## VISION

EXCELLENCE

THROUGH

LEARNING

Education is the ability to listen to  
almost anything, without losing your  
temper or your self-confidence.

–Robert Frost

# Editorial

**Dear Reader,**

"You have to grow from inside out,  
None can teach you,  
None can make you spiritual,  
There is no teacher but your own soul".

Academic excellence along with co-curricular and extra co-curricular activities completes the process of education. We are really proud and exuberant to acclaim that we are ready with all new hopes and hues to bring this issue, which is going to surely unfold the unravelled world of unforgettable and precious moments of the school.

This humble initiative is to set the budding minds free allowing them to roam free in the realm of imagination and experience to create a world of beauty in words. The positive attitude, hard work sustained efforts and innovative ideas exhibited by KGES team will surely stir the mind of the readers and take them to the surreal world of unalloyed joy and pleasure. We heartily wish all the readers our best wishes and hope this addition makes an interesting read.

# Rajasthani Sammelan Education Trust - RSET

Rajasthani Sammelan Education Trust (RSET), a registered public charitable trust was established in the year 1948 at Malad, Mumbai. With an aim to promote various educational, charitable and social activities, the trust has pioneered in providing educational opportunities to various sections of society. During the last seven decades the trust has played a very vital role in promoting and providing better education from primary to post graduation in the fields of Commerce, Management, Information Technology and Media Studies. Apart from its educational pursuits, Rajasthani Sammelan Education Trust also caters to the social and humanitarian needs of the society.

Rajasthani Sammelan Education Trust had started its educational activities for girls, but in due course of time, it has opened its doors to boys as well. At present more than 16,000 students are receiving education in various educational institutions run by the Trust. Thousands of students beyond the boundaries of the campus are enrolled with Kunjbihari S. Goyal Online Academy (GOLD).

## The Educational Institutions owned and run by Rajasthani Sammelan Education Trust are:

- Kudilal Govindram Seksaria Sarvodaya School
- Kudilal Govindram Seksaria English School
- Ramniwas Bajaj English High School
- Mainadevi Bajaj International School
- Mainadevi Bajaj International Play school.
- Durgadevi Saraf Junior College
- Ghanshyamdas Saraf College of Arts & Commerce
- Kirandevi Saraf Institute of Complete Learning
- Durgadevi Saraf Institute of Management Studies
- Deviprasad Goenka Management College of Media Studies
- Ladhidevi Ramdhar Maheshwari Night College of Commerce
- Kunjbihari S. Goyal Online Academy

The Trust is providing financial assistance to needy persons for medical treatment through Trivenidevi Deora Chikitsa Sahayta Kosh. Scholarships are also provided to needy students to complete their education.

## Other organizations owned and managed by Rajasthani Sammelan includes:

- Draupadidevi Sanwarmal Women's Hostel
- Ramdhar Maheshwari Career Counseling Centre
- Pravinchandra D. Shah Sports Academy
- Jankidevi Bilasrai Bubna Boys' Hostel

## Rajasthani Sammelan Education Trust is also providing many other facilities in its educational campus that include:

- Dhurmal Bajaj Bhavan
- Durgadevi Saraf Hall
- IT Hub
- Food Court
- Ramnarayan Saraf Educational Outlet
- RS CA Study Centre
- IRB Scholarship Endowment Fund
- Vijay Pal Singh Health Centre
- Kirandevi Saraf Library and Reading Room
- BKT Endowment Freeship Fund
- Janakidevi Bilasrai Bubna Endowment Freeship Fund
- Lalchand Dalmia Golf Cart.

# MESSAGE FROM TRUSTEE

**Mrs. Neera A. Saraf**

Trustee, RSET

## Dear Readers,

Greetings to you!!

Education is an important human activity. It teaches what man lives and struggles for. It cultivates an integrated life. By doing so, it gives significance to life. It has been rightly said that without education man is a slave. In the current situation, it is natural that an intensive use of variety of thinking activities and strategies is incorporated to make the classroom alive, so that we recognise, appreciate and applaud the fine sensibilities in a child. It will certainly empower and motivate their young minds and shape them into better individuals.

Today the role of a school is not only to pursue academic excellence but also to motivate and empower students, to be lifelong learners, critical thinkers and productive members of an ever-changing global society. We at KGES provide a structured education to promote a child's mental and psychological growth.

We identify the different learning needs in children we set up groups, focusing on specific areas, which will inculcate active & cooperative learning among children, so that they enjoy freedom through knowledge & lead a healthy productive &

meaningful life. Apart from learning academics, our students also learn other important life skills such as teamwork, good manners, unity, sharing and responsibility. The importance of instilling good values in students is our prime objective.

I am sure with persistent efforts, cooperative & support from one and all, we shall succeed and will emerge as a role model for educational institutions. As it has been so aptly said "What lies behind us and what lies before us are small compared to what lies within us".

Have a great year ahead!!  
Best wishes.

“

Education is the  
most powerful weapon  
which you can use to  
change the world

”

## MESSAGE FROM PRINCIPAL'S DESK

**Mrs. Mini Nayar**  
Principal

**Dear Readers,**

Today everywhere everyone is perplexed and insecure as to what the future has in store. It becomes a challenge for all the educators, policymakers, parents, teachers, students these days. The way electronic media is taking over the print media due to pandemic, our human intelligence by artificial intelligence; actual to virtual it proves that media literacy has become fast changing subject in society which affects our life style. The future is uncertain in all the ways due to change in technology every moment. Few years back nobody knew about the mobile, today it is an inseparable asset of each individual to stay connected globally. The only way to navigate through the maze of understanding is by giving the right kind of education, which can balance and bring harmony in our life style. We have to invest more in people's capabilities. This means establishing an effective lifelong learning system that enables people to skill, reskill and up skill- a system that spans early childhood and basic education through adult learning.

Now learning cannot be restricted to the four walls of the classroom. Students need adequate exposure to the world outside virtually. It is necessary for each one of us to make a vital contribution towards shaping the future of our children who are the destiny of this country.

We fortunately have a committed and supportive management, dedicated teaching & non-teaching staff, caring and co-operative parents, which blend harmoniously to create a child-centric school. My heartfelt thanks to RSET President Shri. Ashok Saraf, Hon. Secretary Shri. Kailash Kejriwal, Trustee Smt. Neera Saraf & Member Smt. Nilima Pahwa, for their support & guidance at all times. I congratulate the entire editorial team for their hard work and dedication that has resulted in the publication of this issue of the school magazine.

“

Teaching is not about  
answering questions  
but about raising  
questions- opening  
doors for them in places  
that they could not  
imagine”

## Message from HEADMISTRESS'S DESK

**Mrs. Indrani A. Balan**

Headmistress

**Dear Readers,**

It is said 'it is better to be a man of value than a man of success! In an ongoing race to become successful in life, values in today's fast-paced World are given a backseat. The world does not need successful people but it does desperately need more peacemakers, healers, restorers, storytellers, and lovers of every kind. It needs people who live well in their places. It needs people of moral courage willing to join the fight to make the world habitable and humane. We strongly believe that every child who walks into the portals of KGES not only enjoys varied learning experiences inside and outside the classroom but also embraces joyfully the education of the heart i.e. integrity, virtue and character. Aristotle has rightly said "Education of the mind without educating the heart is no education at all."

The Educational Vision of KGES is to provide educational excellence for the transformation of individuals and society. We form persons, who are skilled and committed to journey together in hope

as witnesses and catalysts for the responsible care of all God's creation and for justice and peace, Especially for those in the margins of society"

We envisage that a spark of our Vision will take a deep root in each of our student's heart and spread to every corner of the world as they grow in age and wisdom. I wish and pray that each child becomes a good human being before he /she becomes a successful person.

“

A grateful  
heart is a  
joyful heart

”

# ANNUAL REPORT - 2020-21

## “Changes Call for Innovation, and Innovation Leads to Progress”

Kudilal Govindram Seksaria English School is dedicated to the fond memory of late Kudilal Govindram Seksaria, the Institution's chief donor. Like him, his successors believe that the service one can do to an individual is to make him or her self-reliant and self-sufficient.

KGES believes, “For the last years words belong to last year's language. And next year's words await another voice. And to make an end is to make a new beginning.”

Due to the ongoing Pandemic, the school closed for students and staff from March 15th 2020 onwards. The staff was instructed to work from home. The parents were assured of complete support and cooperation.

April month began with the recapitulation of syllabus in all the 3 sections. To keep the students productively occupied, regular worksheets and assignments were provided to parents through Whatsapp. Preprimary teachers came up with various activities. Community schooling tasks like watering the plants, playing with dough, cleaning your toys etc. were assigned to the tiny toddlers to keep their tiny hands busy. Regular online meetings of teachers were conducted by the Principal & Headmistress. Allotment of new classes to class teachers was done. Report cards of the students were shared by respective class teachers. Principal discussed the Std. IX promotions with the teachers. Curriculum planning for the next academic year was done by the teachers. Despite working from home, the entire staff was geared up to take all the necessary

steps to give the best to all our students. New Admissions were taken online. The process of making KGES School Dairy for the academic year was completed along with the help of PV ADVERTISER. As per the instructions received from the education department, Aadhar card numbers of all the students of Primary & Secondary section have been uploaded on the Saral Database. Online teaching successfully commenced from 8th May 2020 for the Grades IX & X. Online portal of Shaalasiddhi was completed by filling all the required details as per the instructions received from the education department. Gentle reminder of fees payment was given to parents. Through regular meetings with the teachers, the Principal & the Headmistress, ensured that the academic planning and plan of action for the academic year was completed. All the peons and maids were available in the campus on a rotational basis.

The month of June started with the online tests for std IX and X. The submission of SSC exam papers was done by the teachers at the scheduled time. The teachers were ready with the academic planning for online teaching and the timetable was made accordingly. The School E-magazine was shared with all the students through Whatsapp. The same was uploaded on the school website. A Staff zoom meeting was held on 9th June with all the 3 sections staff members by the Principal. The Principal Mrs. Mini Nayar & Headmistress Mrs. Indrani Balan conducted an online Orientation meeting with all the parents. Online lectures started for all the students from 15th June. Initially, the school started with full time table but, later as per the government instructions the lectures

timings were reduced:- 1) Std III to V for 1hr 2) Std. VI to VIII for 2 hrs 3) Std. IX & X for 3hrs. As the Education department declared that there would be no online teaching for the students from Nursery to Std. II, online pre-recorded videos & worksheets were sent to parents through WhatsApp groups. A webinar was attended by the pre-primary teachers conducted by Viva education on 20th June on the syllabus of Pre-primary section. Coordination with parents for collecting uniforms from Paridhan store was done. The KGES staff attended a zoom meeting for training for ERP entries arranged by Kunjabihari S Goyal Academy supported by IT Team. Mrs. Reba Nandan from secondary section attended a webinar hosted by Hindustan Times on 26th June 2020 offering online courses - CODE-A-THON for grade 6th to 9th.

Secondary teachers Mrs. Shweta Jain & Ms. Sumana Mitra attended an online career counselling workshop on 30th June for the students of Standard 9th, 10th organized by the Department of Education. Resource persons were Sudam Kumbhar sir, Naikwade sir, Sangeeta Shrivastava Madam and Anil Sable Sir, the West zone education inspector. The meeting was conducted to guide students about how to use Maha career portal. Resource persons inducted everyone with details of the portal which gives information about 550 career options (professional and vocational), 21000 colleges, 1050 entrance exams along with scholarship options. SSC students can login on [www.mahacareermitra.in](http://www.mahacareermitra.in) with their SSC seat numbers to get their kalchachni results. Students could also visit [www.Mahacareerportal.in](http://www.Mahacareerportal.in) and they can explore various career options through this site. The workshop was very informative and was attended by our 9th & 10th Std students. A webinar was organized by RMCC on

emotional wellness for Women- Making emotional quotient a priority. This was attended by the Secondary teachers on 30th June.

As per the Education department the primary section teachers were instructed to download Pragyan App. All the teachers attended an orientation programme organized by CBM Ms. Asha Pinto about how to conduct effective online classes for the students. H.M. Mrs. Indrani Balan attended various department meetings regarding the issues such as Promotion of students, conducting online classes, fee issues, dealing with parents, etc. The teachers online teaching observation was regularly filled in the link provided by the department. All the online lectures were recorded by RSET IT department daily. The Principal also conducted an online meeting with all the Std. X students & teachers & addressed the challenges. All the accounts and admin related work was done on a regular basis during the lockdown.

It was a great moment of pride, as KGES received 100% results in SSC Board examination, where Ms. Akshata Kathikuloth topped securing 92.60%. 79 students appeared for the SSC exams, 78 students got distinction and first class. Monthly Sanitization at KGES was done at regular intervals to ensure complete safety. Secondary teachers attended a webinar organized by Mrs. Renu Dhotre from the Education department on the topic Virtual Classroom Management- Unmute Mode on 15th July. Principal, Mrs Mini Nayar and Mrs. Arifa Tahsildar from Secondary section attended a zoom meeting on 20th July organized by the Education department for the matters related to Saral Database. As per the requirement of Education Department the detailed list of students applied for L.C's & the new admission for the academic year 2020-2021 was shared with the dept. Online PTM was held on 25th July wherein the class teachers informed the parents about the online discipline challenges. Secondary teachers attended a webinar through Facebook on the issues faced by teachers while teaching online organized by Navneet Foundation on 25th July. Std. IX toppers Mst. Sujit Parmar & Ms. Ishika Singh attended a webinar hosted by Times NIE on the topic Career Guidance on 30th July. Detained students of Std. IX, appeared for the re-exam in the month of August as per the circular received from the Education department. As per the Education department the portion in std X was reduced due to the Pandemic.

# ANNUAL REPORT - 2020-21

Pre-primary & primary section (Std I & II) started with online zoom sessions every alternate day from 27th July. Teachers of Grade III & IV were informed to fill the Google link as per department's requirement after completing their online class on a daily basis. H.M. Mrs. Indrani Balan also had to fill the details about the teachers and send it to the B.O-Mrs. Vaishali Wavekar about the online teaching sessions every day. Students were instructed to complete their note books regularly by the respective subject teachers. On 30th July the Principal conducted a meeting with the teaching and non teaching staff, and briefed them with the new joining policy.

Biometric punch for the entire staff began from the month of August. 1st online assessment was held from 4th to 17th August for the grades III to X. Re-exam for Std. IX failures were conducted on 4th, 5th & 6th August in an online & offline schedule. Daily Attendance of students in the online classes was maintained in the class registers & also in D.A book. Pre-primary section had an online Janmashtami celebration on 11th August. Drawing competition & Essay competition was conducted for the Grades VI to VIII & Grades IX & X on 14th August on the topic Gandagi Mukta Mera Gaon as per the instructions received from the Education department. Independence Day was celebrated at RSET on 15th August. Teachers resumed their duties in school from 18th August. Staff meeting was held on 18th August by the Principal Mrs. Mini Nayar. All the teachers were instructed to follow the norms of social distancing & carry on with their online teaching sessions as per their timings. Ganesh Chaturthi was celebrated in school & the link was shared to students. Online teaching in pre-primary section & Grade 1 & 2 was held on alternate days. The school had Ganpati vacation from 22nd to 26th

August. Regular lectures commenced from 27th August. Data entries in ERP were filled by teachers on a daily basis. Offline videos were uploaded by pre-primary & primary teachers on Google drive. Principal attended dept meetings with regards to Saral and revised portion. The same was shared with all the teachers.

Online teacher's day celebration was held on 5th September. Various in-house competitions were conducted for the students of primary & secondary section as per the circular from the Education Department. Online classes began for Grade 1 & 2 from 12th September 2020. Secondary section student Mst. Sujit Parmar from Std. X bagged the Student of the Year Award by Times NIE, for securing 1st Rank in Academics for the academic year 2019-2020. He is also awarded with 75% tuition waiver scholarship for pursuing Vidyalankar's 2 year program for JEE Advanced. Our teachers Mrs. Bhavika Vanmali & Mrs. Sarita Sharma received the Nation Builder Award organized by the Rotary club of Mumbai West Coast. Virtual Hindi Diwas Day was celebrated on 14th September. Poem recitation, essay writing and fancy dress competitions were conducted for all the students. Virtual Investiture Ceremony was held on 15th September at Nathmal Garodia Hal, DSIMS at 10.30am. The newly elected council members took their oath in the presence of RSET dignitaries Trustee Mrs. Neera Saraf, Member - Mrs Nilima Pahwa, Trustee Mrs Archita Rajpuria and Director of schools Mr Nitin Padte, through Zoom. Drawing & colouring competition was organized for the pre-primary section students on 17th September in their online zoom classes. Pre-primary section celebrated Green Day on 22nd September. First Child safety committee meeting was conducted on 23rd September, which was

graced by our Trustee Mrs Neera Saraf. Principal Mrs Mini Nayar discussed various challenges faced by children in the present Pandemic situation. Online Procter & Gamble session for mothers and daughters was conducted for std VI and VII girls on 16th September from 12.00noon to 1.00pm by Ms. Surabhi Savla. First PTA Meeting was conducted by Principal Mrs. Mini Nayar on 19th September at 11.30am in the school premises. The meeting was graced by Trustee Mrs Neera Saraf and Director of schools Mr Nitin Padte. Daily Records, staff registers and attendance registers are maintained by all the 3 sections. Ms. Kahkasha Shaikh from secondary section participated in Inter-school Hindi Diwas Poetry recitation competition organized by KGSS. Online Class tests for Students of Grade V to X began from 25th to 29th September. Cooking experience [Monaco toppings] was conducted on 29th September for the pre-primary students.

To commemorate the birth anniversary of Mahatma Gandhi various activities were conducted for the students from Std I to X. A workshop by secondary dept was conducted for Science & maths teachers- Maitri Karuya Vidnyan Ganitashi from 3rd October on every Saturday till 31st December, 2020 by IISER, Pune (Science activity center). This was attended by Ms Arifa & Ms Dheya . Registration for CODE-A-THON Olympiad was done by students. Arifa Ms & Dheya Ms attended online NCSC teachers training on 4th October. Online examination training session was given by Mr. Aashish Dutta from Gold Academy & which was attended by all the teachers of all the sections. Pre-primary section celebrated Yellow & orange day on 6th October in online zoom classes. On 7th Oct, H.M Mrs. Indrani Balan attended a

webinar organized by the department of education which was conducted by Mrs. Pradnya Gokhale. Pre-primary section conducted an activity on cooking experience on 16th October in online zoom classes. The RTE file for secondary section is duly submitted at the BMC office Currey road . The Extension of Recognition and RTE file of primary section is in process. Second child safety and PTA meeting was conducted online on February 6th 2021,which was graced by Mrs Neera Saraf , Mr Nitin Padte and committee members. Two online prelim exams were conducted for the std X students. Regular meetings with the parents were taken to address the fees issues. The primary dept

of Education regularly audited the section and the positive feedback was given. The portion in all the grades was completed and revisions were taken. As per dept instructions ,the Headmistress had been to schools for inspection .The second semester exams were held for all the grades .

“Change is the  
end result of  
all true Learning”

## SECONDARY- HEAD BOY'S MESSAGE

A nation is truly known by the welfare of its children. When taken care of with compassion they bring their nation to the forefront. I believe if you truly want to change your life, you must first be willing to change your mind. If this thought is brought into practice by everyone, then the day will not be far when our school will rank first internationally. With the spirit of team work I wish to enhance the discipline and the pride of my school. With whole hearted support of the student council this can be easily achieved. With conviction and determination let us all come together for Truth and Service and make our school the best.

**Mst. Chandan Mishra**

(Secondary section- Head Boy)

## SECONDARY- HEAD GIRL'S MESSAGE

“May our learning be holistic that conjoins our body, mind and heart...  
May our dreams be so beyond individual destinations and kind humanity...  
May our growth be realistic that leads us to maximum happiness....  
May our contribution be significant to the greater good of the society.”

We all are here to learn, to dream, to grow and to contribute. This is what makes our lives worthwhile!

“The path to success is always achieved when we have Dream, Determination and Dedication”, is what we Students of KGES describe our school as.

To every student I would like to say that, “Grab all the opportunities that come your way and make the school flag flutter high. The future depends on what you do today; learn from yesterday and live for today.”

So let's take our School to greater heights of success. We will travel this path together and work in union to keep KGES flag flying high up in the sky, mounted with love, hoisted with dignity and fluttering with grace.

**Ms. Ishika Singh**  
(Secondary section- Head Girl)

## PRIMARY- HEAD BOY'S MESSAGE

I am filled with pride at the fact that comes down to my joy at being able to represent as a Head boy of the Primary Section. I have been given many exciting opportunities and experiences which have developed me into the person I am today. I am very excited to play a key role in supporting and guiding my fellow students and engaging with my teachers to take our school to a new height. I feel extremely grateful to the management here at KGES and the teachers who helps us to cross all the obstacles and leap forward on our educational journey.

**Mst. Kush Sheth**

(Primary Section- Head Boy)

# PRIMARY- HEAD GIRL'S MESSAGE

It is indeed a pleasure for me to pen down my thoughts as I have been selected to represent my school in the capacity of school leader.

Leader is not a one who has the tag of being a leader but he or she is the one who leads without getting others know that he's a leader. KGES has always taken active step to develop leadership qualities among the students I'm sure whatever we have learnt besides academics will help us to be inspired, to inspire others, to think to plan and act to make things better. To continue my journey I would like to thank everyone for their support and will work persistently for the excellence of our school.

**Ms. Hiya Mehta**  
(Primary Section- Head Girl)

## SECONDARY- SPORT'S CAPTAIN MESSAGE

**Mst. Raju Yadav**  
(Secondary section- Sport's Captain)

Good leaders are good communicators and this involves both speaking and listening. Demonstrating this ability will help me better understand requirement of the role while building greater relationships between myself and the staff. The sports leadership is more than just a badge and a title to me. It's a great feeling when you get a badge and sash but on the other side from that day onwards you should start serving to your school and peers.

# PRIMARY- SPORT'S CAPTAIN MESSAGE

**Mst. Shlok Rawtoo**  
(Primary Section- Sport's Captain)

As George F. Will has said "Sports serve society by providing vivid examples of excellence." Being a sports' captain only made me believe in this further. I see my classmates around me, indulging themselves in sports and finding the best version of themselves. I have had a lot of opportunities and have certainly tried to be the best version of myself. Being the sports' captain of such a prestigious school is certainly an honor. I have tried, to the best of my ability, to be someone my peers would look up to. Even in these difficult times, sports was one thing that never failed to make me happy. So, my message to everyone would be to try and then try a lot more, for each time you try, you are a little more close to succeeding.

## PRIMARY - HOUSE CAPTAINS

**Mst. Kush Sheth**  
Head Boy

**Ms. Hiya Mehta**  
Head Girl

KGES has always played an important role in building my child's character. In spite of this year's virtual schooling, I am thankful to all the teaching and non-teaching staff for always being there for any help required.

**Mrs. Purvi Chheda (PTA- Std. VIII)**

KGES is one of the leading SSC schools Mumbai. It is part of Rajasthani Sammelan Education Trust; KGES provides a versatile curriculum for the all-round development of students learning is made fun through curricular activities. The school has been successful in securing 100% results for so many years. Along with regular teaching, the students have always been encouraged to participate in various inter-school & district level competitions. The teaching and non-teaching Staffs both are very responsible and affectionate. The atmosphere is loving, caring and friendly where my child is safe and enjoy very much.

**Mrs. Anjana Tripathi (PTA- Std. IX)**

It is 9th year of my daughter Ms. Kruti Rathod in this nice institution where along with education various activities for personality development are carried out with care, it is a family of all associates. This year I am little depressed as due to COVID 19 all activities except online Education are held up. Online Education is well managed and good but missing personal contact amongst students, Teachers, Parents and staff of the institution. Hope soon everything gets normal and we meet again face to face. Thank you all for your cooperation and care.

**Mrs. Heena Rathod (PTA- Std. VI)**

**EDUCATION IS WHAT REMAINS AFTER YOU HAVE FORGOTTEN EVERYTHING YOU IN SCHOOL.**

Well said by Albert Einstein. These lines are applicable to Kudilal Govindram Seksaria English School in real sense. My experience about this school is outstanding. What you teach students is often forgotten after school but how you teach creates an impression and imbibes an aptitude in children that stays forever. Even before designing the syllabus academic institution must design a technique of teaching that creates a long lasting impression on the students mind. This impression is what molds and sharpens their personalities. K.G.S.E.S School is one of the few schools in Mumbai that uses accelerated learning techniques and design. K.G.S.E.S followed a teaching Philosophy which enabling the students in achieving an all-around excellence in academics as well as extra-curricular activities, making them self-sufficient and prepared for the

## PTA ARTICLES

future. A child education goes far beyond the traditional aesthetics of teaching and learning. It is only complete when it addresses the holistic needs of a child. K.G.S.E.S. is inclined at creating responsible global citizens and lifelong learners to that effect Dance Period, Music Period includes in K.G.S.E.S. extra curriculum activities. Physical education is equally important for the children. And in K.G.S.E.S children play grow and learn through the updated facilities applied to range of sport activities. Such as Basketball, football, cricket etc. This 2019 -2020 year was Pandemic year for all of us. But still all the teachers of our school took a lot of efforts to taught the students online and did their level beat to meet classroom like learning experience. Kudilal Govindram Seksaria English School is the best school ever which build child into a confident personality with positive attitude.

**Mrs. Manisha Thorat (PTA- Std. V)**

First of all, I wish to congratulate the entire team of KGES for their constant efforts to ensure the continual learning of our children. I am sure the journey has been far tougher for you all to adapt to this new way of teaching and we have observed additional effort everyone has put in. I have been observing them from last few months during the online classes; they have an immense patience to handle the class. The teachers are maintaining calm and handling their classes very effectively. Let this message bring positivity and motivation for the teachers during this tough pandemic time. I understand online teaching is much difficult than the normal teaching. I wish good luck and best wishes to Team KGES.

**Mrs. Salma Shaikh (PTA-Std. II A)**

The overall aim of the PTA meeting is to ensure the school offers the best learning experience for the students keeping in mind their needs. Thus, I am honored to be a part of the PTA of this school. This has been a great journey for me. I have been helping the students and teachers by being a bridge between them. To see all these little children blossom throughout the year has been a great experience. Of course there have been ups and downs all year long, but the teachers have always stood by our side as a pillar of constant help and support.

**Mrs. Ketki Rawtoo (PTA- Std. IV A)**

Education is an essential part of our lives. We are nothing without knowledge and education is what separate us from others. It is an institution designed to provide learning space and learning environment for the kids. School serves as the first learning place for most of the people. K. G. E. S is an excellent example where everyone strives indefatigably. An academically outstanding school which prepares the children to excel themselves in all the areas. It gives opportunities to the students to high lighten their inbuilt qualities. We feel blessed that our kids are studying in one of the most prestigious and esteemed school of the city. In addition, K. G. E. S has a lot of assets which makes me feel fortunate to be a part of it.

**Mrs. Disha Khanna (PTA- Std. IV B)**

Adversity always teaches us to change. Change is inevitable. Human species have always evolved. Progress is with change. Changes have to occur in the minds of the people and if one cannot change in his mind, he cannot change anything. One has to adapt to the changes and grow. Pandemic has changed priorities, our behaviors, habits and attitudes. From race for materialistic pleasures our priorities now have changed to:

- Health and hygiene, boosting immunity.
- Family love, family's safety, time with family, care for elders are our focus.
- We have explored our talents in cooking, handicraft, music, movie making and many more fields.

**Mrs. Meena Asawa (PTA- Std. I A)**

Every house is a school, and every parent a teacher as Covid-19 impacts education of 300mn students, with schools shut, there's no boundary between the bed room and class room anymore. The routine has gone haywire, the playtime is zero and there is no separation between home time and school time. You are constantly engaged with office work and household work in the absence of a support system, Nuclear families don't have the habit of spending 24-hours with parents. The child is out for school and hobby classes for 8 to 10 hours a day and the husband-wife are in separate jobs. In our kind of families, children are not used to spend days at home without schools and friends. It's a crisis for all," Uncertain times create more problems for students. We elders know how to overcome it – but children without school are completely off routine. While there is a lot of talk about online classes, it is limited to a small number of schools and colleges." Children are reading late in the evening, getting up late, watching films – there is hardly any control over a structured learning environment at home. It is creating a huge impact on their overall learning. There is a common understanding that while a nationwide lockdown is good for all in limiting the spread of the corona virus, it will have its impact not just on businesses and common people but also on education. Corona virus has altered everyone's life including our school system. But it's time to look at the positivity.

**Mrs. Usma Savla (PTA- Std. I B)**

The Power of Forgiveness- The famous saying goes "To err is human, to forgive is divine". What makes the power of forgiveness comparable to God?

Forgiveness is a virtue of the brave. But the way people perceive it is quite relative. It is not an easy task. At times it feels more painful to forgive the one that inflicted us than they would have suffered. But, one has to be brave to forgive. We have to be willing to let go of that anger that actually shield us from the other person. We should also consider for giving people because no one is perfect in this world and

## PTA ARTICLES

the action of the other person might be the outcome of the miseries that the person might be undergoing. Pluto has once said, "Be kind, for everyone you meet is fighting a hard battle."

We should always forgive people and love them for who they are, no matter how wrong they do to you. When we forgive, we become an icon of love rather than a person of hatred. It is a way that leads to self-fulfillment.

Forgiveness makes us feel better. Always forgive others as it is no one other than you deserve the peace and harmony. Peace cannot exist without forgiveness. So, let's experience the power of forgiveness together. Just choose how big or small transgression you are willing to forgive and start with saying those words "I forgive you" that make YOU win from doing it.

Always remember:- "LIGHT, LIVE AND LOVE"

**Mrs. Trupti Upadhyay (PTA- Std. II B)**

Education is highly essential as it eradicates social evils and upgrades the thinking of society. It not only bridges the parallel gap between the rich and the poor but also eradicates the fickle of unemployment in developing countries. Education is essential as it is an integral tool that helps a nation achieve economic growth and stability. It helps to overcome the shackles of inequality, corruption and poverty. It is a contributing factor in the field of development of technology and science. Education is imperative for any nation to achieve the success of the development.

**Mrs. Tasmee Memon (PTA- Std. III A)**

Nurturing the Reading Habit- Reading is the thinking process not an automatic response to print. It is an individualistic development process. It must be nurtured and can be learnt best through practice in using the process. Reading is one of the most stimulating and emotionally gratifying adventures of early childhood. The reading environment goes a long way to enhance children's motivation. Learning to read take time, patience, desire and readiness. Children who enjoy picture, alphabet, nursery rhyme and story books from early infancy will have a greater desire to read. Children will develop gradually and at their own pace towards successful reading.

**Mrs. Reema Rawal (PTA- Std. III B)**

A good teacher is not that hard to find, but you must know where to look. The good teachers are well-prepared in advance for their education goals. They prepare their plan of action every day to ensure maximum productivity. Teachers have a lot of knowledge about everything, specifically in the subject they specialize in. A good teacher expands their knowledge continuously to provide good answers to their students. Similarly, a good teacher is like a friend that helps us in all our problems. A good teacher creates their individual learning process which is unique and not mainstream. This makes the students learn the subject in a better manner. In other words, a good

teacher ensures their students are learning efficiently and scoring good marks. Most importantly, a good teacher is one who does not merely focus on academic performance but overall development. Only then can a student truly grow. Thus, good teachers will understand their student's problems and try to deal with them correctly.

**Mrs. Divya Savla (PTA- Std. Nursery)**

During our student days when we reached home, our parents' would ask us whether we had been well behaved and respectful towards our teachers. In today's scenario we see a reversal in the reaction of the parents. The parents take a complete feedback of the day from their child. At times their interests are misplaced and we sometimes see some parents who are willing to take up arms against schools for taking measures to discipline or reform the child. The percentage of parents defending their child's wrongful behavior is on the rise. With proper orientation of the parent they can play a positive and structural role in grooming today's child to deal with the complexities of the 21st century global skills. Parents are highly involved in their child's day-to-day learning process.

Suggestions for involvement of parents in the school program:

- \*Regular parent teacher meetings are required to discuss and plan the progress of the child.

- \*Online parent interactive apps to keep them updated of academic progress.

- \*Organizing Orientation programs for helping the parents to understand the school's academic vision for its students.

- \*Arranging Parent interface, where the parents can enter classrooms to better understand the challenges of the modern Classroom.

**Mrs. Pooja Rajput (PTA- Std. Jr.kg A)**

In today's world, technology is unavoidable. It's everywhere. Our children depend on it for their education, social interactions, and entertainment. As parents, we're constantly trying to find that balance of allowing kids to stay socially connected and current with technology, while also making sure they're not overusing it or engaging in risky behavior. It can be very difficult to find the right balance when your child constantly wants to engage in things like gaming and social media. Since most parents didn't grow up with this technology, it can be hard to see eye-to-eye with your child. The bottom line is that you know your child best and what he or she is capable of handling. Gradually add more freedom as children become better able to self-manage.

**Mrs. Nisha Bhatia (PTA- Std. Sr.Kg A & B)**

## Secondary

### Save earth

Mst. Aashutosh Upadhyay  
-VII A

Our Earth is the only beautiful planet in our solar system it's the only planet that has life .Since 2000 ads...everything was fine but since the development of human culture cities and modern lifestyle everything has been changed. Now, man and other animals have started to behave differently. Man has started to use and abuse natural resources to the limit We have no more crude oil ,coal, fewer forest, of animals wild. Our environment is totally polluted, so we suffer from diseases, we drink polluted water. Inhaling the dusty air and so on...As consequence of all human activity there is an ozone hole, the sea rises, the Antarctic icecaps melt. Now, global warming is a warning so fast that there is a climate change the mother earth is no danger, life is danger. Let's unite to save our life by giving life to our mother earth.

### Women Empowerment

Ms. Charvi Vyas  
-VII A

Women Empowerment refers to the activities undertaken to improve the social, economic, and political status of women in the world. The female gender has faced subjugation and systematic oppression throughout history and the situations call for improvement their condition in society. Women empowerment starts with basic steps of granting women the right to live. To date, thousands of female babies are killed either in the womb or right after their birth. To make sure women are empowered to live their lives freely, female infanticide and feticide were made punishable by law. In addition to this, women must be educated and given equal opportunities in professional and economic fields.

### Save Water

Ms. Arya Madan  
-VII A

"Water, water everywhere, but not a drop to drink".  
You must have heard this phrase many times in your life.  
It means that although there is water all round us,  
In Earth's oceans, seas, lakes, rivers, etc. ., most of it is not drinkable water! The oceans cover up more than 70 percent of the Earth's entire surface.

### **My Meaning of Life**

Ms. Vishakha Gurav  
-X A

The meaning of life has no definition,  
It's never the same,  
How it's different,  
makes it unique,  
for every living soul,

My meaning of life is like a tree filled with  
leaves,  
Some leaves fall and others don't,  
Like the millions of stars stuck in space,  
waiting to be discovered,  
Like fire, can cause war or peace,

Like money,  
used and wasted,  
abused and hated,  
loved and wanted,  
But is there a meaning to it?  
Is there a meaning to your life?  
I don't know, you decide.

### **Leave Exam Fear**

Mst. Yugkumar Singh  
-VIII B

"Listen O my dear leave exam fear  
Work hard and feel confident  
Give it your best and God will see the rest  
In any situation never leave your cheer"

"No one does best always in exam  
Mistakes do occur in reality realm  
Learn from your mistakes and improvise  
You will thus become more and more wise  
People will admire and success will come  
near..  
Nothing is certain in ever changing life  
Only good exams will never suffice  
Problems don't declare their sudden  
arrival..  
Strength is needed for a peaceful survival  
Practical learning is equally essential  
It brings out your real potential  
Opportunities lie in so many spheres."

### **Healthy Mind**

Mst. Abhinash Giri  
-X A

Being in good mental health can be defined as the state of wellbeing in which every individual realises his own potential, can cope with normal stresses of life, can work productively and fruitfully, and is able to make a contribution to the community. Mental health is stressed in WHO's definition of health as: "a state of complete physical, mental and social -wellbeing and not merely the absence of disease or infirmity". In the past year, only a few hospital seconds and organisation in cochin made efforts to create sure awareness among the common crowd about the significance of mental health. Unfortunately, the educated modern man is not greatly conscious about his mental health and not edge until the time of an emergency.

### Days spent in Lockdown

Mst. Maahir Rita  
-I A

I Maahir Rita would like to share my feelings about this lockdown. I experienced many new things during this pandemic. I came to know about the poor people and how much they suffered during these days, it really brought tears into my eyes. On one hand I was sad but on the other hand i was happy too. Since both of my parents are working they could not spend enough time with me. But this lockdown brought changes in my life. I had a great time with my parents. They taught me many new things such as dancing, drawing and colouring and I also started learning piano online. This helped me to bring out my passion. Thinking about all these really makes me feel happy. May be in future I may become a PIANIST.

### My School Objects

Mst. Mayank Asawa  
-I A

The pencil is red,  
The eraser is white,  
They help me to write,  
And make my day bright.

The pencil case is yellow,  
The folder is green,  
The schoolbag is orange,  
And the ruler is pink.

Two notebooks in my bag,  
Many pages they have,  
To do my art,  
I am ready to start.

### Riddles

Mst. Rayansh Shah  
-I A

1. I am full of holes; I can hold water. Who am I?  
A. Sponge.
2. What has many keys but can't open any doors?  
A. Piano.
3. Which building has the most stories?  
A. Library.
4. What is white when dirty and black when clean?  
A. A chalkboard.

### Brain Utility

Mst. Bhavya Shah  
-I B

Once upon a time there was a King who announced a reward to the person who can measure the weight of an elephant. During those days there was no weighing machine to measure the weight of such a heavy stuff. Many villagers tried but no one was successful. One little boy went to meet the king & said, "I can do this if you can give me a chance." The King allowed him. The boy said, "Place an elephant in a boat in the water and mark how much the boat has sunk. After that take out the elephant and fill the boat with stones up to that mark. Now, weigh all the stones and that will be the weight of the elephant." The King was happy with the boy and rewarded him.

### **Mirror**

Ms. Urvi Shivalkar  
-I B

I look in the Mirror.  
I look in the mirror  
and what do I see?  
A pair of eyes  
looks back at me.  
A nose, two ears,  
two eyebrows, too:  
Two lips, and teeth, to say,  
"I love you."  
I look in the mirror  
and what do I see?  
I look in the mirror  
and I see me!

### **Hand wash**

Ms. Aliza Shaikh  
-II A

Wash, wash, and wash your hands,  
Get them very clean,  
Do the rub, do the scrub,  
Germs are very mean.

Wash, wash, and wash your hands.  
Get them nice and clean!  
Scrub the tops,  
And scrub the bottoms,  
And don't forget in between!

Wash, wash, and wash your hands,  
We should sing this twice,  
Do the rub, do the scrub,  
Being clean is nice!

### **My School Promise**

Mst. Hrid Upadhyay  
-II B

Each day I'll do my best  
And I won't do any less.  
My work will always please me,  
And I won't accept a mess.  
I'll color very carefully,  
My writing will be neat,  
And i will not be happy,  
Till my papers are complete.  
I'll always do my homework,  
And try my best on every test.  
I won't forget my promise,  
To do my very best.

### **Say A Prayer**

Ms. Sharvari Shigvan  
-II A

Once I was going with my father for a usual evening walk when a vegetable hawker pulled up besides me. We thought he would ask us to buy veggies instead he showed us a picture of a cute little five year old boy. "This is my grandson, Amit", he said. "He is on a life support system at Civil Hospital." Thinking he would next ask for a contribution to his hospital bills, my father reached for his wallet. But the driver wanted something more than money. He said, "I am asking everybody to pray for my grandson. Would you say one for him, please..."  
\*" Sometimes, all it takes is just one prayer to change everything. "\*

### **Little Fish**

Mst. Uzair Shah  
-II A

One little fish  
Swam in the dish.  
He blew bubbles  
And made a wish.  
All he wanted was another fish  
To swim with him  
In its little dish.  
Another fish  
Came one day  
To blow bubbles  
While they play.  
Two little fish  
Blowing bubbles  
In the dish  
Swimming around  
Singing plish, plish, plish.

### **Never Cry, Just Try**

Ms. Arvi Gada  
-IV A

Once there was a boy  
And everyone thought,  
He was a useless guy.  
He always Failed,  
In every exam  
Be it First second or third,  
Or the last, Final term.  
Once he saw an art,  
Who was trying to climb a wall.  
Fell down, but tried again,  
And then it did not  
This lit up his inner soul,  
He worked harder to achieve his goals.  
And one day he went up so high,  
That he Finally touched the sky!  
IF you too want achievements,  
Never, ever cry.  
Just set your goals and aims,  
  
And try try and try.

### **The Twelve Months**

Ms. Vaishnavi Naidu  
-II B

January with cold is set.  
February is chill and wet,  
In March the wind often rages,  
In April the weather changes,  
Pretty flowers come in May,  
Sunny June brings the longest day,  
In July the skies are clear,  
The August with corn is here,  
For fruits September open the way,  
October sweeps the leaves away.  
Next enters grey November  
And lastly snowy December.

### **How I spent my time during lockdown**

Mst. Aamir Memon  
-III A

Due to COVID-19 first time we had experience lockdown. Lockdown was the opportunity for me to learn new things and spend good time with my family. It was a nice experience for me because other time they are busy with their own work. During these holidays I have not visited any places. I had spent my whole time at my home. I started waking up early in the morning and did exercise and yoga with my parents. I played many indoor games like Carrom, Chess and Ludo with my sibling. I watered plants in a garden I read books I also helped my mother in many household work. I also attend online classes in the lockdown which helped me to become a better person I have followed all COVID-19 rules at home like regular hand wash, drink hot water and use sanitizer. During these holidays, I had taken different experience of staying home with my family and I really loved it.

### **The Fog**

Mst. Saksham Patel  
-III A

I like the fog  
It's soft and cool,  
It hides everything  
On the way to school.  
I can't see a house,  
I can't see a tree.  
Because the fog,  
Is playing with me.  
The sun comes out,  
The fog goes away.  
But it shall be back,  
Another day.

### **IF**

Ms. Kanishka Sawant  
-III B

If the entire world were painted pink  
with lots of green and yellow Ink  
And all the mice were millionaires  
how would we ever get upstairs?  
If little dogs have little lies  
and crocodiles are  
sweet and nice  
and like to tickle with their tails  
Why do they have such  
long sharp nails?  
If many things we say are true  
Like one plus one and six plus two  
and elephants from Timbaktu  
Why aren't there any in the zoo?  
If up and down and out and in  
and big and fat and thick and thin  
And long and lean and wan and white  
Why must we go to bed at night?

### **Whenever it starts to rain**

Ms. Hetvi Shah  
-III B

Whenever it starts to rain  
It washes away all my pain  
I forget all the work I had  
I run I jump and just go mad  
I like to sit under the trees  
I sit and enjoy the cool breeze  
And now the sun is about to set  
And I wish that it should never cease  
I learn a lot from nature  
And find it a very good teacher  
But sometimes I find its strange  
It teaches me that everything will change.

### **Be Positive**

Ms. Aayushree Panchal  
-IV B

Keep your thoughts positive because your  
thoughts become your WORDS

Keep your words positive because your  
words become your BEHAVIOUR

Keep your behavior positive because your  
behavior becomes your HABIT

Keep your habits positive because your  
habit becomes your VALUES

Keep your values positive because your  
values become your DESTINY.

### **Save Nature**

Mst. Harshvardhan Thorat  
-IV A

We see oranges,  
We see brown,  
We see leaves on the ground  
We see yellow,  
we see red,  
We see leaves above our head.  
We see green,  
We see brown,  
We see trees all around.  
We see blue,  
We see white ,  
The sky is all smooth and bright.  
Color of nature is God's Gift  
let's believe and do something to save it.

### **Never Give Up**

Ms. Hiya Mehta  
-IV A

If I made a mistake,  
then I would have to retake it self,  
and do it once again,  
even feel the pain.  
But there also lays a prize,  
and that made me realize that,  
even if I was to fail,  
it would be a learning trail.  
If I hope for medals and a cup,  
I can't just rely on luck  
I must do hard work,  
to show the world my worth.  
That's the essence of never giving up!

### **Teacher - The unseen Corona warrior**

Mst. Aditya Pandey  
-IV A

A good teacher is like a candle it consumes itself to light the way for others.

The outbreak of COVID-19 has left the country shut its doors to contain the spread of the coronavirus. There is a large number of Corona warriors going the extra mile to battle the pandemic, they all deserve our thanks and respect. Along with all Corona warriors stand our teaching community, The country is immensely proud of our teachers. They embraced the present situation with positivity and used it as a growth, opportunity etc. Our teachers have been incredible, creative and committed into this new way of online teaching. Imagine how stressful it can get for a teacher on being constantly monitored, online learning is undoubtly an effective option for students.

This is a way to assure students that teachers are always there for them  
**TEACHER.**

"Takes a hand, Opens in mind, Touches the heart, Shape the future".

**परीक्षा की तैयारी**  
कुमारी विधी शर्मा  
कक्षा आठवीं

“करें परीक्षा की तैयारी, बहुत लिया खेल अब,  
करें परीक्षा की तैयारी, पेन, पेन्सिल, रबर, कटर  
हो सामग्री सारी...”

हैं वक़्त बड़ा अनमोल, अब न इसे गँवाना है,  
करके अच्छी तैयारी, अच्छे अंक भी लाना है।  
हो पढ़ने का टाइम टेबल, जितना पढ़े, मन से पढ़े,  
एक विषय याद हो जाए तो अगले की ओर बढ़ें।...

न पढ़े ज़्यादा देर, वक़्त पे आराम करें।  
याद हो गये उत्तर जो उसे लिखने का काम करें।  
लिखने से बार बार याद उत्तर हो जाएगा,  
हो कैसा भी प्रश्न-पत्र, झट वो हल हो जाएगा,  
ठण्डे दिमाग से हर प्रश्न का दें जवाब,  
लिखें उत्तर वही जो कहती है किताब.

पाकर प्रथम श्रेणी को माँ-बाप का रोशन नाम करो।  
नाज़ हो “दीप” तुम पर जो कुछ ऐसा काम करो!!

**मेरे जीवन में मेरी माँ का महत्व**  
कुमारी दर्शना पाटील  
कक्षा दसवीं ब

माँ एक ऐसा शब्द है, जिसके महत्व के विषय  
में जितनी भी बात की जाये कम ही है। हम माँ  
के बिना अपने जीवन की कल्पना भी नहीं कर  
सकते हैं। माँ के महानता का अंदाजा इसी बात  
से लगाया जा सकता है कि इंसान भगवान का  
नाम लेना भले ही भूल जाये लेकिन माँ का  
नाम लेना नहीं भूलता है। माँ को प्रेम व करुणा  
का प्रतीक माना गया है। एक माँ दुनियां भर के  
कष्ट सहकर भी अपने संतान को अच्छी से  
अच्छी सुख-सुविधाएं देना चाहती है।

**जल ही जीवन है**  
कुमार आदित्य सिंह  
कक्षा दसवीं

हमारे शरीर का संघटन सत्तर प्रतिशत जल से  
बना है। केवल हमारा शरीर ही नहीं, अपितु  
हमारी पृथ्वी भी दो-तिहाई जल से आच्छादित  
है। जल, वायु और भोजन हमारे जीवन रुपी  
इंजन के इंधन है। एक के भी न रहने पर  
जीवन संकट में पड़ सकता है। “जल ही जीवन  
है” यूँ ही नहीं कहा जाता है।

**फक्त तू खचू नकोस**  
संचित देशमुख  
इयत्ता सातवी

संधी मिळेल तुला ही लगेच हिरमुसु नकोस,  
आयुष्य खूप सुंदर आहे फक्त तू खचू नकोस  
प्रेम तुझ्यावर करणारे, कितीतरी लोक आहेत .  
तुझ्यासाठी जोडणारे ,खूप सारे हात आहेत.  
अरे अशाच आपल्यासाठी, तू ही थोडे हसून बघ.  
आयुष्य खूप सुंदर आहे ,फक्त तू खचू नकोस.  
उठ आणि उघडून डोळे, पहा जरा जगाकडे  
प्रत्येकाच्या आयुष्यात ,काहीतरी असतेच थोडे.  
नाही नाही म्हणून ,उगाच कुढत तू बसू नकोस.  
आयुष्य खूप सुंदर आहे फक्त तू खचू नकोस.  
सामर्थ्य आहे हातात जर,स्वप्न डोळ्यात घेऊन  
चल,  
परिस्थितीशी भिडवून छाती दोन हात करत चल  
विजय तुझाच असेल तेव्हा मागे वळून बघू नकोस  
आयुष्य खूप सुंदर आहे, फक्त तू खचू नकोस.  
सक्षम कुमावत. इयत्ता-आठवी तुकडी-अ.

**अहिंसा**  
कुमारी विशाखा गौरव  
इयत्ता दहावी

अहिंसा हे एक फार मोठे मूल्य आहे. नाईलाज  
झाल्याशिवाय हिंसा करू नये  
अशी भारतीय संस्कृतीची शिकवण आहे. पण  
हिंसा म्हणजे तरी काय?  
जिवानिशी मारणे किंवा दुसऱ्याला शारीरिक इजा  
करणे एवढीच हिंसेची व्याप्ती  
नाही. मन दुखावणे,टोचून बोलणे, अपमान  
करणे, हिणवणे, आनंद हिरावून घेणे ही  
सारी हिंसेची रूपे आहेत. महात्मा गांधींनी  
अहिंसेचा मोठा प्रयोग केला. बलाढ्य  
ब्रिटीश सत्तेला अहिंसेने जेरीला आणले इतकी  
वर्षे तुरुंगात डांबून ठेवलेले नेल्सन  
मंडेला विजयी झाले. दक्षिण आफ्रिकेतील  
कृष्णवर्णीयांना आता न्याय मिळू  
लागला आहे. माणसाबद्दल द्वेष किंवा तिरस्कार  
न वाटता त्यांच्या राजवटी  
विरुद्ध लढा द्यायला गांधीजींनी शिकवले.

## What are Problems?

P- Predictors- They helps to mould our future.  
R- Reminders- We are not self-sufficient, we need God and others to help.  
O- Opportunities- They pull us out of our difficulties help us to think in a right way.  
B- Blessings- They open doors we usually don't see through...  
L- Lessons- Each new challenge will be our teacher.  
E- Everywhere- No place or person is excluded from them.  
M- Message- They warn us about potential disasters.  
S- Solvable- No problem is without a solution.

**Mrs. Sandhya Dave**

(Librarian)

## E-School: Boon or Bane?

The education system all across the world has gone through a paradigm shift, not just in terms of resources and content but also in terms of mode.

Since the rise of the pandemic, teaching moved online and now 'online teaching and examinations' have become a new normal.

When things are taught, then it also becomes necessary to take assessments, hence the need for online examination arises.

Pen and paper exams are already being supplemented, or rather substituted by online assessment platforms, thanks to rapid digitalization and the ongoing pandemic.

While online exams have their strengths and flaws, the pros surely outshine the cons. In an ever-evolving education scenario, online exams, and e-assessments are at the center of it all. It can be a powerful tool to educate students from diverse backgrounds and locations.

Since this mode of examination is very much new to the Indian Education system, it has to be implemented with a slight precaution due to infrastructural barriers and challenges faced by the students.

## Farmer's Suicide

Farmers are the backbone of the Indian economy. But most of the time they're neglected. The number of deaths of farmers in every state of India is increasing. The agricultural sector should be valued more than before to stop this.

Indian farmers, in most of the cases, cultivate on someone else's land. In return, they're supposed to give half of their crops to the landlord. They also borrow money from moneylenders in high-interest rate. In this way, they step in the never ending cycle of interest. It leaves them with no option than death. After the farmer's death, his son becomes the bearer of those interests. He works to get tired, exhausted with no money left to run the family, the government should give money to the farmers in lower interest. Farmers should be able to sell their crops directly to the people at a reasonable price through a common platform provided by the government.

**Mrs. Ritu Sharma**

(Teacher- I B)

## Benefits of Virtual Learning Environment

The list of significant advantages of virtual learning environment is followed by a range of disadvantages. But there is a perfect way to avoid difficulties — mixing online and traditional education. Blended together, they provide students and teachers only with their best features making the learning process as effective as it can be:

*Student-to-teacher and student-to-student communication remains live, hence, more effective and involving;*

*The learning process is empowered with interactive online activities and additional materials to deepen knowledge;*

*Students can get more individual curriculum according to their learning pace and interests;*

*Tasks can be submitted and commented online;*

*It is easier to catch up in case of illness, travel or any other reason to miss classes;*

*Teachers get computer-aided assistance in planning lessons and managing all the related activities;*

*Speaking of schools, parents can be more aware of their child's performance and more engaged in the educational process.*

*In case a virtual learning environment is used by an enterprise to teach employees, it is also possible to reap only the benefits of this system by combining online education and live communication with mentors and colleagues.*

**Ms. Melvina Carvalho**

(Teacher- II B)

### Perseverance is the key to success

Perseverance means constant effort to achieve something. It is the best of all human virtues because it is the key to success. We can succeed in life with Perseverance, steadfastness and determination. One should not be disheartened by failures. We should make greater efforts and return back to the task till the success is achieved. People who doesn't give up even when there doesn't seem any hope at all, are sure to achieve success.

Human life on earth is full of hardships and misfortunes. As soon as we overcome one hardship, a new one appears. If we have perseverance, we can overcome any number of difficulties and attain success. But when we lose heart at the sight of obstacles, we cannot succeed.

We shouldn't grumble when a new difficulty arises. We should rather accept that challenge. Great men in every country have struggled to attain success in life. Tenzing Norgay could conquer Mount Everest because he had Perseverance. Abraham Lincoln rose from very poor circumstances to become the President of U.S.A. The secret behind success was nothing but Perseverance. Nothing can defeat a man who is prepared to fight with perseverance and determination. So, it is said that \_"Perseverance is the key to success."

**Mrs. Sanjana Nayar**

(Teacher- III A)

### Tips of Good Parenting

- \*Take time to concept talk and listen to his/her point of view

- \*Inculcate value right from day one explaining its need and importance from time to time.

- \*Practice what you preach.

If eating in front of TV is not allowed set an example.

- \*Encourage your child to pursue what he/she is interested in and not what you would want them to do. This brings about a harmonious relation with your child.

- \*Do not put your child down in front of other people.

- \*Children must be taught to take a no from parents as well as friends and teachers.

- \*Befriend them, so that you know nothing remains a secret.

- \*Last but not the least, be at your best always you surely are the most wonderful parent what is required. Wish to change with the times, yet be firm when required so that your child blooms into a beautiful flower.

## Importance of Reading

Hobbies are of various kinds. They are pursued only for pleasure .Reading is one such hobby. The pleasure received from reading is immense and unique. It is very beneficial and healthy useful activity. Reading provides other additional benefits. It helps us to enrich our vocabulary, experience, confidence and knowledge as well. The range of materials available for reading is vast .We can choose history, philosophy, adventure, and fiction. The hobby and habit of reading can be developed from an early age but one can pursue reading at any time or age. Books are our best friends and are company at all times and in all seasons. They are a storehouse of knowledge and wisdom .We can have our own collection of books. We can enjoy reading at anytime, anywhere and at any moment. The money spent in buying books is an investment forever. One should read good inspirational books of famous, ancient and contemporary authors. This influences our personality not only as a past time but also to gain knowledge.

**Ms. Prachi Fereira**

(Teacher- IV B)

## Importance of Education

**Knowledge and Awareness:** Education is the way to enlightenment. It builds up your knowledge base, widens your thought and strengthens your power to explore the world.

**Success and Goals Accomplishment:** An educated person is the goal oriented person with effective strategy and time management. He knows how to prioritize goals and task for the achievement of maximum results for growth and development.

**Character Building:** It strengthens the character by inculcating the values of patience, tolerance, justice, equality and kindness. It thoroughly influences the behavior and orientation of a person for the betterment of life.

**Freedom and Human Dignity:** Education makes the minds free. It unshackles the dogmas, disbelief and decaying ideologies from one's personality. It is free in the true sense with honor, dedication and pride.

**Collective Progress and Prosperity:** Education is the way leading to wealth, progress and prosperity. It ends financial disparities, poverty and pessimism. It is the only weapon of powerful and prideful developed nations of world today

### **Fitness- An important factor**

During this difficult COVID-19 times fitness plays an important part of every individuals' life. The more fit a person the better immunity, the more better immunity the less chances of getting attacked by virus and infections. As our sports coaching were near the kids were excited as they would devote their time to their favourite sports after their examination but due to covid-19 everyone was under quarantine and became frustrated as they could not engage themselves in their preferred activities.

**Mr. Dharmraj Yadav**

(PE Teacher-  
Primary)

We at KGES came up with a solution for this and have been in constant touch with our students and their parents to help them make more fit and strong by preparing workout videos and sending them on a regular basis. After every week the workout schedule was changed and increased in intensity level with inclusions of proper warm-up, mobility and cool down stretches.

We focused on different components of fitness like

- The 5 components of physical fitness are often used in our school systems, to gauge how good a shape we are truly in. The 5 components that make up total fitness are:
- Cardiovascular Endurance
- Muscular Strength
- Muscular endurance
- Flexibility
- Body Composition

Total fitness can be defined by how well the body performs in each one of the components of physical fitness as a whole. It is not enough to be able to bench press your body weight.

### **Don't Quit....**

When things go wrong as they sometimes will, when the road you are trudging seems all uphill when the funds are low and the debts are high, and you want to smile but you have to sigh, When care is pressing you down a bit. Rest if you must but don't quit. Life is strange with its twist and turn as every one of us sometimes learns, and many of fellow turns about when he might have won had he stuck it out. Don't give up do the pace seems slow. You may succeed with another blow.

**Mrs. Reba Nandan**

(Teacher- V B)

Often the goal is nearer than It seems to a fair and faltering man, Often the struggler has given up. When he might have captured the victor's cup, and he learned too late when night came down, how close he was to the golden crown.

Success is failure turned inside out. The silver tint of the clouds of doubt, And

you never can tell how close you are, It may be near when it. Seems afar, so stick to the fight when you're hardest hit, it's when things seem worst that you mustn't quit.

# **DON'T QUIT**

## Family or friends?

Family and friends: The two factors which perhaps influence you most greatly in deciding what you do and who you are. Choosing between them might be the hardest thing you can ever do, out it's a choice many of us face \_especially in our teen age years. Many have said your family and relatives are more important than your friends. And it's obvious to see why: most of us believe our families will always be there, even if our friends may come and go. This is very true: Your parents are the ones who gave your life and the ones who will always be there when you fall. Nonetheless, many of us often feel we can talk more freely about our problems with people our own age than we can with our families, who we might not feel we know as well as our friends. When the pressures of modern life don't allow us to spend as much family time together as we did in the past, parents and children can become isolated from each other. In situations like these, friends can be an escape, away to feel free and be happy.

When all is said and one, the question of choosing between family and friends still remains. Where do you sit on this issue?

**Mrs. Shabnam  
Shaikh**

(Secondary Subject  
Teacher- Geography)

## Importance & contribution of Geography in School

Geography is the investigation of the places that make up our world Places are specific areas of the earth's surface, and can range from a locality to a country to a major world region Geography answers our questions about why they have their particular environmental and human characteristics, how and why they are changing, and their economic, political and social significance.

Many Geography educators, especially those involved in primary school education, stress the vital importance of nurturing and building on the innate curiosity of children about places, and their sense of wonder at the diversity and beauty of the world they are starting to explore. Curiosity and wonder are not only to be valued in their own right, and as stimulating an interest in finding out, but can also be a basis for global citizenship and environmental responsibility. Geographical education contributes to an understanding of the world around us, but can also be applied in careers in environmental management; natural hazard management; the location of businesses,

services and facilities; urban planning and design; housing and real estate; architecture; tourism and travel; marketing; environmental, economic and social research and analysis; travel writing; emergency management; international trade and business; spatial information technology; surveying; regional development; social planning; social work; community development; international development; and education.

(Teacher- VI A)

### All Labour is Useful

As you know, man is worker. If he is not that, he is nothing. A life of labour is much more pleasant than a life of idleness. None can be happy without doing something; work keeps people in good health and makes them strong and tough. Rich people who live a life of ease and comfort are ailing. Working of man is useful to man in three ways: he is getting a living, exercising his mind and keeping himself strong and healthy. Therefore all labour is useful.

Work is worship, and all works are saved. Good work in all forms is more acceptable to god than the prayer offered from a pulpit. God helps those who help themselves. All kind of labour is honourable. Man is born to work and proper in life. Idleness in youth leads to repentance in old age. The food that sustain us , the clothes that protect us from the heat and cold, homes where we live and sleep all are the results of labour working all over the world.

I conclude that, idle hands and idle brain are devils workshop.

**Mrs. Sarita Sharma**

(Teacher- II A)

### Doctor needs Doctor

Once upon a time there was a fish Kingdom in the Indian Ocean, where all the fishes lived happily. One day, all of a sudden many fishes started getting sick, worried about his pupil, the Sultan of the kingdom called the renowned doctor Dr. Shelly, the Shark. The doctor treated all sick fishes by giving them medicines. However the Sultan was worried about the sudden illness of his pupil and ordered an inquiry into the cause of the illness. He was informed by his ministers that a few days ago 2 huge ships containing oil containers had sailed through their ocean and that oil had got leaked from these Ships into their Kingdom, which was the cause of the illness. After hearing this, the Sultan imposed restrictions on sailing ships near his kingdom.

After few days many baby fishes suddenly got injured while playing in the kingdom, so the Sultan again called the doctor to check on them. The doctor

examined that plastic particles from human wastes dumped into the oceans were stuck in various parts of the baby fish's bodies. The Sultan became very angry and he ordered his ministers to push back all the human waste dumped in the ocean back to the shores. One fine afternoon the Prince of the fish kingdom was wondering why there was no human activities seen since past few months and out of curiosity he visited the shoreline, but there too no humans were to be seen. He found some used masks and gloves at the shoreline and started playing with them. While returning he started to cough continuously and got fever and also felt difficulty breathing so he decided to visit the doctor Dr Shelly. The doctor checked the prince, however the doctor too got infected after coming in contact with the prince.

Here Doctor needs Doctor! Don't you think we are their doctor's.

We are land dwelling species, but we depend more on our oceans than we can imagine. Our carelessness of disposing wastes and letting it into marine will give adverse effects in our near future. Ocean absorbs about 40% of the carbon dioxide produced by humans. So let's join our hands together and not let this COVID-19 pandemic enter into marine life.

## Integrating Art to Education

Integrating Art to education helps to make the entire teaching and learning process joyful and fun. Gone are the days when teachers used to teach in the class using lecture methods. Now using various creative ways have become the need of the hour. We all are surrounded by different types and categories of students and hence teaching them as per their needs and requirements is very important. Teachers cannot apply same teaching methods to all types of students; therefore, integrating art in education certainly helps to cater this need.

**Ms. Dwellina  
Soundararajan**

(Teacher- IV A)

## It's about Time

It's been hard to focus, pay attention, and stay on tasks.  
Was there really a time when we didn't need masks?  
We started the year full of hopes, dreams, and ambitions  
But put them on hold due to COVID transmissions.  
Traffic disappeared, our commutes simply vanished.  
Offices closed, to home we were banished.  
Students got a choice: study remotely from home  
Or in person, or from Florida, Dorchester, or Rome.  
Faculty adjusted, learning new tech on the fly.  
Teaching is hard when you can't look students in the eye.  
It was a nerve-wracking time, in classrooms and out.  
But the semester continued, even amidst some doubt.  
Testing was a thing. It involved a nose swab.  
Who knew in 2020 that would be a new job?

Lab staff performed half a million COVID tests.  
Kudos to those workers: you really are the best.  
As the year wound down, hope arose with a vaccine.  
But it's not time to relax, let's go n get our Vaccine.  
As we look for a fresh start with the New Year,  
Here's hoping we can kick things into high gear.  
Unforgettable it all was, for reasons a plenty,  
But we have no problem saying, "Good riddance, 2020!"  
Here's to a tomorrow that's minus the sadness,  
And brimming instead with joy and with gladness.  
To seeing Terriers on campus, clad in white and red.  
Bring on 2021! It's time to look ahead.

**Mrs. Chetana Nayak**

(Teacher- Jr.kg A)

### **Adversity teaches important life lessons**

Ships are safe in the harbor, but that is not what ships are meant for. They are meant to explore, discover and engage with the sea. The seas are not always calm and shore not visible, yet ship sails to reach the shore. Same is with our lives. Life experiences are not always sweet. We are not always in comfortable zones with all pleasant happenings, things happening the way we want them. In our life, we have many ups and down. Today every individual, be it a young child or an adult or a golden ager, rich or poor is fighting this pandemic battle.

But history shows that adversity does prove to be a great teacher and it brings out the best in the human being. Adverse situations give us struggles initially but gradually we learn to settle with them. In this pandemic, our new norm is wearing masks, washing our hands frequently, working from home and working for home.

**Mrs. Prachi Shukla**

(Teacher- Sr.Kg A)

### **Child labour**

The problem of child labour is quite rampant in all parts of India. Inspire of the enforcement of many anti - child labour laws, the problem still exists. The adverse effects of this problem affect the growth, development, and progress of our nation.

We say that children are the future of the nation. If it is true, I would say we are callous about the future of the country. We use them as cheap labour everywhere. They are seen working not only in restaurants and shops but even in hazardous industries. They can be seen as being used as bonded labour. Much is said and written about these children but there is little which is actually done for them. There is strong need for banning child labour completely. To make it a success, the parents below poverty - line should be given the incentive to send their children to school.

**Mrs. Anita Prasla**

(Teacher- Sr.Kg B)

### **Health is Wealth**

Good health allows one to relish and savor all the pleasures in life, without any complication. Even all the riches are less precious when compared to sound health. Having all the luxuries in the world does not fulfill its purpose when one is continuously ill, depressed or suffering from a major health complication. Only a bed-ridden person knows the significance or value of being able to walk and go anywhere. Similarly, only a blind knows the importance of having eyesight.

Good health is the secret of a happy man. Staying healthy for children is vital for proper growth and development of mind and body as they need to focus in class and fully participate in, field-activities. Good health is a cumulative

product of many factors. Though birth and illnesses are God-given, the onus of our health, once we arrive into the world safe and sound, depends on us. Fresh air, sunlight, safe drinking water are very important elements for good health

## Lessons learnt from 2020

### 1. Admire the Little Things:-

It could be the little flower outside your window; parrots sitting on the electrical wires, 2020 were the year to admire these little things. They made us happy and feel fuzzy and we loved it!

### 2. Count Your Blessings:-

Counting our blessings and trying to help others in any way we can is what 2020 was and 2021 will be all about.

### 3. Your House Can Be Your Oyster

We all turned our homes into makeshift gyms, Yoga rooms, art studios, gourmet kitchens and more. Our homes adapted to our needs and it was amazing.

### 4. Always Expect the Unexpected:-

This is 2020 summed up in one sentence. 2020 has been an eye - opening year. We're surely going to be carrying these lessons into 2021.

**Mrs. Shweta Jha**

(Teacher - V A)

## Children Are Fragile, Handle Them With Care...

Students form an important proportion of any country's population. The period of life that an individual spends in a school is very valuable in his/her life. This is the most impressionable period in a student's life when his/her character is formed. The aim of every educational institution is to mold children into good students and responsible citizens of society.

In my view children are the most precious gift in our life. We should handle them with love and affection. If we approach them lovingly they would listen and do as they are told to do. First we should have patience and devote time to listen to them when they are speaking.

A child is an uncut diamond. We the elders have responsibility to chisel out the unwanted matter in a child and bring out the hidden diamond. This requires patience, sensitivity and utmost care on the part of the elders, each child has to be dealt individually.

Discipline is also important part in student's life. The school teachers and the family play a very important role in molding the character of a child. Moral science class teachers give direction towards basic traits in a student's good, honest life. Every day the teacher should spend at least 15 minutes with the students and indulge in activities like story telling about great and renowned people and incidents which have moral in it using examples and illustration.

If these methods are followed by teachers, I can safely say "Love is the best way to handle them."

**Mrs. Arifa Tahsildar**

(Secondary Subject  
Teacher- Science 1)

## **Vaccines and Immunization**

### **What is vaccination?**

Vaccination is a simple, safe, and effective way of protecting people against harmful diseases, before they come into contact with them.

Most vaccines are given by an injection, but some are given orally (by mouth) or sprayed into the nose.

How does a vaccine work?

Vaccines reduce risks of getting a disease by working with your body's natural defenses to build protection. When you get a vaccine, your immune system responds. It:

- Recognizes the invading germ, such as the virus or bacteria.
- Produces antibodies. Antibodies are proteins produced naturally by the immune system to fight disease.
- Remembers the disease and how to fight it. If you are then exposed to the germ in the future, your immune system can quickly destroy it before you become unwell.

Our immune systems are designed to remember. Once exposed to one or more doses of a vaccine, we typically remain protected against a disease for years, decades or even a lifetime. This is what makes vaccines so effective. Rather than treating a disease after it occurs, vaccines prevent us in the first instance from getting sick.

### **What is in a vaccine?**

All the ingredients of a vaccine play an important role in ensuring a vaccine is safe and effective. Some of these include:

- The antigen. This is a killed or weakened form of a virus or bacteria, which trains our bodies to recognize and fight the disease if we encounter it in the future.
- Adjuvants, which help to boost our immune response. This means they help vaccines to work better.
- Preservatives, which ensure a vaccine stays effective.
- Stabilizers, which protect the vaccine during storage and transportation.

All of the ingredients in vaccines – as well as the vaccines themselves - are thoroughly tested and monitored to ensure they are safe.

### **Are there side effects from vaccines?**

Like any medicine, vaccines can cause mild side effects, such as a low-grade fever, or pain or redness at the injection site. Mild reactions go away within a few days on their own.

Severe or long-lasting side effects are extremely rare.

When we get vaccinated, we aren't just protecting ourselves, but also those around us. Some people like those who are seriously ill, are advised not to get certain vaccines – so they depend on the rest of us to get vaccinated and help reduce the spread of disease.

## Don't wait for Perfection, Start Now!

When we have dreams, we have a passion. When we have a passion, we want to do it with perfection. We want to achieve best as soon as possible. But things take time. It gets better with the time, but the key is to start as soon as possible. What happens is that we have an idea, which we think can change our life instantly. But we don't work on it until we have favorable situations. We have heard this statement, "OH I also had the same idea, but could not start.

Initially, once an idea enters into our mind, it takes a lot of time. We don't have sufficient information initially. We have some doubt in our mind and the worst of all is that we want to start it perfect. This feeling of "I will do it perfect" often stops us before we start. Think for a while, how much time we waste before making the first move towards our goal.

## How to handle the thought of being perfect?

Look for perfection. That is fine. Try to do things as good as possible. That is all right. But don't stop doing it because you cannot do it perfectly. Take a step and keep learning. You will get better while doing it.

Friends, strive for continuous improvement, instead of perfection.

"Perfection is not attainable, but if we chase perfection we can catch excellence." ~ Vince Lombardi

It is all right if it was not perfect. Keep Learning. It is wise to accept that we cannot excel at everything. Keep doing it as long as you like it. Keep moving and Keep enjoying, and slowly you will attain perfection.

**Mrs. Kavita Tawde**

(Teacher- X A)

## Stress Management

KGES Stress is a natural feeling of not being able to cope with specific demands and events. However, stress can become a chronic condition if a person does not take steps to manage it. When humans face a challenge or threat, they have a partly physical response. The body activates resources that help people either stay and confront the challenge or get to safety as fast as possible. People may find that the following lifestyle measures can help them manage or prevent stress-induced feelings of being overwhelmed.

- **Exercise:** Studies found that exercise can reduce memory impairment.
- Reducing the intake of alcohol, drugs, and caffeine: These substances will not help prevent stress, and they can make it worse.
- **Nutrition:** A healthful, balanced diet containing plenty of fruit and vegetables can help maintain the immune system at times of stress. A poor diet can lead to ill health and additional stress.
- **Priority management:** It may help to spend a little time organizing a daily to do list and focusing on urgent or time sensitive tasks. People can then focus on what they have completed or accomplished for the day, rather than on the tasks they have yet to complete.
- **Time:** People should set aside some time to organize their schedules, relax, and pursue their own interests.
- **Breathing and relaxation:** Meditation, massage, and yoga can help. Breathing and relaxation

techniques can slow down the heart rate and promote relaxation. Deep breathing is also a central part of mindfulness meditation.

- **Talking:** Sharing feelings and concerns with family, friends, and work colleagues may help a person “let off steam” and reduce feelings of isolation. Other people may be able to suggest unexpected, workable solutions to the stressor.
- **Acknowledging the signs:** A person can be so anxious about the problem causing the stress that they do not notice the effects on their body. It is important to be mindful of any changes.

**Ms. Sumana Mitra**

(Teacher- X B)

### **Keep Active and Eat Healthy to Improve Well-being and Feel Great**

Eating foods that are good for you and staying physically active may help you reach and maintain a healthy weight and improve how you feel. You also may find that moving more and eating better could help you keep up with the demands of your busy life and be there for the people who depend on you. Move More, Eat Better. The program encourages black women to improve their health through regular physical activity and healthy eating. You may use this information to help yourself, friends, and family members get healthier. It's never too early or too late to start making small changes to improve your health.

#### **Why should I move more and eat better?**

Improving your health isn't the only reason to move more and eat better. You may also

- Have more energy for work, play, and family
- Feel better about yourself
- Manage stress better
- Set a good example for your children, friends, and other family members.

Most people don't need to see a health care professional before starting a less intense physical activity, like walking. However, if you have chronic conditions, such as diabetes—or symptoms of chronic conditions—talk with a health professional about the type and amount of physical activity that's best for you.

#### **How much physical activity do I need?**

To maintain or improve your health, aim for 150 minutes per week—or at least 30 minutes on all or most days of the week—of moderate physical activity. Moderate activities are ones that you can talk—but not sing—while doing, such as brisk walking or dancing. These activities speed up your heart rate and breathing.

For best results, spread out your physical activity throughout the week. Even 10 or 15 minutes at a time counts. And any amount of physical activity is better than none at all.

#### **“I don't have time.”**

How can I eat healthier?

An example of a healthy meal includes vegetables, fruits, and small portions of protein and whole grains. These foods provide fiber and important nutrients such as vitamins and minerals. When planning meals for you and your family, think about including

- a salad or other different-colored vegetables, such as spinach; sweet potatoes; and red, green, orange, or yellow peppers
- fat-free or low-fat milk and milk products, or nondairy products such as almond or rice milk

# TEACHERS ARTICLE

- different-colored fruits, including apples, bananas, and grapes
- lean beef, pork, or other protein foods, such as chicken, seafood, eggs, tofu, or beans
- whole grains such as brown rice, oatmeal, whole-wheat bread, and whole-grain cornmeal

Treats are okay if you have them once in a while. Just don't eat foods such as candy, ice cream, or cookies every day. Limit sweet treats to special occasions, and keep portions small. Have one cookie or piece of candy, rather than trying every kind.

Remember that alcohol, juices, soda, and other sweet drinks have a lot of sugar and calories.

Set specific goals and move at your own pace to reach them. For example, instead of "I'll be more active," set a goal such as "I'll take a walk after lunch at least 2 days a week." Ask your family, friends, and coworkers to help you. They can join you, cheer you on, help you get back on track after a setback, and be there to celebrate your successes!

No matter what, keep trying. You can do it!

**Mrs. Niharika  
Chaturvedi**

(Teacher- IX B)

## Laugh Yourself Smarter

It is true: Laughter is strong medicine. It triggers healthy physical & emotional changes, boosts mood, diminishes pain, protects you from the damaging effects of stress and even adds years to your life. Nothing works faster or more dependably to bring your mind & body back into balance than a good laugh. It makes us feel good. And this positive feeling remains long after the chuckles subside. With our minds buried in seriousness and job list, grown-ups would do well to seek out humour as we did as children. Best of all, this priceless medicine is fun, free and easy to use. It is contagious too – the kind that needs spreading in these times.

### स्त्री जन्मा ही तुझी कहाणी

एक काळ असा होता की मुलीच्या जन्माची बातमी समजताच घरात रडारड सुरू व्हायची. मुलीचे तोंड बघायला ही कोणी तयार व्हायचे नाही. एका प्रकारे तिला दुर्लक्षित करायचे. तिला शिकवायला, तिच्यासाठी खर्च करतानाही मागे पुढे पाहिले जायचे. आवश्यक तेवढे तिच्यासाठी करून तिला लवकरच उजवून टाकले जायचे. परंतु आज काळ बदलला आहे. घरात पहिल्या मुलीच्या पाठोपाठ दुसरीही मुलगी जन्माला आली तरीही कोणी नाराज होत नाही. मुलगा काय अन मुलगी काय, दोन्ही सारखेच असे मानले जाते. मुलीच्या शिक्षणावर भरमसाठ खर्च केला जातो. तिच्यावर कोणत्याही बाबतीत जबरदस्ती किंवा सक्ती केली जात नाही. आजची मुलगी सगळ्या क्षेत्रात प्रगती करत आहे. लग्न होऊन ती एक चांगली पत्नी, माता म्हणून भूमिका निभावते. स्त्री बदल असे म्हटले जाते की स्त्री ही क्षणकालाची पत्नी तर अनंत कालाची माता आहे. परंतु मी तर म्हणेन स्त्री ही पत्नी तर आहेच, पण त्याबरोबर आई, मुलांची मैजिण, भाऊ, बहीण, सर्व काही आहे. आजचे कुटुंब हे त्रिकोणी किंवा चौकोनी असते. कधी कधी दोन्ही भाऊ किंवा बहिणी असतात. अशा वेळी त्यांना ज्याची उणीव आहे, अशा बहिणीची किंवा भावाची भूमिकाही तिला पार पाडावी लागते. घर, नोकरी सगळे सांभाळून मुलांची मने जपण्याचे, त्यांच्यावर संस्कार करण्याचे अवघड काम ती पार पाडीत असते. परंतु पतीची साथ असेल, तर तिचे हे अवघड काम सुलभ होते. काळाप्रमाणे पुरुषही बदलत आहे. आपल्या पत्नीला संसाराचा रथ हाकण्यास हातभार लावत आहे. आजची स्त्री ही नोकरी करणारी आहे. त्यामुळे पतीचे सहकार्य हे त्यांचे कौटुंबिक जीवन सुखमय करण्यास कारणीभूत ठरू शकेल. तात्पर्य संसार सुखमय करण्यासाठी पुरुषांनी समजूतदारपणा दाखवणे आवश्यक आहे.

### सर्वात उत्तम व सर्वात वाईट वस्तू

ग्रीस देशातील एका धनी विद्वानकडे एक स्वयंपाकी होता. एकदम त्याला विद्वानकडे खूप पाहुणार आले. धनी म्हणाला, "इसाप, या पाहुण्यांना तुझ्या दृष्टीने सर्वात उत्तम वस्तू आणून त्याचा छान पदार्थ कर आणि पाहुण्यांना खायला दे." इसापने खटाकाकडून बोकडाच्या जिभांचे तुकडे आणून त्याचा छान पदार्थ खायला घातला. सर्वांनी मोठ्या आवडीने खाल्ला. दुसऱ्या दिवशी धनी म्हणाला, "इसाप, हे पाहुणे इथे बरेच दिवस ठाण मांडून राहणार असे दिसते. तूझ्या दृष्टीने जी वाईट वस्तू असेल ती आणून तिचा पदार्थ करून तू पाहुण्यांना घाल.

इसापने पुन्हा जिभांचाच पदार्थ करून पाहुण्यांना खायला घातला. ते पाहून त्या विद्वानाने विचारले, "काय रे इसाप, सर्वात उत्तम वस्तू म्हणून जिभाच आणल्यास?" यावर इसापाने उत्तर दिले, "धनी, जीभ ही जेवढी चांगली, तेवढीच वाईट आहे. विद्या, तत्वज्ञान, धर्म यांसारख्या उत्तम गोष्टींचा ती ज्याप्रमाणे प्रचार प्रसार करते त्याप्रमाणे बंड, मारामान्या, खून, लबाड्या, अन्याय यांना तिचं चिथवते. जिभेचा वापर आपण कसा करतो, यावर तिचे चांगलेपण व वाईटपण अवलंबून असते.

### विद्यार्थी जीवन में अनुशासन का महत्व

विद्यार्थी जीवन मानव जीवन का ' \*स्वर्ण काल\*' माना जाता है। इस जीवन में अनेक प्रकार के कष्ट होते हैं तथा पग पग पर विद्यार्थी की अग्नि परीक्षा भी होती है। आज का विद्यार्थी कुछ संभ्रमित हो रहा है, जिससे उसका भविष्य नष्ट हो रहा है। ऐसी स्थिति में अनुशासन द्वारा ही सही दिशा मिल सकती है।

विद्यार्थी जीवन एक अबोध बालक के समान होता है, वह अनेक प्रकार की कुरीतियों का भी शिकार हो सकता है। अनुशासनहीनता के कारण छात्र दिग्भ्रमित हो जाता है और जीवन भर दुखी रहता है। इसके विपरीत अनुशासित छात्र जीवन भर सुख, समृद्धि, सम्मान प्राप्त करता है।

आज कोविड 19 के लॉकडाउन के तह हमें काफी मुश्किलों का सामना करना पड़ रहा है। उसमें सर्वप्रथम है बच्चों की शिक्षा। ऑनलाइन यानी दूरस्थ शिक्षा ने लॉकडाउन में चल रही इस मुश्किल को आसान कर दिया है।

लेकिन स्कूल में छात्र हमेशा अनुशासन का पालन करते हैं और एक निर्धारित समय अपना कक्षा कार्य और गृह कार्य पूरा करते हैं। लेकिन ऑनलाइन शिक्षा में निश्चित अनुशासन का पालन नहीं किया जा रहा है।

सुनिलम मौर्या

### हिन्दी भाषा

प्रकृति की पहली ध्वनी ॐ है  
मेरी हिन्दी भाषा भी, इसी ॐ की देन है।  
देवनागरी लिपि है इसकी, देवों के कलम से उपजी  
बांगला, गुजराती, भोजपुरी, डोगरी, पंजाबी और कई  
हिन्दी ही हैं इन सब की जननी।

प्रकृति की हर इक चीज़ अपने में संपूर्ण है  
मेरी हिन्दी भाषा भी अपने में संपूर्ण है।

जो बोलते हैं वही लिखते हैं,  
मन के भाव सही उभरते हैं।

हिन्दी भाषा ही तुम्हें, प्रकृति के समीप ले जाएगी,  
मन की शुद्धि तन की शुद्धि सहायक यह बन जायेगा।

कुछ हवा चली है ऐसी यहाँ  
कहते हैं इस मातृभाषा को बदल डालो।

बदल सको क्या तुम अपनी माता को?  
मातृभाषा का क्यों बदलाव करो।

देवों की भाषा का क्यों तुम तिरस्कार करो।

बदल सको तो तुम अपनी सोच को बदल डालो

हर इक भाषा का तुम दिल से सम्मान करो

हिन्दी की जड़ों पर आओ हम गर्व करें

हिन्दी भाषा पर आओ हम गर्व करें।

### संघर्ष

जीवन के अथाह सागर में, सबको भाव से तरना होगा,  
"संकल्प सूत्र" को ध्यान में रखकर, सबको बाधा से लड़ना होगा।  
संघर्ष नाम है जीवन का, जीवन हर पल इससे खिलता है,  
जो भी असाध्य कुछ जीवन में, सब कुछ इससे मिलता है।

हे भावी कर्णधार बच्चों, संघर्ष से आगे बढ़ जाओ,  
अपने ही हाथों खुद भविष्य, नूतन विचार से चमकाओ।  
तुम सब भारत के कर्जदार हो, अपना फर्ज निभाओगे।।  
जग में रहकर के सत कर्मों से, अपना नाम कमाओगे।

संघर्षों के पथ पर जो गिरते, उठते, बढ़ते जाते हैं,  
मनचाही मंजिल भी वे अपने ही दम पर पाते हैं।।  
बन जाते हैं वह मिसाल, दुनिया में पूजे जाते हैं।  
असाध्य लक्ष्य को वे संघर्षों से ही पाते हैं।।

हे बच्चों ! कुछ तो कर जाओ, मन में संकल्प जगाओ,  
कर लो बुद्धि का साथ अभी, संघर्ष राह अपनाओ जब,  
दिन-रात खूब, मेहनत करके सर्वोच्च शिखर तक जाओ अब।।

### आठवणीतले दिवस

हरवलेले हे दिवस येतील का पुन्हा,  
जगलो आज आणि उद्या हाच दिवस जुना!!  
नशिबानेच एकदा पुन्हा कुठेतरी भेटू,  
आठवणीला एकदा एकत्र मिळून वेचु!!  
पण तेव्हा सर्व काही बदललेले असेल,  
कोणतरी बोलावतय म्हणून भेट लवकर सुटेल!!  
लांबपर्यंत चाळणाऱ्या गप्पा-गोष्टी राहणार नाही,  
आठवणींचा हा झरा मग त्या दिशेने वाहणार नाही!!  
आज सोबत आहोत वाटेल तसं जगुन घ्या,  
जीवनभर पुरतील अशा आठवणी जपून घ्या!!!
