otherwise. Thank you!

Thank you Donors

Our family of donors include illustrious business families, individuals, corporate partners, foundations and all those people who are committed to our philosophy of providing "Quality Education for All" and have been coming forward with their contribution from time to time to create an institution of educational excellence.

Through these columns, we thank and acknowledge the support of our donors for their generous contribution over the years. Your support and contribution plays an important role in helping Rajasthani Sammelan to achieve its mission of developing a community dedicated to achieving national and international levels of excellence in various fields of education.

Your generosity has significantly contributed and helped the students in various areas. Every donation that you make impacts the life of our students in some way or the other. Your contribution has helped us build various institutes of excellence with the best infrastructure that include state of the art computer labs, knowledge resource centre, communication centre, health centre, educational outlet, sports facilities and scholarships instituted for meritorious students. All our institutes have benefitted immensely from your support.

Undoubtedly, you as our esteemed donors have made Rajasthani Sammelan stand tall in stature and have helped it grow from time to time. Like you, there have been many others whose contribution to Rajasthani Sammelan way back in the early 1950s has been significant and notable. And we gratefully acknowledge their noteworthy contribution in setting up the edifice of this great institution.

We gratefully acknowledge the contribution made by Late Shri Kudilalji Seksaria who donated the land on which the current structure of Rajasthani Sammelan stands. This contribution cannot be valued in terms of money, and it would only undermine his contribution if we were to measure this in monetary terms.

At the same time, had it not been for the significant contribution of Rs. 50,000/- by Shri Brijmohan Ruia (Brijmohan Laxminarayan Ruia Charity Trust) way back around the year 1950, the landmark Sarvodaya Balika Vidyalaya would not have come up. A small dream way back in early 1950s has today paved the way for a number of institutions under the banner of Rajasthani Sammelan. As they say, "It all begins with a Dream".

We are proud to have you all as an integral part of the positive impact and an enduring legacy that we are creating at Rajasthani Sammelan. May your benevolence continue to bring about the change we wish to see in our educational system. We stand committed to spread our wings and fly higher. In this journey of growth, we seek your continued support.

We constantly endeavour to maintain accuracy in the list of donors and we thank you for the feedback in case of any discrepancy that has been noted. Should there be any errors or omissions in this list, we urge you to contact our Donations Officer on rs@rajasthani.org.in
