## A diligent and dedicated team of teachers

Dear Reader,

Rajasthani Sammelan Education Trust is in its 73rd year of establishment and in normal times more than 16,000 students are regularly coming in RSET campus to study in the institutions run by the Trust. Many of our alumni are well settled in jobs, self-employed, successful professionals and leading quality lives thereby confirming the belief that our students have used all the facilities provided to them to their optimum advantage. Since March, 2020 the COVID-19 crisis and the imposition of lockdown to check the spread of the Pandemic have altogether brought the whole world to a standstill. Educational institutions were no exception and we had to think quickly the alternative method of teaching-learning through online platform. We had to train the teachers on how to use online teaching methods efficiently.

Although, these changes were not easy to adapt, they have undoubtedly paved the way to achieve new milestones in the education sector. Considering the importance and urgency of conducting online classes, the teachers left no stone unturned while teaching their students online. The diligence and dedication with which each teacher worked to make online classes successful is commendable and incomparable. The administrative staff were also provided with laptops at home to continue work from home.

In the past three months, along with teaching-learning, examinations as well as extra-curricular activities were also conducted by all our institutions through online platform. Pandemic has thrown many challenges for students also as they had to adapt and grapple with new form of online learning. There has also been a lot of ambiguity amongst students for way forward in their career. To assist students with various career options, Ramdhar Maheshwari Career Counseling Centre organized series of webinars for students. Career webinars organized by RMCC assisted students in the detailed understanding of their career path right from subject selection to graduating and working as a professional. Interviews from existing students and working professionals gave important insight to aspiring students with respective to college and corporate requirement.

During this period, some of our institutions received awards and accolades. As member of EUMIND (Europe Meets India), 5 group of students of Ramniwas Bajaj English High School were involved in the project with the theme 'Go Green' and were interacting with the students of Berlage Lyceum School of Netherlands on Zoom & Whatsapp. They have received the certificate of excellence for their project judged by international jury. It is worth mentioning that students of the school received the certificate of excellence for the third consecutive year starting from 2018 when the school became member of EUMIND. Students of Mainadevi Bajaj International School also participated in EUMIND project, interacted with Hervormd Zuid School of Netherlands. They also received the certificate of excellence.

Durgadevi Saraf Institute of Management Studies has been ranked as 29th among top private B-Schools in India as per Times B-School Survey 2021. Two students of Durgadevi Saraf Global Business School (PGDM) enrolled for Alba Graduate Business School, Athens under International Students Exchange Programme to pursue three courses - Marketing Strategy, Understanding the Business Context and Managing People and Organization respectively from January to March 2021 and successfully

**Ashok M. Saraf, President, RSET**

completed the courses.

During the past three months, colleges and Management Institutes have organized many webinars, conferences and faculty development programmes. Under the aegis of Remsons Centre for Management Research, Durgadevi Saraf Institute of Management Studies & Durgadevi Saraf Global Business School organized 7th International Research Conference on 27th March 2021 through Zoom platform. They also organized twenty internal Faculty Development Programmes on Zoom Platform. Deviprasad Goenka Management College of Media Studies successfully organized Media I.C.E Age Intercollegiate Festival, International Film Festival - Cinevoyage 2021 and the International Conference on: 'Living Gender' on the Zoom and Google Meet Platform.

As a relief from the stressful atmosphere caused by COVID-19 Pandemic, DGMC hosted an Inter-Institute friendly cricket tournament for Teaching and Non-teaching staff of all RSET Institutes including RSET staff. The teams consisted of staff of Mainadevi Bajaj International School, Ghanshyamdas Saraf College, Ladhidevi Ramdhar Maheshwari Night College of Commerce, Rajasthani Sammelan Education Trust and 2 teams of the host college -DGMC. RSET team won the match and received a Trophy at the hands of Dr. Ameer Vora, Principal, DGMC.

Before I end, I express my gratitude to all our Donors - past and present and especially those who have given financial support to our Trust during the Pandemic and over the decades through their philanthropy and have helped us to move forward in our educational journey.

“A great leader's courage to fulfill his vision comes from passion, not position.”

## Holistic nurturing of young talent

Dear Reader,

Progress of any educational institution depends on performance of the students in academics, sports and cultural activities along with high values and ethics. I am proud to say that students of all institutions run by our Trust are displaying excellence in every field. We have provided best infrastructure, techno-savvy ambience, latest gadgets, new job-oriented courses and career counseling facilities to all our institutions. Libraries of our institutions of higher education are well stocked with books, journals, magazines, digital learning materials and online journals. Students are provided with ample scope for participation in co-curricular and extra-curricular activities apart from guest lectures and seminars that are conducted on regular basis.

We have been nurturing talents of our students in sports and our students have fared very well at state, national and international level sports. We have appointed highly qualified teachers in each institution. In this way, we earnestly help our students in realizing their dreams and make them better human beings. Catering to more than 16,000 students, our different institutions i.e. schools, colleges, management institutes and media college are considered among the best and the most sought after institutions in western suburbs of Mumbai.

We have placement cells in our institutions of higher education and every year our students are placed in many reputed companies. I am pleased to state that despite serious challenges and constraints owing to the effects of the pandemic and the protracted lockdown, the placement cell of Durgadevi Saraf Institute of Management Studies had contacted 200 organizations in the academic year 2020-21 out of which 38 have evaluated our final year students of MMS and PGDM. At present, 91 out of 193 students have been placed (47%). Efforts are continuing to enable more placements. Similar efforts are also made by placement cell of other colleges of RSET.

The placement cell of Ghanshyamdas Saraf College joined hands with Pro Ace International for offering virtual internship opportunities to students for Digital Marketing, Website Development and Mobile App Development. Webinars on Career in Finance, Financial Education Certification Examination through Google Meet were also organized. Placement cell also joined hands with ICICI Prudential for offering job opportunities to students. Besides, many other useful activities were conducted virtually by the placement cell of the college.

In the past three months of lockdown, all our institutions continued efficiently online classes, examinations as well as extra-curricular activities. Institutions of higher education conducted many webinars, conferences, faculty development programmes and guest lectures virtually. DSIMS organized 7th Remsons International Research Conference on 27th March, 2021 under the aegis of Remsons Centre for Management Research with Shri Krishna Kejriwal, Chairman and MD, Remsons Industries Ltd., as the Chief Guest. There was a panel discussion by a combination of leading stalwarts across three Continents i.e. North America, Europe and Asia.

During this period, students of Durgadevi Saraf Institute of Management Studies and Durgadevi Saraf Global Business School in collaboration with IDF organized a social event '**Sahyog for Social Responsibility**'. The

**Kailash Kejriwal**, Hon. Secretary, RSET

student volunteers went to the government schools to spend 2-3 hours with the students of the school, organized many interesting games and distributed sweets and stationery to them. NSS volunteers and Rotaract Club members of Deviprasad Goenka Management College of Media Studies conducted a 'Beach Clean-Up Drive' at Juhu Beach on Sunday 24th January 2021.

It is a matter of great pride that for the past three years, as member of EUMIND (Europe Meets India), group of students of Ramniwas Bajaj English High School have been interacting with European Schools to prepare their projects. This year too, five group of students of RBHS prepared the project with the theme 'Go Green' by interacting with the students of Berlage Lyceum School of Netherlands on Zoom & Whatsapp. Students of Mainadevi Bajaj International School also worked in the EUMIND Project by interacting with students of Hervormd Zuid School, Netherland. Students of both the schools have received 'certificate of excellence' for their project from international jury.

The COVID-19 crisis and the imposition of lockdown has thrown great challenges before the educational institutes. However, in a matter of weeks, the teachers left no stone unturned while teaching their students through online platform. The diligence and dedication with which each teacher worked to make online classes successful is commendable. Our Management has always been keen and prompt to provide necessary technological support to strengthen the teaching - learning and other activities through online platform.

## CEO'S Message

### RSET shows resolve in the face of Covid

**Dear Reader,**

As the things were returning to the Normal by the start of 2021, the second devastating wave of Covid Pandemic in Feb/March 2021 had once again disrupted the educational activities and we at RSET are facing new challenge of coping it up with change in policies to ensure that the Teaching-Learning process is kept intact albeit with certain changes like cancelling the Board Examinations for the Class Tenth etc. We are following all the Covid 19 norms issued by the Central Govt and the rules issued by the State Govt to "Break the Chain".

Despite the on-going havoc caused by the Second Wave of Covid 19, all our online curricular and extracurricular activities are conducted as usual. In addition to the teaching Staff, we have allowed the Non-Teaching Staff also to work from Home and ensured that only the essential staff like security, technical support, IT support and few important staff from in each institution is present in the Campus. While doing this, all our Institute heads are using the on line technology in each and every field of Educational Activity.

A large number of subjective and MCQ type online test conducted for all the schools and colleges on our Gold Academy's Learning Management System which was tremendously improved over the last few months after testing and verification. Lot of functions were added and improvised with additional updates.

Many of our students pass out at a crucial stage and face a lot of ambiguity to take a decision towards their future Career. To assist

students with various Career options our Counselling Centre had organised series of webinars for students. Career webinars organised by RMCC assisted students in the detailed understanding of their Career path right from subject selection to graduating and working as a professional.

We at RSET have held many Quality Workshops, Debate Competitions, Student Exchange Program, tie up with various NGOs for Social Initiatives, active participation by our NSS and NCC volunteers in many educative programmes, HR/Finance/Marketing/Operations Conclaves, Women's Day Celebrations, International Conferences, Webinars on Union Budget and Guest Lectures from the eminent people across the Country and even the International personalities were conducted by all the Institutions of higher learning of RSET. All these events generated keen interest in the students. Both participants and audience showed great enthusiasm. The only way to keep the coordination between teachers and the parents is the regular PTA meetings. We are glad to inform all our readers that all our schools have conducted these meetings very successfully with a sole aim that our students are guided well and their parents are satisfied by our way of teaching.

We at RSET have celebrated all the festivals falling in this quarter like Makar Sankranti, Basant Panchami, Holi etc., by unique online methods which can be performed in their respective homes. These events brought loads of smiles and happiness on children's faces that was captured through the lenses by our media college students. National Science Day was celebrated by the students & Science teachers online by performing simple Science experiments with tools at home. Republic Day was celebrated in a moderate way as per the government norms of social distancing. Flag hoisting ceremony was conducted in the RSET campus in the presence of a few Management and staff members.

We have faced many challenges, particular during the end of this quarter due the second wave of Covid 19. Our Hall Bookings have taken a toll, our Hostel Admissions are affected, and the parents are feeling a burden of long continued on line teachings to their wards but the RSET Management is showing an absolute resolve to address all these challenges by proper guidance to all the concerned staff.

Our state of Art PDSA ground had started the bookings and coaching in cricket skating, table tennis, karate and gymnastics in the month of January and February for which the response was excellent. However due to the sudden second wave of Covid we had to discontinue the bookings and coaching. We are eagerly awaiting the restart of the Normal activities at PDSA and hoping that the Pandemic ends soon.

The Hostel Staff of both the Hostels (Boys Hostel and Women's Hostel) of RSET are still taking care of all the foreign students from a dozen odd countries who could not go to their respective countries due to Pandemic and decided to stay put in India. They are happily pursuing their on line studies and are being offered all the state of art facilities like AC rooms, Food, Gym equipment, 24x7 Security, daily Housekeeping from a professional agency and on top of all the continued guidance and advise from the dedicated Hostel Staff so that they are not home sick. The RSET Management has been very kind enough to ensure the smooth functioning of all the activities of the Hostels against all odds.

## Tech integration leads the way in schools

The Covid Pandemic continues to rage on in its second avatar now. Just as we were beginning to feel a level of comfort that things were returning to normal by the end of 2020, things have taken a turn for the worse. The numbers are larger than during the first wave and the population being affected is not only from among those who are vulnerable. Not only are the poor but those in well-endowed high rise building are also falling prey to the virus. More worrisomely, it is affecting the younger generation too.

In the education sector the effects have been myriad. Online learning has spread far and wide and even students in rural areas have now learned to be glued to their hand held devices and accept the new reality. Physical attendance at educational institutions still remains a far cry and hence this has had an impact on board examinations and all forms of assessments in general. After hedging for a long time, many states have called off or postponed their board examinations and internal examinations have been modified. In Maharashtra, a decision to compulsory promote all students taking school-based examinations has been taken. How this affects the learning of the students and their future prospects remains to be seen.

In this process, one facet of life that has seen what can be considered as a semi-permanent change is the integration of technology into the field of education. There were many sane voices that were opposed to the rapid technological change and some continue to do so. However, such voices have become muted as the new reality settles into our lives. So technological integration into the field of education is now seeing untrammelled growth in many schools, particularly those endowed with resources. In that sense this technological growth has been discriminatory as it sees greater proliferation among those who can pay and those who cannot, such as students from state and municipal boards as well as those from the rural parts of the country, are being left behind.

Integration of technology has assumed such prominence that many schools now have regular sessions to see that their teachers and students are up to the mark with the changes that have been taking place. Some schools have instituted Tech Tuesdays. On this day, teachers share their new learning and display how they integrate technology into their learning. There are coordinators who are charged with the task of ensuring that this learning does not remain only on the workshop level but is actually reflected in teaching practices.

Hence, while lamenting the inequity in the use and reach of technology, one can also take a look at some of the enabling developments that represent innovations that could not have been imagined prior to the pandemic. As usual, Mainadevi Bajaj International School has been at the forefront in implementing tech integration into their classrooms. Every Tuesday and Thursday an hour is set aside where, led by the IT Coordinator, teachers are exposed to new ways in which technology can be used to enhance learning. Two interesting aspects of this initiative are that in the first place it is not the IT coordinator who is the sole presenter of new initiatives. In each session some teacher or the other speaks of how they are using technology in their subject. The second interesting aspect is that each of these sessions also requires the teachers to practice what is being taught while the session is in progress. This leads to the raising of many relevant questions as well as exploration of how that which is pertinent

**Nitin Padte**, Director of Schools, RSET

to Mathematics can also be used by an Art or any other teacher.

While the elaboration of the new technology and its variety will need a much broader forum, it would be pertinent to speak of at least one of the initiatives undertaken at MBIS. The IB Diploma Visual Art course normally ends in an exhibition of the art works of the students who have opted for the subject. This is a major culminating activity and is judged by an external examiner and it is like a regular art show with gallery effects and the use of wide spaces all over the school. This is necessary since each student has several large pieces to display and needs to do up the place, just as in a gallery.

However, such an exhibition would involve Covid social distancing norms defying interactions since students and teachers work in close proximity for weeks before the exhibition. To overcome this problem, our students set up a virtual art exhibition using the tool of Artsteps. After the visitor to this virtual gallery is given access to the exhibition, which is open between given hours and for a given number of days, she can move back and forth through this virtual gallery and read all the details of the students' works. If she wants to take a closer look she can zoom in as much as she likes without the high definition images being distorted. The art teacher taught this technique to rest of the MBIS teachers who are now quite excited about using it to display student works right from the Nursery upwards. This is just one example and every teacher is experimenting with many IT tools and sharing with their colleagues.

So the debate on the proliferation of this new technology and its pros and cons will continue and it is important that we look closely at how it is affecting our mental and physical well-being as well as its economically and socially discriminatory nature. At the same time, we have to recognize its strong presence in our midst and understand it before deciding to accept or resist it.

## Unique solutions for a strange time

Dear Reader,

We celebrated International Education Day on 24th January, 2021. This year's theme reflects our collective global challenge 'to recover and revitalize education for the COVID-19 generation.' The Pandemic has totally disrupted the education sector across the world and especially countries like ours that are marked with inequalities and digital divide. As life was slowly attempting to return to normalcy, the second wave of COVID-19 descended on our country like a tsunami. We have been caught unawares and our response is one of panic and chaos.

Students, who were to appear for board examinations and entrances and other higher level examinations are further distressed in 2021. They have no clarity about the upcoming examinations due to a sudden rise in COVID cases. After national and international educational boards in the country cancelled the class 10 examinations the Maharashtra State Board of Secondary and Higher Secondary Education followed the suit and decided not to hold SSC examination that had been rescheduled for June, 2021. It was decided by the Education Department that the students will be marked on a fair and accurate assessment criteria instead of appearing physically for examinations.

While the SSC examinations stands cancelled, the HSC examinations are deferred by the state educational department for a later date leading to utter confusion and uncertainty in the minds of the students. Most of the entrance examinations including JEE Main 2021, have been postponed amid the COVID-19 surge cases across the country. Those appearing for the National Eligibility Cum Entrance Test - undergraduate (NEET-UG) also seem to be worried for want of updates on the medical entrance examinations.

At the entertainment industry front, the most internationally acclaimed 93rd Academy Awards ceremony also

**Dr. Sunanda Kar, Editor**

known as Oscar Award took place in Los Angeles, USA, on 25th April, 2021 (for Indian viewers in the early hours of 26th April) in a unique fashion. The attendees comprised of just a few hundred nominees and presenters who gathered in a ballroom and observed social distancing while some contenders joined the festivities by satellite from international locations. In our country, the 66th Film Fare Awards ceremony was held on 27th March, 2021 in Mumbai. The 21st International Indian Film Academy (IIFA) Awards supposed to take place in Indore from March 27 to 29, 2020 were postponed due to COVID-19 Pandemic.

In sports the cricket matches of Indian Premiere League have been postponed indefinitely after a number of positive cases of corona virus were detected among the players and the staff. One of the major reasons behind hosting this year's IPL in India was setting an example for hosting the ICC T20 World Cup in October-November this year. However, with the Indian Cricket Board (BCCI) postponing the IPL mid-way through the season, the chances of hosting the T20 World Cup in India have suddenly become slim. The International Cricket Council (ICC) will play by the protocol of assessing the situation in India for the next two months.

In our RSET campus, in spite of the lockdown for the past one year, all the institutions successfully continued to conduct teaching, examinations as well as extra-curricular activities through online platform. As per the directives received from the University of Mumbai, the colleges conducted online examinations in MCQ format. Projects of students were also assessed by faculty through online platform. All the schools held meetings of Parent Teacher Association, Child Safety Committee and their respective School Sub-committees. The colleges, management institutes and media college also had their Governing Board and College Development Committee meetings through zoom platform.

We are sure that with the strong technological support given by the Management, all our institutions will sail smoothly through this difficult time and will definitely grow to greater heights. I would like to thank my editorial team members and creative directors in helping us to bring out this issue of Abacus.

Dear Reader,

It is interesting to note that Inspite of continuous lockdown of educational institutions, schools and institutions of RSET have conducted successfully academic as well as extra-curricular activities using the online platform in the months of January to March. Many institutions of higher education have conducted international, national and state level conferences and seminars. Durgadevi Saraf Institute of Management Studies and Durgadevi Saraf Global Business School jointly organized 7th Remsons International Research Conference under the aegis of Remsons Centre for Management Research of DSIMS. Deviprasad Goenka Management College of Media Studies conducted 'Media I.C.E Age' and 'Cinevoyage International Film Festival' via Zoom and Google Meet Platforms. A webinar was organized by Ghanshyamdas Saraf College on 'Women Entrepreneurship - A Start Up Guide for Budding Entrepreneurs' in association with E-Cell of the college and Parle Tilak Vidyalyaya Association on 8th March, 2021 on the occasion of International Women's Day for students of the college.

It is heartening to note that the NSS volunteers of Durgadevi Saraf Junior College celebrated through online platform National Youth Day on 12th January to honour the birth anniversary of 'Swami Vivekananda'. The 125th Birth Anniversary of Netaji Subhas Chandra Bose was also celebrated by the NSS Unit as 'Parakram Divas' on 23rd January 2021 to honour and remember Netaji's indomitable spirit and selfless service to the nation. The NSS Unit also celebrated Shivaji Jayanti on 20th February, 2021. It is a matter of great pride to note that Durgadevi Saraf Institute of Management Studies has been ranked as 29th among top private B-Schools in India as per Times B-School Survey 2021. Students of Durgadevi Saraf Junior College participated in Intercollegiate sports competitions and won prizes in volleyball and cricket tournaments.

I convey my best wishes to one and all associated with Rajasthani Sammelan Education Trust.

Dear Reader,

It is interesting to note that inspite of continuous lockdown, all the institutions have conducted many activities in the months of January to March 2021. Many institutions of higher education have conducted international and state level conferences and webinars. Durgadevi Saraf Institute of Management Studies and Durgadevi Saraf Global Business School successfully conducted 7th Remsons International Research Conference with Shri Krishna Kejriwal, CMD Remsons Industries Ltd. as the Chief Guest. The conference was presided by Shri Ashok M. Saraf, President RSET. Deviprasad Goenka Management College of Media Studies organized Media I.C.E. Age & CINEVOYAGE INTERNATIONAL FILM FESTIVAL via Zoom and Google meet platforms. CINEVOYAGE saw 1400 entries from 96 countries in the amateur and professional categories.

Kudilal Govindram Seksaria English School successfully conducted interesting extra-curricular activities that included online celebration of Mahila Sikshan Din by secondary section, drawing, essay and video making competitions. Kudilal Govindram Seksaria Sarvodaya School also conducted online Drawing and Essay competitions hosted by Education Department, puppet show, birth anniversary celebration of Shivaji, celebration of Basant Panchami in an innovative way by Primary Section of KGSS. Both KGSS and KGES and other schools of RSET regularly conducted Child Safety Committee Meeting as well as meeting of Parent Teachers' Association. I am pleased to note that under the leadership of Principal Dr. Padmaja Kutty, Ramniwas Bajaj English High School took the lead to celebrate Republic Day in RSET Campus along with other schools observing the norms of social distancing.

I congratulate and compliment the Principals and Staff for successfully conducting academic as well as cultural activities so smoothly and successfully in this lockdown period. I also wish a great success to one and all.

- i) Dhurmaj Bajaj Bhavan named after my late grandfather.
- ii) Ramniwas Bajaj English High School named after my late father.
- iii) Mainadevi Bajaj International School named after my mother.
- iv) Mainadevi Bajaj International Playschool named after my mother.

I am pleased to note that the teachers of RBHS attended the 'World Education Leadership' talk on National Education Policy organized by India International Education Council. The Principal of the school Dr. Padmaja S Kutty has been awarded with the International Women Achiever, 2021 for appreciable work in the field of education by World Records Solution and Awards. As member of 'EUMIND' (Europe meets India), 5 group of students of RBHS were involved in the project with the theme 'Go Green' and were interacting with the students of Berlage Lyceum School of Netherlands on Zoom & Whatsapp. They have received the certificate of excellence for their project judged by international jury.

It is indeed a matter of great pride for us that students of Mainadevi Bajaj International School participated in many international Olympiads in Maths and Science and won Gold medal of Excellence and Gold Medal of Distinction. One of the student also participated in Hindi International Debate Competition and won the second prize. The Principal as well as other teachers attended successfully online workshops on their respective subjects. A group of students of MBIS are also involved in the EUMIND Project and are interacting with students of Hervormd Zuid School, Netherland. They have completed their project in the month of February, 2021.

I convey my best wishes to all the institutions for their further progress and to attain excellence.

Dear Reader,

I have great pleasure to observe that Rajasthan Sammelan Education Trust has always taken care to empower the students with latest technological skill that will provide them value added knowledge along with the regular courses that they are pursuing in their respective institutions.

I am very happy to note that in the past three months all the institutes of RSET continued efficiently with academic as well as extra-curricular activities through online platform.

It is interesting to note that Mainadevi Bajaj International Play School organized virtual 'Beach Picnic', 'Republic Day Celebration' and many fun filled activities in the past three months. The tiny tots also learnt about the Joy of Giving as they donated old clothes and toys with an organisation named Indian Development Foundation which in turn distributed it amongst the poor and needy children on 4th March 2021.

It is indeed heartening to note that little children of Mainadevi Bajaj International School right from Grade 1 to Grade 4 participated in many International events and won prizes. It was indeed a proud moment for MBIS when students of the school won Gold medals and certificate of excellence in Silver Foundation Zone Olympiad & Science, English and General Knowledge Olympiads. One of the student of Grade 3 participated in the 5th Online State Level Karate championship and he secured a Silver medal in the Under 10 Boys Sub junior category.

I am very happy to note that both Ramniwas Bajaj English School and Mainadevi Bajaj International School are members of EUMIND (Europe meets India) and have completed their project on 'Go Green' by interacting with students of Berlage Lyceum School of Netherlands & Hervormd Zuid School, Netherland respectively. They have also received certificate of excellence from International Jury.

I convey my compliments to the President and his team for excellent growth of all the institutions.

Dear Reader,

I have great pleasure to observe that Rajasthan Sammelan Education Trust has always taken care to empower the students with latest technological skill that will provide them value added knowledge along with the regular courses that they are pursuing in their respective institutions. This has proved extremely beneficial to students when the Government declared complete lockdown of educational institutions from the middle of March 2020 due to COVID-19 Pandemic which is still continuing. With the training given to teachers by IT department of RSET, teachers continued teaching through online platform. In the new academic year of 2020-2021, right from admission to teaching, examination and extra-curricular activities—all have been conducted through online platform.

Every year Rajasthan Sammelan Education Trust awards freeship to needy students of all institutions at a grand 'Scholarship Award Ceremony' during Annual Day celebrations of the institutions of RSET in the month of December/January. This year such a function could not be organized due to lockdown. However, I am happy to note that needy and meritorious students of some institutions have been provided financial help at the time of admission through Jankidevi Bilasrai Bubna Endowment Freeship Fund. I am pleased to know that Jankidevi Bilasrai Bubna Boys' Hostel has very less number of Indian as well as foreign students. However, the Management has provided all possible facilities for comfortable stay of the hostel students.

It is a matter of great pride that five group of students of Ramniwas Bajaj English High School participated in the EUMIND (Europe Meets India) project "Go Green" and received certificate of excellence.

I compliment the Management for giving the best infrastructure as well as best technological support to all institutions of Rajasthan Sammelan Education Trust.

Dear Reader,

Through this issue of Abacus I express my heartfelt appreciation for the various important events taking place in the educational institutions of Rajasthan Sammelan Education Trust through online platform in the past three months. It is indeed praiseworthy that teachers of our schools and colleges have successfully continued teaching through Zoom platform. Colleges conducted online examinations in MCQ format as per directive of Mumbai University. A well-known agency having expertise in conducting online examination had been engaged for all the colleges to conduct examinations. Projects of students were also assessed by faculty through online platform.

It is indeed a matter of great satisfaction that many meritorious & needy students who were awarded Jankidevi Bilasrai Bubna freeship are successfully pursuing education in their respective institutions of RSET. This year due to COVID-19 Pandemic, Jankidevi Bilasrai Bubna Boys' Hostel has very less number of Indian as well as foreign students. However, the Management has provided all possible facilities for comfortable stay of the hostel students. It is a my great pleasure to note that Durgadevi Saraf Institute of Management Studies has been ranked as 29th among Top Private B-Schools in India as per Times B-School Survey published on 26th February, 2021 in The Times of India. Durgadevi Saraf Institute of Management Studies & Durgadevi Saraf Global Business School under the aegis of Remsons Centre for Management Research organized 7th International Research Conference through Zoom platform. The Conference was graced by the presence of highly acclaimed national as well as international academicians, institution builders and corporates.

It is a great pleasure to note that in the past three months, students of the colleges have conducted many outreach programs through Rotaract Club, NCC, NSS & DLLE units of their respective institutions. I convey my best wishes to one and all associated with Rajasthan Sammelan Education Trust.

of Media Studies

Dear Reader,

The year 2020-21 has been a year of resilience and spirit. I feel a sense of satisfaction in the successful academic journey of Deviprasad Goenka Management College of Media Studies during these demanding times.

Teachers are the closest witnesses of the challenges COVID-19 Pandemic has brought for their students. I am happy to note that the faculty members and administrators have been very proactive in up-skilling themselves personally while imparting education online. All online classes had good attendance and students also positively reciprocated to this new normal. Examinations were also conducted seamlessly on the online portal. Mentors and Administrators ensured that no student was at a disadvantage as a result of the Pandemic.

It is encouraging to note that Deviprasad Goenka Management College of Media Studies provided a powerful platform to encourage students & faculty to showcase their talents & creativity through Intercollegiate festivals and conference. DGMC successfully organized Media I.C.E Age Intercollegiate Festival, International Film Festival - Cinevoyage 2021 and the International Conference on: 'Living Gender' on the Zoom and Google Meet Platform.

Along with various CSR activities, DGMC hosted for the very first time an Inter-Institute friendly cricket tournament for Teaching and Non-teaching staff of all RSET Institutes including RSET staff. The event saw entries from Mainadevi Bajaj International School, Ghanshyamdas Saraf College, Ladhidevi Ramdhar Maheshwari Night College of Commerce, Rajasthani Sammelan Education Trust and 2 teams of the host college DGMC. RSET team won the match and received a Trophy at the hands of Dr. Amee Vora, Principal, DGMC. This event surely was a respite from the stressful effect of the ongoing pandemic.

I convey my best wishes to the Management as well as to all institutions of RSET.

Dear Reader,

Draupadidevi Sanwaram Women's Hostel was inaugurated on 7th January, 2012 by His Excellency Shri K. Sankaranarayanan, Governor of Maharashtra and Goa. It is indeed heartening to note that the hostel has completed nine successful years of its existence and has created for itself a niche amongst the women's hostels in western suburbs of Mumbai due to the state of art infrastructure and home like facilities provided to the students who come from other cities and countries to stay here and pursue their dream of professional as well as higher education. At present we have Indian as well as foreign students from different countries like Madagascar, South Africa, Mauritius, Thailand, Namibia, Afghanistan, Sri Lanka, and Nepal.

The Renewal process for stay in the hostel from January, 2021 to June 2021 started from the month of December and was completed in the month of January 2021. All the new as well as old students were happy and content with the facilities provided to them. I am pleased to note that the hostel is regularly sanitized as a precautionary measure against COVID -19 Pandemic. House-keeping staff keep the hostel neat and clean. Pest control of the hostel is also carried out every week. As earlier, in the past three months too, healthy and hygienic breakfast and dinner were provided to the inmates of the hostel by the in-house caterer as decided by the Food Committee of the hostel.

I am happy to note that all the students staying in the hostel have been abiding by the precautionary rules laid down by the authorities to prevent COVID-19 Pandemic. I am sure that Draupadidevi Sanwaram Women's Hostel as well as all other institutions under Rajasthani Sammelan Education Trust will lead to further growth and excellence in future.

MBIS Nalini Shah Music Academy

Dear Reader,

In the past few months, Rajasthani Sammelan Education Trust has crossed many new milestones and is aspiring to reach further. It is heartening to note that in the face of adverse situation created by COVID-19 Pandemic, newly started Nalini Shah Music Academy is running successfully with online classes on vocals, tabla, guitar and synthesizer. The faculty of NSMA are regularly coming in the campus and are successfully continuing online classes. The Music Academy also has out station students from Himachal Pradesh learning online Keyboard and Tabla lessons. The musical activities of NSMA is regularly active on its Facebook and Instagram pages and has lots of followers.

I am happy to note that Amratlal Premchand Shah Library plays a pivotal role in the academic life of students of Mainadevi Bajaj International School. The library is the resource centre and a place where small groups of students can browse through books, magazines and novel. This center for learning is stocked with books on a wide range of topic. There are also many magazines and newspapers that ensure that students and teachers are up to date with general knowledge. The library subscribes to many online resources that enhance students' information base. It is indeed a matter of great pleasure that observing the norms of social distancing, in the month of February 2021, a friendly cricket match of teaching and non-teaching staff of institutions of RSET was organized by Deviprasad Goenka Management College of Media Studies in which 05 institutions participated. The team of RSET won the match and received trophy from the hands of Dr. Amee Vora, Principal, DGMC. I congratulate all who have jointly contributed in the achievement of respective institutions of Rajasthani Sammelan Education Trust.

I convey my special compliments to the President and his team for further success in their mission of educational endeavours.

Dear Reader,

The growing number of COVID-19 cases has alarmed our country and is forcing the authorities to continue lockdown of all educational institutions. Due to this, teachers have continued with online teaching in the past three months. I am pleased to note that Ramdhar Maheshwari Career Counseling Centre organized series of webinars on career counseling for students to assist them with various Career options. Career webinars helped students in the detailed understanding of their Career path right from subject selection to graduating and working as a professional. RMCC conducted webinars for Engineering, Law, Psychology, Chartered Accountancy, Fashion Designing & Company Secretary. A Career development program was also conducted for the students of Ghanshyamdas Saraf College. The program was developed to assist students in understanding their Career interest and work upon their strength and weakness. A series of Webinars were also conducted with the students to assist them in developing their Corporate Profile, E-mail etiquettes and Impression Management.

It is heartening to note that few students of Ladhidevi Ramdhar Maheshwari Night College of Commerce appeared for the aptitude test for the selection of Certified Associate Data Scientist conducted by the BSE institute limited out of which 9 students were selected for 100 hours training after which the students will be provided with one month internship. Students of LRMC also participated in virtual cultural festival organized by Hinduja College in the month of January. Some of the faculty members participated in National and International webinars. Volunteers of the NSS Unit of the college participated in many online competitions organized by other colleges and won prizes.

I congratulate one and all who have contributed in the achievement of their respective institutions of Rajasthani Sammelan Education Trust.

Dear Reader,

A country always needs skilled professionals in every field. With the objective of guiding the students properly to choose a branch of study that is in tune with their skills and their expectations, Ramdhar Maheshwari Career Counseling Centre is continuously supporting the students with best guidance and assistance. It is indeed praiseworthy that Ramdhar Maheshwari Career Counseling Centre has organized a series of Career Webinars in Engineering, Law, Psychology, Chartered Accountancy, Fashion Designing & Company Secretary to assist students in understanding their Career interest and work upon their strength and weakness. Other webinar conducted by RMCC were on Profile Building, E-mail Etiquettes and Impression Management etc. Remediation sessions have also been conducted for developing academic skills of the students.

I am pleased to note that Ladhidevi Ramdhar Maheshwari Night College of Commerce has conducted many extra-curricular activities virtually along with online teaching and conduction of examinations followed by distribution of results of in-house examinations. Department of Lifelong Learning and Extension (DLLE) organized Poster Making competition on 20th March, 2021 on the theme 'Women's Day'. Seven students participated in the online competition. Handmade Card-making Competition was organized by the department in which, eight students participated in the online competition. Volunteers of the NSS Unit of the college also participated in virtual inter-collegiate competitions organized by other colleges and won many prizes. It is heartening to note that the college has applied to the University of Mumbai for permission to start M.Com course in the college for which an Expert Committee from the University recently visited the institution for Inspection.

Dear Reader,

The outbreak of COVID-19 Pandemic from the beginning of 2020 has transferred traditional face-to-face teaching to online education platforms. I am pleased to note that Kunjibihari S. Goyal Online Academy has proved to be a great asset to the institutions of Rajasthani Sammelan Education Trust to shift their teaching through online mode. I am happy to note that GOLD Academy successfully conducted 31 online examinations during the months of January to March 2021. All these examinations consisted of subjective and MCQ type online tests conducted on GOLD Academy's Learning Management System (LMS) for institutes of RSET. Approximately 2245 students appeared for the examinations. During this period, new technical updates were done in subjective as well as MCQ test modules on GOLD LMS for the convenience of the students.

It is heartening to note that GOLD Academy's Team has uploaded the lectures delivered by faculties on GOLD E-learning portal. Before uploading the videos they have carefully checked the quality and have given unique name code to all recorded video content. Remarks were also given after quality checking. Students were enrolled in GOLD Academy's portal and were given their user name and password. Along with conduction of examinations, GOLD Academy's team has been sending regular sms and e-mails to registered students regarding new updates and changes. Side by side, promotional sms and e-mails were also sent to new students for B.Com online courses.

It is quite creditable that institutions of higher education have conducted many national and international webinars and festivals. They have also been honoured by many awards and accolades. Durgadevi Saraf Institute of Management Studies ranked as 29th among top private B-Schools in India as per Times B-School Survey 2021.

I convey my best wishes to all the institutions of RSET for their further progress and development.

Dear Reader,

Rajasthani Sammelan Education Trust has successfully completed 72 glorious years spreading the light of knowledge and information in all directions. The Management is in a continuous journey of educational endeavours by providing proper education to the young population of our nation right from pre-school to post graduation in Commerce, Management & Media studies. At the same time, they have provided state of art infrastructure along with high-tech technological support to all institutions in the best possible ways. This has helped all institutions to sail smoothly in the difficult times of lockdown of educational institutions due to COVID-19 Pandemic. In the academic year 2020-2021, admission, teaching, examination as well as extra-curricular activities- all were conducted efficiently by the institutions smoothly through online platform.

RS CA Study Centre and ICAI Extension Counter was started in RSET Campus in July, 2015 and has received overwhelming demands from the students pursuing the professional course of Chartered Accountancy. RS CA Study Centre and ICAI Extension Counter has been extremely beneficial for the students staying in western suburbs as they are provided with study material from this centre only. The ICAI Western Regional Centre has deputed their staff to provide all required information to the students and complete necessary formalities. Ever since the lockdown of educational campuses from March 2020, students could not be allowed in the CA Centre as per instruction of the Government. However, once the Pandemic is controlled and lockdown is lifted, we hope to allow students in the centre once again.

Dear Reader,

January, 2021 started with online classes due to the continued lockdown of educational institutions caused by Covid-19 Pandemic. While technology has kept advancing with time, I am pleased to note that Shri Murlidhar Karwa Knowledge Resource Centre also managed to share its resources through Online Platform. Library Orientation has been provided to MMS students and online training has been given for 'How to search the books and other resources in library catalogue (OPAC)'. The Knowledge Resource Centre also has Book Bank facility for the needy students. I am happy to note that Current collection of KRC is – Books -10986, Journals and magazines – 30, Newspapers – 12, Educational CDs, DVDs – 510, thousands of Students' best Capstone and Summer Internship Projects are part of the institutional repository.

It is heartening to note that on 12th January the birth anniversary of Swami Vivekananda, which is celebrated as National Youth Day, Shri Murlidhar Karwa Knowledge Resource Centre displayed the books on 'Swami Vivekananda' one of the most famous Philosophers of the World. In the same way, International Women's Day was celebrated on 8th March by KRC by displaying the books of most powerful women in business and other areas who are making an impact by virtue of their business acumen, social and cultural influence.

The most prestigious event 'Remsons International Research Conference 2021' of Durgadevi Saraf Institute of Management Studies and Durgadevi Saraf Global Business School was held on 27th March, 2021. Dear Reader,

Seminars and Conferences are part of higher and professional education. Seminars provide an opportunity to the students to explore topics in depth by discussion and share ideas that are presented by experts. Seminars and Conferences are also important for teachers as they learn about new ideas and approaches to make themselves more effective and efficient in teaching and in knowledge enhancement. I am pleased to know that in the past few months, Durgadevi Saraf Institute of Management Studies has organized many webinars and conferences. Recently, DSIMS hosted 7th Remsons International Research Conference through Zoom platform. In this conference, many eminent national and International academicians & corporates participated as resource persons and also presented papers. Due to COVID-19 Pandemic, campus activities are suspended since March, 2020. However it is a great pleasure for our family to note that in normal times Nathmal Garodia Seminar Hall is used by DSIMS to conduct high profile lectures, conferences and meetings. It is also used for conducting placement activities, CET seminar, faculty meetings and many other useful purposes. Nathmal Garodia Seminar Hall is given to other institutes of Rajasthan Sammelan Education Trust for training as well as other academic purposes. The air-conditioned sound proof Seminar Hall is fully equipped with latest technological support to provide presentations

It is heartening to note that inspite of the lockdown for the past one year, all the institutions of RSET successfully conducted teaching, examinations as well as extra-curricular activities through online platform. All the institutions successfully held meetings of their respective Governing Boards and Sub-Committees. Schools also conducted meetings of Parent-Teacher Association & Child Safety Committee.

Dear Reader,

This issue of Abacus represents the continuous efforts of the Management members in providing best educational opportunities to all the students studying in the institutions of Rajasthani Sammelan Education Trust. I am pleased to know that with the support of the IT Department of RSET, all the institutions have been able to perform academic as well as extra-curricular activities efficiently in the academic year 2020- 2021 through online platform. Kunjibhari S. Goyal Online Academy (GOLD Academy) of RSET has also played a major role in the conduction of online examinations. GOLD Academy has conducted for institutes of RSET thirty one subjective & MCQ type online tests for ATKT and internal examinations on GOLD Academy's Learning Management System (LMS) during the period of January to March 2021.

It is heartening to know that Rashi Peripherals Play Area on the 7th floor of Mainadevi Bajaj International School continues to be of great utility to the students. In normal times, it continues to be at the center of sports and co-curricular activities of the school. Since the area is well-endowed with playing equipment for the younger students and basketball rings for the older children, it is also used for many activities including regular PE classes, sports activities for the primary students and also for some cultural activities such as Holi, Janmashthami etc. Almost all Physical Education classes of the Primary and Pre-Primary students are conducted in the Play Area. It is used for the practice of Yoga and training for Martial Arts.

It is a matter of great pride that for the third consecutive year, five group of students of Ramniwas Bajaj English High School participated in the EUMIND (Europe Meets India) project "Go Green" and received certificate of excellence. Dear Reader,

From the past one year and more, digital learning is playing a very important role in the field of education. Students of today's business schools are going to become tomorrow's business leaders. They have to be technology savvy to suit their future job roles in the corporate world. Therefore, Rajasthani Sammelan Education Trust has provided all technological support and facilities to students to access valuable information with the use of technology. I am pleased to note that in normal times, Shri Beniprasad Luharuka Computer Lab is fully utilized by the students of Durgadevi Saraf Institute of Management Studies. The computer lab is open from 8 a.m. to 9 p.m. and is also utilized for online examinations, to complete projects by students of DSIMS. The students also browse the internet to procure relevant information for academic purpose. DSIMS has also extended its help to other institutions of RSET to use Shri Beniprasad Luharuka Computer Lab for conducting practicals and online examinations.

It is heartening to note that Durgadevi Saraf Institute of Management Studies and Durgadevi Saraf Global Business School organized online Seventh Remsons International Research Conference (RIRC) on 27 March, 2021 under the aegis of Remsons Centre for Management Research. The Theme of the conference was 'New Normal in Businesses: Readiness and Resilience'. Chief Guest, Mr. Krishna Kejriwal, Chairman and Managing Director of Remsons Industries Ltd., delivered his insightful keynote speech on changing business strategies to keep pace with the downward swing of the economy. The distinguished speakers onboard in Remsons International Research Conference 2021 included an outstanding congregation of leading industry commanders and academic stalwarts across three continents - North America, Europe and Asia.

I take this opportunity to congratulate the President and his team for all their efforts in the field of education and wish them further success.

Manmal Thard Education  
Wing at GSCC

Dear Reader,

The academic year 2020-2021 brought about a shift in education system as all educational institutions had to embrace the new normal - the online learning platform.

It is a matter of great pleasure that Ramniwas Bajaj English School (RBHS) left no stone unturned to make the virtual Library classes interesting and enriching for their students of Grades 1 to 8. The students enjoyed the Library classes which were enriched through stories in audio as well as video form. The students were then engaged in interactive discussions with the Librarian after hearing or watching the stories. Descriptions of characters of their favourite stories enhanced the entire learning process. Students also mailed their feedback about the online stories. So, though the students were not present physically in the Library, the Librarian of Trivenidevi Manmal Thard Library at RBHS ensured to make optimum use of the online platform to enrich the Library classes with skills of critical thinking, creativity, collaboration and communication as the Principal and the faculty strongly believed: 'Today a reader; tomorrow a leader'. The Library has also properly classified and catalogued all library resources consisting of books, magazines, atlases, charts, models, periodicals and newspapers as needed by students and teachers in normal times.

I am indeed happy to note that Manmal Thard Education Wing of Ghanshyamdas Saraf College is used throughout the day – right from 7.00 a.m. to 7.30 p.m. Ghanshyamdas Saraf College uses the Staff Room and class rooms from morning 7 a.m. to afternoon while Ladhidevi Ramdhar Maheshwari Night College of Commerce uses the class rooms from afternoon to night.

I take this opportunity to compliment the President and his team for providing an excellent learning environment to the students of all the institutions of RSET to promote their intellectual, moral, social and spiritual growth.

IRB Scholarship  
Endowment Fund

Dear Reader,

Merit Scholarships reward meritorious students with financial assistance which helps them to realize their educational dreams of achieving a fulfilling career. The merit based scholarships evaluate a student's merit on the basis of his/her academic records or their performance in scholarship tests. Most merit based scholarships go to students who stand out with strong academics. We have associated with Rajasthan Sammelan Education Trust with the aim of providing scholarship to the brilliant students of all institutions through IRB Endowment Scholarship Fund so that such students work hard and perform better in academics. We are happy to know that many meritorious students have been awarded IRB scholarships in all these years.

It is a matter of great pride that in the past few months many institutions received high ranking and accolades. Durgadevi Saraf Institute of Management Studies has been ranked as 29th among Top Private B-Schools in India as per Times B-School Survey published on 26th February, 2021 in The Times of India. The institutions of higher education organized prestigious national and international webinars and conferences. Recently, DSIMS hosted 7th Remsons International Research Conference through Zoom platform. In this conference, many eminent national and International academicians & corporates participated as resource persons and also presented papers. Deviprasad Goenka Management College of Media Studies successfully organized Media I.C.E Age Intercollegiate Festival, International Film Festival - Cinevoyage 2021 and the International Conference on 'Living Gender' on the Zoom and Google Meet Platform.

It is a matter of great pride that five group of students of Ramniwas Bajaj English High School participated in the EUMIND (Europe Meets India) project "Go Green" and received certificate of excellence.

I compliment the Management, Heads of Institutions, Staff and Students for a bright future ahead.

Madhoprasad Saraf Seminar Hall  
at DGMC

Dear Reader,

It is heartening to note that Madhoprasad Saraf Seminar Hall on the 6th Floor of Deviprasad Goenka Management College of Media Studies is a State of the Art Seminar Hall, equipped to handle the special requirements of a media school. The seminar hall has sitting capacity of 60 people on comfortable chairs suited for seminars, as well as guest lecture series that DGMC arranges. The room has in built audio-video systems where film shows are organized for students of 'Film, Television & New Media Production'.

I am pleased to know that in the past three months (January to March), DGMC has excellently combined academic as well as extra-curricular activities and outreach programmes. FYPGDM classes were conducted in the campus. The students completed online internship parallel to their academic sessions with an advertising agency FANATICS. SYGDM students were sent for Capstone Project for internship (Trimester VI) with either advertising agencies, production houses, event management companies or content writers. Winter session examinations of Post Graduate programmes were held between 3rd & 6th February, 2021.

I am happy to note that the Rotaract Club, Women Development Cell and NSS Unit of DGMC organized many outreach programmes. The NSS Unit & Rotaract Club of Deviprasad Goenka Management College of Media Studies (DGMC) conducted a "Beach Clean Up Drive" at Juhu Beach on Sunday, 24th January 2021. The Women Development Cell of DGMC organized a one day Workshop on "Sexual Harassment at Workplace" on 20th January, 2021 on the GOOGLE Platform. DGMC successfully organized its second edition of the Media I.C.E Age International Festival and its International Film Festival - Cinevoyage 2021 on Zoom and Google Meet Platform.

I take this opportunity to compliment the Editorial Board for providing all important information through quarterly bulletin 'Abacus' in a systematic and artistic manner

Rajasthan Sammelan  
Education Trust

Dear Reader,

It is indeed remarkable how all the educational institutions of RSET have courageously faced the challenges on account of continuous lockdown of the educational campuses and continued with the teaching-learning process. It is heartening to note how easily they have adapted themselves to the on-line mode of teaching, online providing the students with a meticulously and carefully planned mix of academics and extra-curricular activities. Students of all our institutions have proved yet again that it's not just studies that they excel in but also in every single co-curricular and extra-curricular activity that the institution has chosen to organize. I am glad to note that Ghanshyamdas Saraf College organized an online get-together for its former students through the Alumni Association. The alumni who are now flourishing in fields such as education, law, civil services, corporate, etc. have expressed willingness to guide the present students of the college. All the institutions celebrated Marathi Language Day on 27th February by holding recitation of Marathi poems, singing Marathi songs through the online platform.

I am happy to note that volunteers of NSS, DLLE units and Rotaract Club of colleges participated in several outreach programmes. The NSS unit and Rotaract Club of Deviprasad Goenka Management College of Media Studies conducted a 'Beach Clean Up Drive' at Juhu Beach on Sunday 24th January, 2021. NSS volunteers of Ladhidevi Ramdhar Maheshwari Night College of Commerce participated virtually in the webinar on 'Cyber Crime Awareness' organized by K.P.B. Hinduja College of Commerce. It is a matter of pride that Durgadevi Saraf Institute of Management Studies and Durgadevi Saraf Global Business School jointly organized virtually the most prestigious event of 'Remsons International Research Conference 2021' on 27th March, 2021.

I take this opportunity to compliment the Management for their constant support and encouragement to all institutions and wish a great future to all associated with RSET.

Suwadevi Doongermal  
Patodia Lab  
at MBIS

Dear Reader!

Effective teaching and learning of science involves a perpetual state of show and tell. Good schools combine classroom teaching with laboratory experiments to ensure that their students grasp each and every concept thoroughly. It is also believed that laboratory teaching and experiments help students to retain their knowledge for longer period, when they conduct the experiments by themselves.

The Management members of Rajasthani Sammelan Education Trust have always been at the forefront to provide all possible resources of teaching-learning to the institutions managed by the Trust. Hence they have provided well-equipped science laboratories to all the schools. I am pleased to note that Suwadevi Doongermal Patodia Chemistry Laboratory at the 9th floor of Mainadevi Bajaj International School has been fully utilized by the students of MBIS for their Chemistry Practical's, practical examinations and also for competitive examinations like Science Olympiads in normal times. The Chemistry laboratory at MBIS is well equipped with all the essential apparatus and chemicals required for a complete learning as per international standards. The lab follows all the standard safety precautions like safety shower, fire alarms and extinguishers, fume cupboard, first aid kit, safety goggles, lab coats, gloves, etc. The students of MBIS are duly supported by the Lab Assistant who keeps the lab ready well in advance with the required equipment and chemicals.

I am very happy to note that students of MBIS participated virtually in International Science, Maths and English Olympiads and some of them have won gold and silver medals along with certificate of excellence. All the institutions have efficiently combined teaching as well as extra-curricular activities through online platform due to lockdown caused by COVID-19.

I wish a great future ahead to all Heads of Institutions, Staff and Students.

Dear Reader,

Through this issue of Abacus I convey my hearty felicitations to the President, Trustees, members of Managing Committee, Principals, staff and students of all institutions for the excellent progress and development of all institutions and organizations run and managed by the Trust in this challenging times of lockdown due to COVID-19 Pandemic. In the past three months, with the strong support of the IT Department of RSET, teachers continued teaching through online platform followed by online examinations conducted by colleges in MCQ format as per directive of Mumbai University. A well-known agency was appointed to conduct online examinations of all the colleges. All the projects of students were prepared and assessed through online platform. Students of Deviprasad Goenka Management College of Media Studies also completed online internship parallel to their academic sessions with 'Fanatics', an advertising agency. Other students of the college also completed online internship with production houses, advertising agencies, event management companies and content writers.

It is a matter of great pride that five group of students of Ramniwas Bajaj English High School participated in the EUMIND (Europe meets India) project 'Go Green' and received 'Certificate of Excellence' from International Jury.. Rajasthani Sammelan  
Education Trust

Dear Reader,

Youth comprise a sizeable population of our country. According to a recent statistics there are more than 50% of Indians below 25 years of age. Therefore, The President and his team at Rajasthani Sammelan Education Trust have taken the mission of providing best possible education to the students of RSET schools, colleges, management institute and college of media studies. If students are properly educated and also provided suitable skill based training then they can get gainful employment on completion of education. I am pleased to note that proper training is also given to students to develop a global perspective by interacting with schools/universities of other countries. Ramniwas Bajaj English School and Mainadevi Bajaj International School are members of EUMIND (Europe meets India) and have completed their project 'Go Green' by interacting with students of Berlage Lyceum School, Netherlands & Hervormd Zuid School, Netherlands respectively. This year 5 group of students from Ramniwas Bajaj English High School continued the Eumind journey with the project 'Go Green'. They interacted with the students of Berlage Lyceum, Netherlands and won the Certificate of Excellence from the International Jury, Europe.

It is a matter of great pleasure that among the institutes of higher education, Durgadevi Saraf Institute of Management Studies & Durgadevi Saraf Global Business School under the aegis of Remsons Centre for Management Research organized 7th International Research Conference on 27th March 2021 through Zoom platform. Deviprasad Goenka Management College of Media Studies successfully organized Media I.C.E Age Intercollegiate Festival, International Film Festival - Cinevoyage 2021 and the International Conference on: 'Living Gender' on the Zoom and Google Meet Platform.

Vijay Pal Singh  
Health Centre

Dear Reader,

Life is very challenging for today's youth. They have to face competition at every stage of their studies. For this they have to work very hard continuously to have a successful career on completion of their studies. However, this will be possible only if they are healthy and physically strong. Keeping the physical welfare of students in mind, the Management of Rajasthan Sammelan Education Trust started Vijay Pal Singh Health Centre in RSET campus which was inaugurated by my mother Smt. Vimlesh Kumari Singh on 25th January, 2014. I am glad to know that since then the health centre is running successfully catering to the basic health check-up of school children of all the schools of RSET. Half yearly health check-up facility is also available to students staying in women's as well as boys' hostels run by the Trust.

I am happy to note that in normal days, Ayaksha Health Care Services, the agency entrusted to run the Health Centre is providing first aid to all students in the campus at the health centre which is open from 7 a.m. to 7 p.m. on all working days. A doctor is available every day in the morning to attend to the students. During health check-up, a panel of doctors are available for school children from Pre-Primary to Secondary sections of all schools. Other activities of Ayaksha Health Services include making children aware of oral hygiene, teaching children about good touch and bad touch and how to overcome exam anxiety and fear related to their performance, mock fire-fighting drill to keep the students aware in case of such emergency.

I take this opportunity to congratulate Shri Ashok M. Saraf, President, RSET and his team for such phenomenal success in their journey of educational endeavours.

Outlet

Dear Reader,

I am pleased to note that Ramnarayan Saraf Educational Outlet is catering satisfactorily to the stationery requirement of all institutions of Rajasthan Sammelan Education Trust. The educational outlet not only provides stationery items but also provides facilities of xeroxing, scanning and also for other items required for preparing projects of students in normal time. Ramnarayan Saraf Educational Outlet has proved to be a boon not only for all the institutions to fulfill their stationery requirements but it has helped parents and students greatly as they easily get full set of text books, note books as well as work books as required class wise.

It is heartening to note that all the schools of Rajasthan Sammelan Education Trust successfully and jointly celebrated Republic Day on 26th January, 2021 with Shri Kailash Parasrampur, Trustee, RSET as the Chief Guest who also hoisted the National Flag. Regular examinations of Ghanshyamdas Saraf College, Ladhdevi Ramdhar Maheshwari Night College of Commerce and Deviprasad Goenka Management College of Media Studies were conducted through the online platform in MCQ Format as per directives of the University of Mumbai and with the help of a well-known agency having expertise in conducting online examinations.

I am glad to know that colleges and management institute of RSET organized many prestigious webinars and conferences through online platform. Durgadevi Saraf Institute of Management Studies conducted 7th Remsons International Research Conference in the month of March in which many corporate, academicians, professionals, research scholars and policy makers participated. Deviprasad Goenka Management College of Media Studies organized Media I.C.E Age Intercollegiate Festival, International Film Festival - Cinevoyage 2021 and the International Conference on 'Living Gender' on the Zoom and Google Meet Platform.

Dear Reader,

The rapid changes and increased complexity in today's world present new challenges and put new demands on our education system. Rajasthan Sammelan Education Trust is aware of these challenges and accordingly the President and his team are providing all required infrastructural as well as technological facilities for the teaching learning of the students of all the institutes managed by them.

I am pleased to note that in the past few months, the Management continued support to teaching and non-teaching staff of all institutions by providing required training and help by the staff of IT Department to continue teaching, conduction of examinations and also extra-curricular activities through online mode using online platforms such as Zoom, Google classrooms etc. It is heartening to note that all the colleges conducted online examinations in MCQ format as per directive of Mumbai University. A well-known agency having expertise in conducting online examination had been engaged for all the colleges to conduct examinations. Projects of students were also assessed by faculty through online platform. Students of Deviprasad Goenka Management College of Media Studies also completed online internship parallel to their academic sessions with advertising agencies, production houses and content writers.

It is a matter of great pride that Ramniwas Bajaj English High School became member of EUMIND (Europe meets India) in the a.y. 2018-19. Since then, every year group of students participated in preparing international projects with some European school and interacted with them on Skype. This year, 5 group of students of RBHS have completed their project 'Go Green' by interacting with students of Berlage Lyceum School of Netherlands. Dear Reader,

Today, world is becoming a global village in terms of exchange of ideas and sharing of knowledge. Due to lockdown caused by COVID-19 Pandemic, virtual learning is becoming popular day by day and the new normal for educational institutions. Rajasthani Sammelan Education Trust is also sensitive to the technological support required for teaching-learning of students studying in all the institutions in its campus. It is heartening to note that Devendra Lath Communication Centre in RSET Campus having video-conferencing facility has proved to be extremely beneficial to the Management and staff for online meetings in the lockdown period. Recently, Governing Board & CDC meetings of Ghanshyamdas Saraf College and Ladhidevi Ramdhar Maheshwari Night College of Commerce as well as sub-committee meeting of Durgadevi Saraf Junior College were held in Devendra Lath Communication Centre on Zoom platform.

It is a matter of great satisfaction that during this lockdown period all the schools successfully conducted meetings of Parent Teacher Association as well as Child Safety Committee. All the institutions also conducted their statutory meetings through online platform. I am very happy to know that DSIMS has been ranked 29th among top B-Schools in India as per Times-B School Survey 2021 published in Times of India on 26th February, 2021. To relieve the stress of lockdown, DGMC hosted an Inter-Institute friendly cricket tournament for Teaching and Non-teaching staff of all RSET Institutes including RSET staff. The event saw entries from Mainadevi Bajaj International School, Ghanshyamdas Saraf College, Ladhidevi Ramdhar Maheshwari Night College of Commerce, Rajasthani Sammelan Education Trust and 2 teams of the host college DGMC. RSET team won the match and received a Trophy at the hands of Dr. Amee Vora, Principal, DGMC.

Dear Reader,

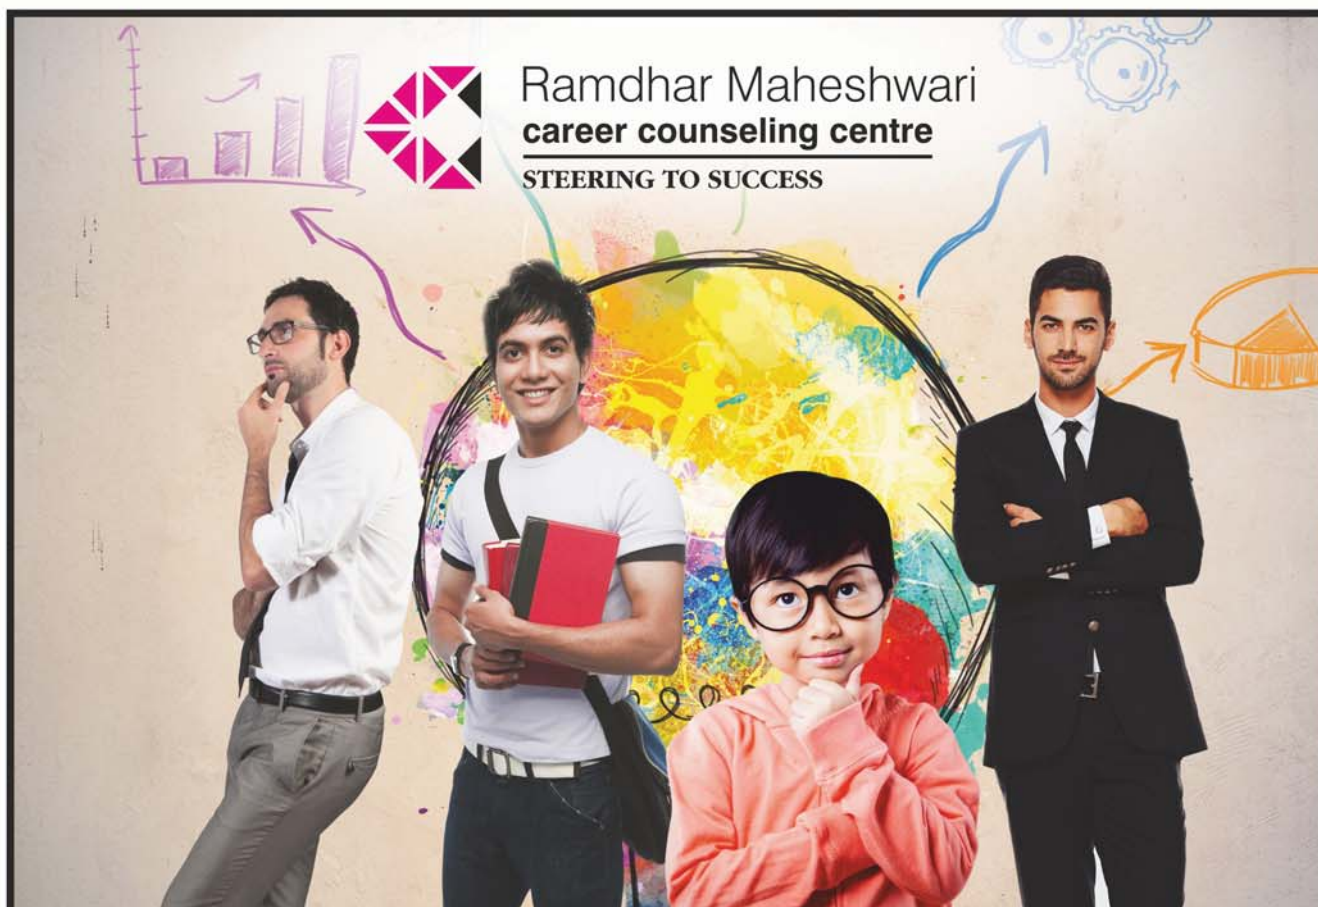

I am very happy to note that Durgadevi Saraf Institute of Management Studies has been ranked 29th among top B-Schools in India as per Times-B School Survey 2021 published in Times of India on 26th February 2021. This has been possible due to the state of the art infrastructure, quality of education imparted by the faculty, vast knowledge resources made available to staff and students, regular industry academia interaction by inviting high level corporates in the institute, organizing national and international seminars and conferences and also by providing all required technological support for teaching-learning. I am pleased to note that in this lockdown period also Smt. Smita Mahavir Agrawal (Nevatia) Seminar Hall has been fully utilized for physical cum Zoom meetings of Rajasthani Sammelan Education Trust as well as other important meetings. The technological support of a computer and a LED Projector give full support for presentations during the meetings and lectures in this airconditioned and sound proof Seminar Hall.

In spite of continuous lockdown, with the strong support of IT Department of the Trust, all the institutions successfully carried out teaching, examinations as well as extra-curricular activities through online platform. Durgadevi Saraf Institute of Management Studies & Durgadevi Saraf Global Business School under the aegis of Remsons Centre for Management Research organized 7th International Research Conference on the theme 'The New Normal in Businesses - Readiness and Resilience' on 27th March 2021 through Zoom platform. # LIVING GENDER:

Recognition • Repression • Representation

a one-day virtual international conference

16<sup>th</sup> January 2021

## "A part of a healthy conscience is being able to confront consciencelessness."

— Martha Stout, The Sociopath Next Door

While the past year has been tremendously thought-provoking, there have been remarkable stories of human resilience, ingenuity, and creativity. However, it is true that there are a number of positives that have out of the crisis. Here, at Deviprasad Goenka Management College of Media Studies, Principal Dr. Amee Vora along with her team, found opportunities in crisis on how to build the more positive aspects into long-term strategies.

With the onset of COVID-19 and decreased physical interaction it made it challenging to organise a mega event but it also gave us prime opportunities to interact and connect with well-known resource persons all over India and abroad. Resource persons who otherwise would have been out of our reach were keen to be part of DGMC's Conference making it internationally worthy.

The International Conference, Living Gender – Recognition, Repression and Representation was held on 16th Jan 2021. This conference was designed to include versatile topics; some extremely controversial, some educative, some enlightening and most of all very current issues, informative and engaging subjects. It also showcased our student's creativity, organisational and public speaking skills. DGMC is certain that our students with this rich experience and experiment are ready to face the real world.

Keeping in mind the ethical necessity of observing social distancing, DGMC conducted the entire conference on the virtual mode. The virtual platforms opted for the purpose was Zoom and Google Meet.

### Conference on Living Gender – The Rationale

The term 'gender' has evolved over the years, surpassing the binary male and female and is now inclusive of a wide spectrum of identities. It intersects with other governing, social, economic and political structures like those of caste, class, ethnicity and race to further create situations of invisibility, discrimination, marginalization, double marginalization, silencing, hybridization, sexism, and disempowerment.

Media studies involve the study of the workings of variedly distributed power within the industry. In this context, a thorough immersion into the ocean of gender discourses beyond the popular disembodied western rationality surrounding the idea of 'gender and power' is an imperative for every student pursuing Media Studies. Deviprasad Goenka Management College of Media Studies, being an educational space that predominantly specializes in offering Media Studies, took up the responsibility of curating a web-conference on gender.

### Conference on Living Gender – Get the Wheels Rolling

The Internal Quality Assurance Cell of the College meticulously planned and organized a full day international conference titled "Living Gender: Recognition, Repression and Representation". The objective of the conference was to enable the understanding, reflection and ideation of various expressions of the interactions of gender with other social structures and its impact on different sections of the society.

This multidisciplinary conference was proposed with the idea of bringing together people across the spectrum of gender, sexuality, disability,

caste and nationality to create a dialogue around these themes which can lead a way forward for not just academia and pedagogy but also various other platforms such as media, commerce, and management platforms on issues of gender.

The inaugural ceremony commenced with a breathtaking curtain raiser prepared by Prof. Shalu Balan. Ashok Ji Saraf, the chairperson of Rajasthan Sammelan Education Trust addressed the audience giving his best wishes for the success of the event. This was followed by the Principal of DGMC, Dr. Amee Vora's welcome address. Dr. Dilnaz Boga, the head of Internal Quality Assurance Cell presented the rationale of the conference. Mr. Digbijoy Ghosh student of SYBAFTNMP made the announcement regarding three panel discussions that were set to be conducted one after the other throughout the day.

### Conference on Living Gender – Setting the Tone

The keynote address was delivered by Dr. Deepti Misri, Associate Professor of Women and Gender Studies at the University of Colorado, Boulder. The Keynote address covered questions of gender marginalization in the Kashmir valley, the Hashtag Me Too Campaign pertaining to the Kathua case and celebrity support for the gender cause.

Guest of Honour, Acharya Laxmi Narayan Tripathi addressed the audience. In her speech that showed unflinching courage, highlighted the sorry condition of trans-genders and the oppressive treatment meted out to the trans-community even in this day and age.

The powerful speeches of the two guests at the commencement of the event set the tone for the three huge panels of the web conference.

### Living Gender – Panel on Recognition Intersectionality

The aim of the first panel discussion "Living Gender through Recognition" was to bring out the complexities of recognizing not just gender identities but also understanding the impact of different other invisibilising structures like caste and disability on gender discourse. The keynote address was given by Dr. Anjali Arondekar's and the panel was moderated by Rajni Palriwala with an unparalleled assertiveness in tone and spirit. Dr. Anita Ghai, Dr. Akkai Padmashali, Dr. Smita Patil, Rishit Neogi and Kalpana Sharma were the panelists.

The panel raised questions on the normalization of state involvement in criminalizing, decriminalizing and recriminalizing bodies and the intersectionality of class, caste and gender. The panel further provided insights on the need to understand gender in the context of cure and care, driving home the message, "We are not broken, so don't fix us."

### Living Gender – Panel on Recognition: Paper Presentation

A research paper titled "I'm my own boss and I exploit myself" in a patriarchal capitalist system: An exploration into the work of women freelancers in the advertising industry in India, prepared by Kailash Koushik and Nivedita Mahesh and was allowed to be presented by Kailash Koushik as part of recognizing the most meritorious work received in this category. This research paper focused on the oppressive indoctrination of what is termed as hegemonic normal.

### Living Gender – Panel on Repression: Inadequacies of Law and Language

This panel commenced with the keynote address delivered by Urvashi Butalia; with her ornate style of oratory, Urvashi Butalia drew the Zoom room's attention to the fact that the dynamics of law and enforcement is

not able to cope with the veracities connected with gender. The audience could not have agreed more with her when she asserted that ambivalence is part of the question of gender. This panel was Moderated by Laxmi Murthy, and it focused on the lacunae inherent in language and its apparent failure to safeguard intangible questions of identity, nationality and gender. The panel further brought the audience's attention to the inbuilt hierarchies in structures of language, values and media. Pooja Nair, Sameera Khan, Girija Gupte and Aishe Ghosh were the illustrious members of this panel.

## Living Gender – Panel on Representation: Media Narratives

The last panel "Living Gender through Representation" aimed at raising the pertinent questions of representation of whom and by whom. Ms. Sampath Pal was the keynote speaker. Ms. Pal, with her commanding disposition and loud voice, got the panel floor ready to raise the question of self-determination and absurdity of benevolence in the context of gender. This panel was Moderated by Dr. Shilpa Phadke, the panel focused on questions of privilege in media representation and transnational narratives of gendered bodies. Dr. Aqsa Shaikh, Dr. Meghna Dutta, Dr. Shamim Modi and Sumaira Jajja were the panelists.

This panel boldly highlighted how media narratives have a hierarchy of danger as they over represent violence and crime against women. This panel also raised contentions on how when society claims to be concerned about women's safety, it is not concerned about their actual safety and security but rather it is more concerned about protecting their reputation linked to chastity.

## Paper Presentation via Google Meet

Paper presentation including discussion on the correlated topics was simultaneously conducted on the Google Meet Platform. Dr. Rajlaxmi Ghosh, Subject Matter Expert from Jadavpur University, Kolkata, a PhD in Women's Studies and a Double Master's Degree in Film Studies and Comparative Literature chaired the paper presentation session that was presented by 7 well-versed participants.

## Closing Keynote Address

The closing key note was delivered by Dr. Nitasha Kaul, Associate Professor, University of Westminster. In her closing, she highlighted crucial conceptual points related to nature of subjugation, politics, identity, 'relationality' in the contextual pastures of gender studies.

## Conference on Living Gender – Bidding Adieu

At the end of each panel discussion, a question and answer session was allowed for the attendees to interact with the panelists. Vote of thanks was proposed separately for every individual panel. Queries that appeared on the chat sections were attended to throughout the event.

The conference concluded with an earnest request placed before the audience to share the experiences they would be taking home from the different panels of the conference and make the most of it by bringing about the much needed sensitivity and behavior change in the area of gender comprehension.

A vote of thanks was proposed separately for every individual panel. Queries that appeared on the chat sections were attended to throughout the event. Prof. Selvi delivered an oral summary presentation of the entire conference. After that, Dr. Dilnaz Boga, the head of the Internal Quality Assurance Cell proposed the vote of thanks. Many members from the audience were vocal about how the conference happened to be an enriching experience for them. The conference concluded with an earnest request placed before the audience to share the experiences they would be taking home from the different panels of the conference and make the most of it by bringing about the much needed sensitivity and behavior change in the area of gender comprehension.

The International conference concluded, leaving its indelible imprints on the minds of the audience.

Following Sri Saraswati Vandana, an invocation to the Goddess of Learning and playing of the DSIMS Anthem, Director DSIMS Dr. C Babu and Director DSGS, Dr. Sarita Vichore ceremonially initiated the opening of the Conference and warmly welcomed the dignitaries and guests on the occasion. DSIMS Director Dr. C Babu expressed his satisfaction of organizing a Conference of this stature and mettle at

trying times. The rise and fall of businesses, the ebbing of business cycles, the spurt in economies found voice and vividness in his address. He illumined the audience from personal anecdotes and learnings during and after the lockdown and narrated that how RSET and her affiliate Institutes and Colleges exhibited extraordinary courage to rise on the occasion, remain grounded to their profession and passion and made a difference in the academia.

In her address, Dr. Sarita Vichore mentioned that businesses in India and across the world has reacted rapidly, reorganizing supply chains, adopting remote-work models, and speeding up decision making with surprising velocity. Vaccines were created with unprecedented swiftness. As with prior crises, the organizations that acted quickly to

counter the COVID-19 downturn dealt with the disruption better than the organizations that reacted more slowly. She mentioned that the Conference will immensely benefit from the prudence and wisdom of the revered speakers and panelists.

The Plenary Session also marked the unveiling of the Vol. 2, Issue 2 and Volume 3 Issue 1 of the Institute Journal "The Management Quest" by RSET Leadership Team. The Proceedings of the Remsons International Research Conference were too formally unveiled in the Conference. Presenting the Remsons Research Centre Report 2021, Dr Sumana Chaudhuri mentioned that under the aegis of RCMR, DSIMS and DSGS conducted over twenty Internal FDPs in emerging areas of business and managerial scholarship. Also, to encourage the research and enhance the research capabilities of Institute faculty members, DSIMS and DSGS have deputed the faculty members for training to IIMs and other premier institutions, including Online FDPs organized by Higher Education Forum, Bombay Chamber of Commerce and Industry, ASSOCHAM and other industry and academic Institutes to undergo training in research methodology and participate in case study workshops.

President RSET and Chairman DSIMS, Mr. Ashok Saraf, narrated the history of the establishment of the Remsons Research Centre at DSIMS with a generous donation made by Shri Viswaprakashji Harlalka and he also highlighted the vision of Rajasthan Sammelan Education Trust (RSET) towards educational excellence. Mr. Saraf appreciated the theme of the Conference, particularly when the business environment is in a state of flux. He stressed on the need for vision to identify the inflexion point, looking at the strategic window of slowdown and uncertainty. He reiterated that though he missed business travel and interaction with clients during the lockdown, nonetheless, the business growth has been noteworthy. It stems from his firm conviction that readiness and resilience can usher the right Call to Action.

Chief Guest, Mr. Krishna Kejriwal, Chairman and Managing Director Remsons Industries delivered his insightful keynote speech on changing business strategies to keep pace with the downward swing of the economy. He opinionated that amid inevitable disruptions and exponential changes, the businesses need to scale up their skill sets through innovation and just in time and place interventions. Talking about contingencies like the pandemic, he urged the audience to exercise prudence to face the crisis and emerge victorious.

The distinguished speakers onboard in the Remsons International Research Conference 2021 included an outstanding congregation of leading industry commanders and academic stalwarts across three continents, North America, Europe and Asia.

Professor David E Zepeda from Boston University, Massachusetts, in his opening notes mentioned that COVID-19 pandemic is far more than a health crisis: it is affecting societies and economies at their core. He provided us insights into current U.S. consumer behavior regarding healthcare. In many ways, Professor Zepeda mentioned that consumers in USA are taking charge of their health more than ever before. They are learning about their health risks, communicating with their doctors in new and different ways, and changing their attitudes about data privacy. Each of these factors has a significant influence on how patients are interacting with the health system. He opined that globally, healthcare supply chains are becoming more agile and adaptive while optimizing cost and

decreasing time to market for bringing all citizens under the vaccination fold.

Professor Krishnendu Sarkar, Director, NSHM Knowledge Campus, Kolkata mentioned that the higher education sector saw some fundamental changes during COVID-19 and engagement with all stakeholders was a key attribute to be successful. Many professionals used this time to reskill themselves, opening new opportunities for academic Institutions. New Education policy (NEP 2020) also helped universities with flexible online programmes. Professional courses like engineering and management became more relevant during COVID19, as expressed by Professor Sarkar.

Professor Sachin Kamble from EDHEC Business School, Paris, focused on the Small and Medium Enterprises in European Union and how they have weathered the uncertainties of the pandemic induced slowdown. Professor Kamble, while drawing a comparison between SMEs in India and European Union, deliberated that the steps for reopening and reinvention remain unchanged, but businesses must now consider how the pandemic's progress, strength or recurrence in different geographies is impacting their recovery strategies by course correcting, again and again, as circumstances change abruptly and dramatically. This requires them to reassess assumptions, re-evaluate scenarios and strengthen their ability to sense and respond.

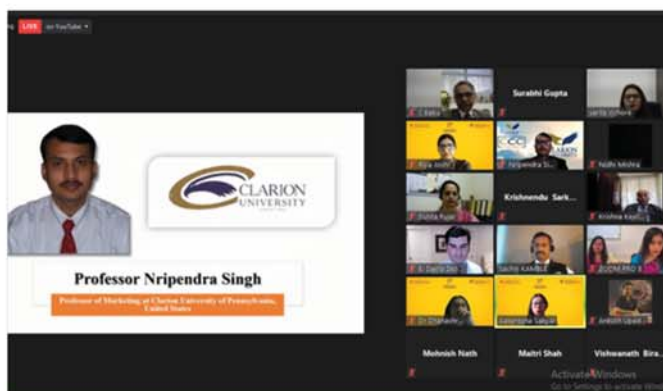

Professor Nripendra Singh from Clarion University, Pennsylvania made his insightful observation on the consumer facing industries in United States and ways adopted by them remain steadfast in their growth amidst a recessionary economy and conservative mindset by the consumers. As coronavirus infections spread throughout America, the USC Center for Risk and Economic Analysis of Terrorism Events (CREATE) study projects that the country stands to lose \$3 trillion to \$4 trillion in GDP over the next two years. The economic impact of the COVID-19 pandemic in the United States has been largely disruptive, adversely affecting travel, financial markets, employment, shipping, and other industries. Leading his discussion through a case study of Walmart in United States, Professor Nripendra Singh espoused a more consumer centricity to win over a growing breed of home bound consumers.

The morning session ends with a Vote of Thanks proposed by Professor Pooja Goswami to the esteemed dignitaries.

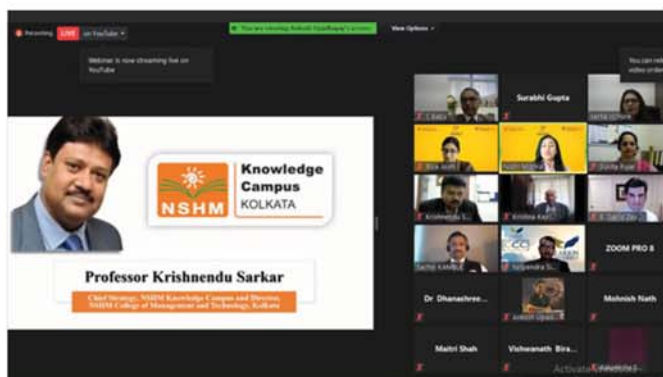

In the Paper Presentation Track, six selected research papers, shortlisted based on their merit by the blind reviewers, were presented. This year witnessed an increasing trend of submissions from diverse areas of industry and academia. Professor Sumit Mitra, Professor of Strategic Management, Indian Institute of Management Kozhikode was the Session Chair. Based on fair evaluation by Session Chair and blind reviewers, three of the six papers were chosen as the Best Paper Awardees. In conclusion, Professor Sumit Mitra advised the next generation of teachers in business schools to build an element of preparedness and tolerance for ambiguity with respect to charting their course of research trajectory in the new normal.

Professor Dhanashree Potey summarized the proceedings of the paper presentation.

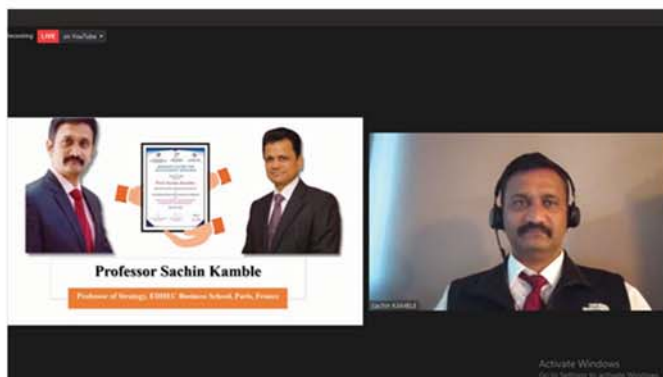

Ms. Sunita Pujar offered the vote of thanks for the Paper Presentation Session. The Conference was indeed a grand success.

Education Policy organised by India International Education Council, where the Principal Dr. Padmaja S Kutty was a keynote speaker who enlightened the audience with the methodologies for successful implementation of the NEP. Teachers also attended the live streaming of 'Cover of Compassion' drive carried out in Jaipur. The second VC of Eumind was conducted with Berlage Lyceum school, Netherlands; where students from grades 8 and 9 of all the 5 groups exchanged views about making of the project-Go Green.

#### CUDDLE UP TO SOME FUN and EXPLORE YOUR CREATIVE SIDE

The 72nd Republic Day was celebrated virtually in the school during school hours in both the sections. Family ties –Panache: An inter house competition was conducted in both the sections during school hours; where students dressed up for a fashion show wearing the outfit made by them which depicted "Best out of Waste". A family member accompanied every student. Little Bookworms' Day, Story Telling Competition and Fitness day was also celebrated in the Pre Primary. Fitness day was celebrated by conversation on eating healthy food and also did a few yoga asanas and exercise. A cooking experience was also organized for the same.

National Science Day was celebrated in the Primary and the Secondary where the students demonstrated experiments virtually with the available resources at home. The UN sustainable goals were kept in mind while conducting the activities. The Culminating Activity at RBHS is an academic integration of all subjects along with development of skills. This is conducted across Grades 1 to 7 with an objective to promote a classroom of thinkers who would have the courage and conviction to lead the world with their insight, competency, calibre and impeccable values. The themes followed in the Primary were as follows:

**Grade 1-** Rekindle Kindness in Mankind ;**Grade 2 -** The best Time for New Beginnings is Now; **Grade 3 -** Save today , Survive tomorrow ; **Grade 4 -** Everything is possible if one is Responsible; **Grade 5 -** Do Right, Save Light. Keeping the theme in mind, the students performed a few experiments

well demonstrated through hands-on activity, which provided an experiential learning set-up to the young minds. This was followed by a Life skills skit and Quiz session for the ever-enthusiastic parents who actively participated and enjoyed answering the questions. The theme for Grade 6 highlighted Women Empowerment. Students wholeheartedly presented the vital role women play around us. This activity drew out their best narrative skills by highlighting their vision, collaboration, and curriculum development in our dynamic students exploring everyday creativity and implementation of moral values. The theme for the Grade 7 Culminating Activity for Grade 7 was 'Be strong, Be beautiful, Be you'. The Culminating Activity highlighted the contribution of women in various fields who have made their mark be it Literature, History, Music, Science and others. Through this activity, students explored their abilities, eradicated their weaknesses and created a broader vision of life. Students learned to contribute, manage and organize individually as well as a team; it sparked their innate skill of leadership, responsibility, innovation and creativity and nurtured their social and moral values.

#### AMILEWIDE, AN INCH DEEP

The 4th Online PTM was conducted for all sections successfully where teachers guided students about the preparation and various fields in which students need to work for the Annual Examination.

#### BEYOND SCHOOL

Virtual field trips in the Secondary created an exciting buzz and students thoroughly enjoyed them. A Visit to the Art Gallery was planned for the Cultural Club students; where they learnt the details of painting, sculpture, Geode art and many more. Palette Knife activity was also conducted by the guest speaker with students. For the Literary Club students travelled virtually to Shri Vallabh Ghanshyamdas Saraf Knowledge Resources. The librarian of the centre guided the students by showing different collections of books kept in closed as well as open shelves, use of library cards, issuing books using Koha software. The virtual field trip to Kaaans Store was a treat for the Mathematics Club students where they experienced a virtual shopping experience integrated with Mathematical computation. Students learnt about the mathematical calculations of discount percentage, how to get benefits by using different offers. Virtual field trip of Nature Club to Sanjay Gandhi National Park was enjoyed by all students; where students witnessed different plants and species. Mr. Jayesh Vishwakarma, a Naturalist gave a

virtual tour at SGNP and shared some valuable information with our students.

#### ONE NATION, ONE VISION, ONE IDENTITY

Keeping in mind the vision of Mahatma Gandhi, the Republic Day is celebrated on 26 January 2021 with great pomp and festivity. However, this year due to the COVID-19 Pandemic, the 72 nd Republic Day was celebrated in a moderate way as per the government norms of social distancing. In the morning, Shri Ashok M. Saraf, President, Shri Kailash Kejriwal, Hon. Secretary along with a few Trustees and Managing Committee members arrived at the campus. They were welcomed by Heads of Institutions and Staff and were escorted near the flag pole. Exactly at 9 a.m. the National Flag was unfurled by Shri Kailash Parasrampur, Trustee of RSET. Simultaneously the National Anthem was sung by the KGES teacher, Ms Shweta Jha and Dr Padmaja S Kutty on this occasion.

#### NURTURE A LOVE FOR READING

The Library classes were conducted regularly for the Primary and the Secondary; where stories are shared with students in the form of videos and subsequently interactive discussions are held to make it more relevant to real life and learn to describe characters and also connect with stories of the same genre.

#### MAKING THE RIGHT CHOICE

Keeping in mind the learning requirements of students, the ICSE board has suggested a choice of various important subjects for Grade 9. These subjects are categorized into three main groups. Students have to make a choice of subjects in Group 2 and Group 3 at the Grade 9 level. The process begins in the second term of Grade 8 where the subject selection circular along with the details are sent out to parents. To help in the process of making a judicious choice, an orientation was conducted for parents and students of Grade 8 on 9 January 2021. The Principal, Dr. Padmaja S Kutty along with the team of secondary teachers conducted the orientation; giving a detailed insight of the syllabi and implementation of various subjects offered at the school. The orientation saw a good attendance of parents and was much appreciated.

#### MARKING THE SUCCESS OF A FRUITFUL JOURNEY 2020-2021

The PTA and CSSC members expressed gratitude over the fruitful and positive changes observed in the academic year 2019-20. They appreciated the school for having taken over the online learning sessions so well and provide complete academic support to students successfully. The school also thanked the PTA members for their support and cooperation through the year.

### Teacher Training

Learning is fundamental to teaching; thus teaching and learning are inseparable processes. It is imperative that a teacher continues to learn and grow in the teaching profession through various methods, sources and avenues. The teachers in the Pre-Primary and Primary section attended online workshops for this same reason.

Jodo Gyan - a workshop that formed the basis for continued interaction for extending activity-based learning in mathematics was attended by teachers. Supporting Freedom and Discipline at Home was another online workshop that helped teachers to understand that while allowing freedom to students to be independent, teachers must also maintain structure, rules and a sense of responsibility. Two other workshops by TIESS and Simon Lind - A Cambridge Professional Development workshop also helped the teachers learn and acquire knowledge that will definitely lead to their growth.

On 27th February, 2021, the Literati Club of Deviprasad Goenka Management College of Media Studies organized a celebration of the Marathi Language Day or the Marathi Diwas. The online event was anchored by Vaibhavi Jog in Marathi and Digbijoy Ghose in English. . Principal of DGMCMS, Dr. Amee Vora stressed upon the need of learning the mother tongue and indulging in its literature. Professor Saurabh Deshpande delivered a speech in Marathi where he talked about the history, significance and evolution of the Marathi language. Professor Vidula Deo also touched upon the rich literature in Marathi language. The students were then instructed to take part in an activity wherein they'd have to post in their own words an aspect of the Marathi language on their Instagram as part of the Marathi Diwas celebrations. Finally, the librarian Geetanjali Marathe delivered the concluding speech.

### World Poetry Day: Digi Kavi Sammelan

The event 'Digi Kavi Sammelan' in celebration of World Poetry Day was organised by the Rotaract Club of DGMC on 21st March 2021.

**Dr. Amrik Singh**, the chief guest of the event, is an extremely knowledgeable professor from the University of California, Sacramento, who graced the event with his insightful talk. He shared his views upon the topic "Is Poetry a Dying Art?".

Dr. Amrik Singh explained to those attendees how poetry is in fact not a dying art but instead a 'changing art'. He carefully covered important topics throwing light upon how poetry acts as an art of expression in every form. He discussed how each individual is "born from the same light" and hence, are all equal. He read out excerpts from the Guru Granth Sahib, explaining how its verses are purely poetry.

### DEVELOPING YOUR VISUAL IDENTITY: Guest Lecture with Mr. Parag Gopale on 27th March 2021.

The guest lecture delivered by Mr Parag Gopale on the topic 'Developing Your Visual Identity'. Mr. Gopale is well known for his art in India and abroad. Mr. Gopale used the webinar to explain the importance of Visual Identity and how it is important to understand its nuances in order to be a better photographer. The webinar revolved around the aspects of identification, development and delivery of various aspects of identity and how one goes about understanding it. He was forthcoming about the issues faced by modern budding photographers and how in the time of such advanced technology one needs to still develop their eye for creativity in order to be recognized in the field. He answered a lot of queries made by students who want to pursue photography and shared

useful anecdotes of his own career to simplify their queries.

### Rotaract Club along with the "Touch Foundation" organises Holi with a difference for the underprivileged children of Bal Sadan: RAYS AND HUES

RAYS AND HUES event organised by the Rotaract Club along with the "Touch Foundation".

Eleven active members of the Rotaract Club along with their enthusiastic mentors Ms. Selvi S and Mr. Shalu Balan organized a 2-day event on 30th and 31st March 2021 for the children of Bal Sadan. The event was in collaboration with "Touch Foundation". The event was aptly named Rays & Hues in keeping with the Holi celebration. This two day event brought loads of smiles and happiness on children's faces that was captured through the lenses by DGMC's media students. The Rotaract members had choreographed a song and dance item which was followed by games, goodies, gifts and photoshoot. It truly brought the spirit of color to light.

**The Literati Club of DGMC organised an interactive discussion on the topic: Periyar and his Choices of Philosophical Weapons by Mr. V. Prakash** on Wednesday 31st March 2021 from 2.30pm onwards on the Google Platform.

The Literati Club of DGMC arranged for a talk for all the students of DGMC to discuss and set the ball rolling towards knowing Indian philosophers. This talk was facilitated by Mr. V. Prakash, the Founder & Director of MANASHAKTHI, a HRD Center based in Tiruchirapalli. Mr. Prakash has 36 years of Training experience and has organized and conducted Behavioral Science Programs for Corporate, Educational Institutes and Teachers of various fields. He is passionate about healing the inner wounds in people, thereby facilitating them to grow as emotionally intelligent individuals. He shared his insights and experience of the time spent with Periyar during his university life. It was indeed a lovely experience for students of DGMC to engage with the Mr V. Prakash, a periyarist and scholar.

#### DANDI KOOSH: DIGITAL WALKATHON AND SUPPORTING INITIATIVES:

**March 12- 13, 2021**

The staff and students of DGMC decided to dedicate their time and effort to remember the importance and achievements of the historic Dandi

March which was initiated by Mahatma Gandhi as an act of protest against the Salt Act.

The staff and students decided to spread awareness about the same by organizing a digital walkathon which saw participants walk a pre decided amount of distance and share the same 'live' digitally. Students and staff of DGMC were joined by participants from other spaces as they walked for a minimum of 30 minutes either in their own home or in their society area and dedicated the same to the start of the Dandi March. The day was chosen in accordance to the first day of the dandi march which was organized on March 12, 1930.

Apart from this, staff and students dedicated March 13 to the importance of Khadi by wearing khadi clothes throughout the day. This was done as part of the issues which were made important by Mahatma Gandhi during the freedom struggle and one of that was to wear khadi clothes.

### Guest lecture by Dr. Amee Vora at Mahatma Night College

Dr. Amee Vora was invited as a resource person by the Department of Commerce of Mahatma Night College to take a session on New Age careers In Media on the zoom platform. The main aim of the session was to expose the students with a commerce background to other relevant dynamic and exciting career options in the Media Industry be it advertising, content creation, graphic designing etc..

Pandemic has thrown many challenges for all individuals especially for students. With lockdown students had to adapt and grapple with new form of online learning. There also has been a lot of ambiguity amongst students for way forward in their Career. To assist students with various Career options RMCC organised series of webinars for students.

Career webinars organised by RMCC assisted students in the detailed understanding of their Career path right from subject selection to graduating and working as a professional. Interviews from existing students and working professional gave important insight to aspiring students with respective to college and corporate requirements. The webinars explained students what a Career in particular field inculcates. Career map with respect to qualification and programs from high school to post graduation were explained. Details about eligibility criteria for various courses and entrance examinations were shared with the students. Information for the entrance examinations, cut off and top ranking Institutes in the field were provided. Existing students shared

their journey and experience in securing admission in their Dream College and do's and don'ts to be successful in the particular stream.

Students were also informed what personality suits well for different Career and Job profiles. Understanding with regards to skills and abilities required to pursue a specific career was given to the participants.

Information about various Post graduation specialisation and professional courses were also provided along with the top recruiting firms in the field. The Professional gave details of the industry nuances and pointers to be successful in the Career.

The holistic information provided to the students was much appreciated by the participants as it helped them in planning their Career more judiciously.

RMCC conducted webinars for following Careers:-

- **Engineering** 13th February 2021
- **Law** 20th February 2021

- **Chartered Accountancy** 13th March 2021
- **Fashion Designing** 20th March 2021
- **Company Secretary** 03rd April 2021

Career development program was conducted for the students of GSCC. The program is developed to assist students in understanding their Career interest and work upon their strength and weakness. A series of Webinars have been conducted with the students to assist them in developing their corporate profile. A webinar on Profile Building was conducted keeping into consideration the certification programs needed to have an edge at the time of interview. How voluntary work, internships and participation in the extra-curricular activities will help them elevate their Resume / CV and upgrade their skills as a professional in the career world.

Emails as a communication tool is an integral part of a professional life. Hence, the webinar on Email Etiquettes was focused on how the students can upgrade their skill sets on their written communication over email. Every detail from what is an email to how a professional email is drafted was practically taught with a hand on exercise.

Webinar on Impression Management assisted students to understand the importance of Non verbal communication in corporate world and strategically work upon them.

"Education is simply the soul of a society as it passes from one generation to another" - G.K. Chesterton

As the Nation rises Phoenix-like from the Corona-induced slumber, it is time to reconstruct the DSWH for the students; the transition has been swift and seamless. The Hostel staffs were ready to take up the challenge and picked up the gauntlet and took to it like a duck to water. In the past Three months (January, February, and March), all the facilities provided to the inmates were continued. Proper fire detection & firefighting system has been provided in the hostel. DSWH has been working towards the holistic development of our students. After all, it is not merely a place to stay but at the same time, we learn from each other's experiences. As we move ahead it is the enrichment of student's caliber is focused by DSWH. We provide our students with the ability to adapt and support them to make their ambitions come true. The arena is filled with care and homely vibes which lets the students feel just like home. Comfort and safety are a top priority for DSWH. With this, the students feel a boost in their confidence along with a sense of individuality that helps them in developing themselves. The learning are different for each student but the ultimate goal is attained when the students can understand themselves more clearly. CCTVs are also installed in the hostel for ensuring 24 x 7 securities. The students have Wi-Fi access in the hostel. Students are provided with washing machines in a designated laundry area. The recreational facilities in form of recreational area and gym equipment have been provided on the 12th floor. Healthy and Hygienic breakfast and dinner is provided by the in-house caterer. The Food

Recreation Lounge

Committee of the Hostel decides the menu. The house-keeping staff helps in keeping the hostel neat and clean. Pest control and sanitization are carried out every week in the hostel. Students are abiding by all the precautionary rules laid down by the authorities to prevent COVID-19 Pandemic. The Renewal process for stay in the hostel from January, 2021 to June 2021 started from the month of December. All the students are happy and content with the facilities provided to them. Everything is going on smoothly.

#### The Month of February:

The month had been a swift month with all aspects happening orderly. The students were engrossed in their respective Online classes, competitive schedules of Courses, and their Exams. The students who had joined us in January were well settled by now. They have adapted to the life of our city which offers lots of opportunities to each of us..

#### Month of March

All our students were busy with their respective schedules. The students were engrossed in preparation for the final examinations. Holi was celebrated by serving of Brunch in Hostel. No one played Holi and all had abided by the instructions. We had foreign students from different countries like Madagascar, South Africa, Mauritius, Thailand, Namibia, Afghanistan, Srilanka, and Nepal and the rest were our Indian students with us. We are serving Brunch and Dinner to all the students residing in our Hostel in order to ensure safe and hygienic food consumption. Besides students, we are also looking after the needs of our support staff. Despite the crucial circumstances in the city we have ensured to provide them with all the necessities.

The reviews received by the Rector were heart-warming and fruit of the hard work put in order to enable our hostel to attain new horizons.

"Never give up! Failure and rejection are only the first step to succeeding" - Jim Valvano

Sports activity is an integral part to the all-round development of the human personality. Those who understand the importance of the proverb 'Health is Wealth', always try to keep themselves fit. The importance of sports in the life of young students is invaluable as it inculcates in youth values like discipline, responsibility, self-confidence, sacrifice and accountability.

Recognizing the need for providing a state-of-the-art sports infrastructure, Rajasthan Sammelan Educational Trust had started Pravinchandra D. Shah Sports Academy in the year 2014 which has not only benefitted in-house students of the institutions of RSET but also the citizens in the western suburbs.

Pravinchandra D. Shah Sports Academy is a state-of-the-art facility, built on an approximate area of 24,000 sq.ft. with the most modern infrastructure. The academy offers sports facilities like Tennis, Basketball, Box Cricket, Football Volleyball etc. and the turfs, imported from New Zealand, are made to international standards. This is perhaps, the first of its kind in-house sports academy in any of the educational institutions in the north-western part of Mumbai suburbs which caters to the growing needs of the students for sporting facilities.

Pravinchandra D. Shah Sports Academy started receiving ground bookings from October, 2020. From January, 2021 onwards, the Academy has been receiving a good number of enquiries about the activities of PDSA. PDSA has now started cricket coaching, skating, table tennis, karate and gymnastics for which good response is being received.

In the month of February, a good friendly cricket match of teaching and non-teaching staff of institutions of RSET was organized by Deviprasad Goenka Management College of Media Studies in which 05 institutions participated. The team of RSET won the match and received trophy from the hands of Dr. Amee Vora, Principal, DGMC.

Generally, April is the month when examinations are over and students

eagerly wait for summer camps organized by PDSA in basketball, football, cricket, skating, chess, table tennis, gymnastics etc. However due to the instructions received from the Government to control COVID-19 Pandemic, there has been lockdown of all the educational institutions since March, 2020 which is still continuing. We are awaiting the lockdown to be lifted in near future so that sports activities can be started once again.

A WISE HIVE

Established in 2018

Mr. Varun Sharma, Rector

**Jankidevi Bilasrai Bubna Boys' Hostel** is located at a walking distance from RSET Campus. The independent Hostel building has seven floors and provides accommodation for 152 students. All rooms are air-conditioned and aesthetically designed. There are air-conditioned study areas on all floors where the students can sit and study. Also, all the floors have lounge and TV room for recreation of the students. Other facilities include communication room, dining room and Gym facilities. A state of the art Gymkhana is being built on the terrace of the hostel. Some gym equipments such as tread mill, cycle, bench, dumbbells and other equipments have been provided in the hostel so that students can work-out as per their convenience.

Other facilities provided to the students include half yearly health check-up by Ayaksha, the agency running Vijay Pal Singh Health Centre of RSET. In normal times, the students staying in the hostel have also been given a slot in the morning (twice a week) to use Pravinchandra D. Shah Sports Academy ground for playing various games. The Warden of the Hostel as well as other staff take care of the comfort and safety of the inmates. For the safety of the students, the building is equipped with fire detection and fire fighting system. CCTVs are also installed for 24 x 7 security. There is Wi-Fi access to the entire building. The building is maintained by professional house-keeping agency.

Jankidevi Bilasrai Bubna Boys' Hostel is occupied by both Indian and foreign students. Foreign students are from Bangladesh, Afghanistan, Egypt, Madagascar, Tunisia, Tanzania, Ghana, Sudan, Fiji, Mauritius, Sri Lanka and Malawi. Most of the foreign students are studying in the institutions of higher education of RSET. From the middle of March 2020, due to lockdown caused by COVID-19 Pandemic, the foreign students could not return to their countries and had to stay back in the hostel. However the Management took full care to make them feel secure and at home by providing all required facilities. The renewal process and new admissions have been completed. Students staying in the hostel are busy with their online classes.

Jankidevi Bilasrai Bubna Boys' Hostel has proved to be very helpful to the male students coming from other cities as well as countries to stay and complete in their higher and professional education successfully in desired branches.

Established in 2020

Mr. Pintu Mukherjee,  
Head of Academy

**Nalini Shah Music Academy (NSMA)** was established in the year academic year 2020-21. Its objective has been towards promotion of music and identifying talents and training students in Hindustani and Western Music. NSMA provides holistic learning of Music to educate our students and make them technically and professionally stronger and more proficient in the field of Music. NSMA is a Hindusthani classical and semi classical vocal and Indian and western Instrumental Music training Institute. We seek to train the learners based in Mumbai basic and technical knowledge of Music which will help in creating brighter, cultural and art sensitive talents in society. NSMA offer varied music learning course for Children, Youth and even Adults. Our education of Music will be mostly practical and it will have a scientific methodical basis. We have well trained, committed and motivated faculties under the guidance of RSET& NSMA with well structured, scientific and progressive curriculums. We are affiliated to Bharatiya Sangeet Vidya Vihar (BSVV), Kolkata and Pracheen Kala Kendra (PKK), Chandigarh for Hindustani Classical vocal and instrumental music like Tabla, Pakhwaj, Dholak, Mridangam, Sitar and Flute. We follow the syllabus of Trinity College of London (Music) for western Instrument like, Guitar, Keyboard, Drum and Octapad. NSMA plays the right role in the determining the quality of music students. Realizing the demand we have added two new instrumental courses FLUTE and SITAR. NSMA also carries out research in Hindustani Music in order to restore some of undocumented works by the maestros.

#### OUR ACTIVITIES:

Although we know the current covid-19 second wave is becoming very dangerous, we have been handling this extreme situation with patience and with the help of technology. Our teachers are coming to the campus regularly and imparting training through online platform. At present the third online session in progress. We have created three separate syllabus named Basic, Advanced and Advanced 2 online courses. Each syllabus comprises of a total 24 lectures in three months. In all, our number of

Sitar faculty Ustad Mustaq Hussain Khan performs Raag Jhala for our Facebook

Dr. C. Babu, Director of DSMS presents Raag Bhopali on the stage of Nalini Shah Music Academy for it's annual programme "Sabrang"

students at the moment is 24. In the last three months, we can say that starting from 8 to 24 is not bad. We have also out station students from Himachal Pradesh learning online Keyboard and Tabla lesson from NSMA. Our students are currently preparing for the Music Praveshika Examination which will be held in the month of July. The musical activities of NSMA is regularly active on its Facebook and instagram pages which has a lot of followers. We have recently completed successfully the second session of online and in person session. Students will be awarded completion certificates. We will also give testimonials to the new teachers as we had given earlier. We have also conducted free online class of Vocal, Flute, Guitar and Keyboard. We have uploaded Vocal, Flute, Tabla and Sitar's small Classical pieces of Paltas on our facebook and instagram pages according to viewers' demand.

#### VOICE MODULATION AND KARAOKE TRAINING:

We give voice modulation training to our students. We teach how to sing in the recording studio. We teach the exercises to maintain throat in order to maintain voice quality. We also have the best technical facilities for Karaoke training. We train our students in Karaoke accompanying with voice and instrument.

#### MUSICAL INSTRUMENTS:

We have purchased some more musical instruments. At the moment we have a large number of sophisticated musical instruments, like guitars, keyboards, taanpura, scale changer harmonium, tabla sets and sound karaoke systems. We have all the facilities to fully introduce physical classes in the coming days. NSMA is a newborn institution- barely five months old. In the meantime, our hard work and perfection, has fascinated everyone. The professionalism of NSMA is triumphant today. The academy is gradually moving forward. Support of whole team of RSET including Management, faculty, students and parents is appreciable.

#### DIPLOMA IN ELECTRONIC MUSIC PRODUCTION:

Music Production courses are very popular in today's modern music world. A music professional needs to be proficient in music as well as music Production. Music producers play an important role in the Musical Entertainment Industry. Today's producers are handling the roles of five different people, from writing songs to music programming, music arranging, making music track, recording, mixing and mastering. Realizing the demand, we have started one year Diploma in Music Production Course.

# CHALLENGES

for the Education sector during  
COVID-19 time

**Shri Ritesh Misra, IRS**

As opposed to an epidemic, which affects a large number of people across a community or population, or region, a pandemic is across countries. The COVID-19 pandemic has been described as the biggest global pandemic spreading across the entire world and has affected countries and populations and individuals in several ways. The pandemic also changed the world economy drastically. Unemployment rates have increased and many people have also seen cuts in salary. This has had a direct impact on the various industrial and social sectors including the education sector which is vital for ensuring a better present and future for the entire world.

While the year 2020 was certainly one of the most terrible years for all in recent decades, and possibly the worst year for the world after World War II, 2021 promises to be a better year, and the most important reason is that various COVID-19 vaccines have come up. Increased vaccination and more testing in months to come is likely to be the key to defeating this dreaded pandemic.

COVID-19 has posed various challenges for different sectors. In this article, I propose to have a look at the challenges faced by the education sector. I will analyse the challenges from four points of view, the management, the teachers, the students, and the parents. All are important stakeholders who have been affected severely. This

is a huge topic and it is certainly not possible to address all the issues in just one article. However, I will certainly try to touch upon the major issues involved.

## **Challenges for Management;**

In 2020, schools and colleges came to a grinding halt throughout the world. In the initial days of the Pandemic, there was a need for bigger buildings for temporary COVID centers since the medical infrastructure was not yet equipped to face this gigantic human and medical problem. Hence schools and colleges had mostly been taken over, for contrasting and different periods of time. Later, the challenges of disinfecting and proper cleaning had to be addressed to make the schools and colleges fit again to become educational institutions.

Recently, some educational institutions have slowly started functioning again. They needed to be intensively cleaned once again and rules for physical and social distancing laid down clearly and unambiguously. Management also has to deal with staff shortages, rotation of staff/faculty, and other similar issues. A major problem is that unlike other issues/problems of the past, COVID-19 is something totally new and there are no precedents and no guides for management who have to take decisions, some of which have to be

tough, on their own without any helping hints from the past.

The final point I would like to state is the issues of fees. This is a ticklish issue for management since while costs have increased, they do not have the liberty of passing on the costs to the students and their parents. There is also the challenge of imparting quality education online rather than offline or in-person. Parents and students also objected to paying the same amount of fees for online coaching which they had been ready to do so for classroom coaching. It became a challenge for management to assure them that their future was safe and would not be compromised adversely.

### Challenges for Teachers

Teachers have to face the challenge of teaching online. This was not something they were totally used to. In many cases, they had to first teach themselves how to handle various tools such as zoom or Webex, or google meet and then try and teach the students through such tools. Teachers also face challenges such as poor network, either from their side or from the side of the students. One peculiar problem is that the teachers often have to ask the students to mute themselves and to switch the camera off. Unfortunately, in such a situation, they really will not be able to know, which student is actually listening to them and frankly speaking, which student has initially logged on and then gone back to sleep or is doing something else such as watching Netflix or playing video games while being technically, logged on to the class with rest of the students.

What do they have to do? The only solution seems to ask random and sudden questions to different students and check whether they are being attentive. Students will also have to be patiently told that if they are deliberately sleeping, playing video games, etc then the loss will primarily be theirs only. Maybe a collaborative approach with parents can also help as well in ensuring proper participation by students.

### Challenges for Parents

Every parent wants their children to do well and most parents are happiest when their children outshine them and have a better career than them. COVID-19 issues caused huge stress in parents. Their children could be in other cities or even in other countries and every different place has its own pandemic issues and parents felt so helpless that being in a different place they could not do anything for their children.

Even if they are in the same place and house, parents had to face tremendous stress since they could see that children were sometimes losing interest in online teaching. Many parents had to face financial difficulty as well as regards payment of fees, extra costs incurred for the purchase of gadgets and installation of wifi, etc for their kids to attend online classes. One more challenge for parents was channelizing the hyper energy of active kids who were stuck at home.

Every challenge is unique in itself and requires its own solution which will vary from parent to parent and child to child.

### Challenges for Students

Last but not the least, we come to challenges for students. The year has been extremely distressing for them. Once again, the challenge has been different for children of different classes and even in the same category as well. For instance, the hardest hit obviously were those in crucial classes 10 and 12, and then school children in class 9 and 11 as well since these are feeder years for the more important subsequent year. An important aspect was that middle school, senior

school, and university children are better equipped and more cognitively developed to rationalize e-classrooms, the same is not true for younger children. At a younger age, learning is a lot through playing and through actual peer interactions. This unfortunately was not possible. Further, one also does not know whether more use of gadgets at a younger age will be helpful. Probably not, rather an actual book reading would be more advisable. However, since there was no choice, the role of parents, teachers, and older siblings becomes very important to ensure that gadgets are correctly used.

The most important challenge for students of course was paying attention. Frankly, one cannot blame them. It is not easy to have the same focus and concentration for online coaching as it is towards classroom coaching, especially for several hours a day.

However, as is with all challenges, they can be met and met successfully. It is seen that during exams, students go through a lot of pressure, including peer pressure, even if they portray themselves as cool, calm, and collected. This pressure reduced significantly. Students got more time for themselves and to look after their health, including mental health. This made them more productive, even if not related to academics. Students also got more time for on-line competitions and MUNS etc (Mock United Nations competition). It overall helped children to destress and be happier as workload reduced significantly.

### Conclusion

What is ahead? It is expected that slowly and steadily, classroom teaching will restart. Initially, norms of physical distancing are likely to be there, which will mean that teachers may need to do multiple shifts and teach the same things two or three times to students of the same class. Possibly, transport such as school buses may not start for some time, which will mean that parents and children will have to make their own arrangements to reach school and go back home. There could be a new hybrid system of teaching, which will be partly online and partly classroom teaching. This would be a challenge for the management to come up with such a system that will be acceptable to all stakeholders and also ensure that the primary goal of effective teaching is met.

I am sure of one thing. The challenges will be successfully met and students who are our future will make the world a better place.

### Memorable Events/ Journey in the Institution:

I've enjoyed being a part of Mauj, NAAC, Teachers day celebration. I've had an amazing time studying, having a good relationship with teachers and other classmates, being the cultural secretary and student manager, being a part of NSS and DLLE that helped me cement my relationship and making my foundation strong.

## Mohammad Salim Ansari

**Name of the Institution:** Ladhidevi Ramdhar Maheshwari Night College of Commerce

**Course Completed:** B.Com

**Year of Passing:** 2018

**Present Organization and Designation:** Price and Inventory Controller at Tamimi Markets Company

### Memorable Events/ Journey in the Institution:

As I write this I recollect my entire journey in the college. So, let me begin with the first day of the college. I could still feel the enthusiasm as well as the feeling of nervousness as I remember the moment. The excitement was of a different kind as I had joined studies after some gap, but that did not prove to be a hurdle as I was fortunate enough to have supportive friends and teachers. The teachers taught me to handle different situations. My initial few months went in getting acquainted with various subjects, I found my teachers very helpful and it is because of their effort that I am able to tackle situations and apply the rules of accounts in practical life. It is because of this co-operative nature of teachers that I was able to secure A + grade throughout 3 years in LRMC. The hours spent in the college library also play a key role in my academic achievements.

## Anjani R. Gupta

**Name of the Institution:** Ladhidevi Ramdhar Maheshwari Night College of Commerce

**Course Completed:** B.Com

**Year of Passing:** 2019

**Currently Pursuing:** M.Com from Ghanshyamdas Saraf College

### Most Memorable Event in the Institution:

Ladhidevi Ramdhar Maheshwari Night College of Commerce is a great place for a student as one would get to learn many things from the institution. The college pays special attention to the overall development of students. The various associations of the College conduct a number of activities throughout the year. I am very much grateful to the institution as it gave me a chance to work as the General Secretary of the college for 2018-19, which made me to realize that it is not just a formal position but it calls for understanding your team and making them to do things perfectly which is helpful for the institution as well as to the overall development of students. The academic environment helped me to pass my graduation with first class.

I am very much grateful to the Principal and the teaching staff members of the institution as they are the support system of every student.

A NEW BEGINNING

With the increasing globalisation and the foray of multinationals, organisations are looking at globally savvy individuals. To meet the fast changing requirements of the corporate world, RSET's proposes to start a Finishing School that will impart training in soft skills, communications, personality development etc with a view to groom the students for challenges of internationally benchmarked corporate world.

Rajasthani Sammelan  
**skill development centre**  
SCULPTING SKILLS

The proposed Skill development centre aims to advance the skill sets of the students to compete in a global environment. The objective is to provide necessary information and training to develop the skills sets of the students and make them industry ready. The Skill Development Centre will help bridge the industry-academia gap for employability.

Rajasthani Sammelan  
**teachers' training institute**  
BUILDING FOUNDATIONS

The Teacher's training institute aims to be a prominent name in the field of providing teacher's training courses. The Institute will aim to provide high quality training programs to aspiring teachers who want to get into the teaching profession as well as to those who are in the teaching profession to transform them into experts and prepare them for the rapidly changing dynamics of the global teaching methodologies and new approaches of teaching.

The Pledge One program provides an opportunity to pledge undertaking education for the under privileged strata of the society studying in the aided section of the educational institutions of Rajasthani Sammelan Education Trust. The donations received under the Pledge One program is utilised in an equitable manner to ensure that these students receive Quality Education in an environment that nurtures growth.

To encourage bright students studying in the Kudilal Govindram Seksaria School, Rajasthani Sammelan Educational Trust has come up with an endowment fund titled "Bright Sparks Endowment Fund". This fund has been conceived to provide educational enrichment to talented and deserving students studying in Grade 5 and above.

# Thank you Donors

Our family of donors include illustrious business families, individuals, corporate partners, foundations and all those people who are committed to our philosophy of providing "Quality Education for All" and have been coming forward with their contribution from time to time to create an institution of educational excellence.

Through these columns, we thank and acknowledge the support of our donors for their generous contribution over the years. Your support and contribution plays an important role in helping Rajasthan Sammelan to achieve its mission of developing a community dedicated to achieving national and international levels of excellence in various fields of education.

Your generosity has significantly contributed and helped the students in various areas. Every donation that you make impacts the life of our students in some way or the other. Your contribution has helped us build various institutes of excellence with the best infrastructure that include state of the art computer labs, knowledge resource centre, communication centre, health centre, educational outlet, sports facilities and scholarships instituted for meritorious students. All our institutes have benefitted immensely from your support.

Undoubtedly, you as our esteemed donors have made Rajasthan Sammelan stand tall in stature and have helped it grow from time to time. Like you, there have been many others whose contribution to Rajasthan Sammelan way back in the early 1950s has been significant and notable. And we gratefully acknowledge their noteworthy contribution in setting up the edifice of this great institution.

We gratefully acknowledge the contribution made by Late Shri Kudilalji Seksaria who donated the land on which the current structure of Rajasthan Sammelan stands. This contribution cannot be valued in terms of money, and it would only undermine his contribution if we were to measure this in monetary terms.

At the same time, had it not been for the significant contribution of Rs. 50,000/- by Shri Brijmohan Ruia (Brijmohan Laxminarayan Ruia Charity Trust) way back around the year 1950, the landmark Sarvodaya Balika Vidyalaya would not have come up. A small dream way back in early 1950s has today paved the way for a number of institutions under the banner of Rajasthan Sammelan. As they say, "It all begins with a Dream".

We are proud to have you all as an integral part of the positive impact and an enduring legacy that we are creating at Rajasthan Sammelan. May your benevolence continue to bring about the change we wish to see in our educational system. We stand committed to spread our wings and fly higher. In this journey of growth, we seek your continued support.

We constantly endeavour to maintain accuracy in the list of donors and we thank you for the feedback in case of any discrepancy that has been noted. Should there be any errors or omissions in this list, we urge you to contact our Donations Officer on [rs@rajasthanisammelan.org.in](mailto:rs@rajasthanisammelan.org.in)

## What will you decide today

A small monetary contribution from your lifestyle  
can change someone's life for good.

Your Pledge to educate a child is your gesture to get them into the mainstream. Your contribution will provide Quality Education to under privileged students from all communities studying in the aided section of our school and college. Your gesture can impact the lives of over 4700 students and empower them.

***Pledge to Educate a child. Contribute for a noble cause.***

Donations to Rajasthan Sammelan are eligible for deduction under section 80G of Income Tax Act, 1961.

### ***You may Pledge:***

Rs.11,000 Per Student/Per Year  
Rs.21,000 Per Student/Two Years  
Rs.31,000 Per Student/Three Years  
Rs.51,000 Per Student/Five Years  
Rs.101,000 Per Student/Ten Years

Pledge for multiple students can be taken under any of the above options.
